

# THE SUMMER NEBRASKAN

VOLUME XXI. NO. 174.

LINCOLN, NEBRASKA, SATURDAY, JULY 15, 1922.

PRICE FIVE CENTS.

## Registration for the Second Term is Over Thousand

### MANY RECEIVE CERTIFICATES

Seven awarded master of arts degrees and one master of science certificate. Seventeen receive bachelor of arts and three each bachelor of science and bachelor of fine arts. Eleven university teachers certificates and nine junior degrees awarded.

Sixty-two candidates for degrees were recommended by the University of Nebraska faculty at the end of the first session of the summer school, according to an announcement Friday from the office of the registrar. The degrees will be conferred at the next meeting of the board of regents following the return of Chancellor Samuel Avery from the north.

Seven master of arts degrees and one master of science degree were awarded at the mid-summer. The College of Agriculture awarded three certificates. The College of Arts and Sciences awarded twenty-four degrees, seventeen bachelor of arts degrees, three each of bachelor of science and bachelor of fine arts and one certificate of physical education. The Teachers college presented two certificates of bachelor of science in education. Eleven university teachers certificates and nine junior certificates have been awarded. The College of Business Administration awarded two degrees as did also the college of Business Administration engineering presented one degree.

The candidates for degrees follow:

#### Graduate College

##### Master of Arts

Milian Lauritz Andreason, A. B. 1920, History.

Gerald John Leuck, A. B. 1921, Chemistry.

##### College of Agriculture

Bachelor of Science in Home Economics

Meris Davidson Byers, Louise Sussanna Kees.

Bachelor of Science in Agriculture  
(Continued on page 4)

DEAN PHILO M. BUCK

of the Arts and Science college will leave Wednesday of next week on an exchange professorship with Professor S. L. Joshi of the College of Bombal. He will go first to Shanghai and from there will go to a number of universities in India. He plans to return to Nebraska early in the spring.

### "BILL" DAY RESIGNS AS Y. M. SECRETARY

Paul McCaffree to Assume Charge of University Branch Starting September 1

"Bill" Day, for the last year secretary of the university Y. M. C. A., has resigned that position effective September 1. He will be succeeded to the position of secretary by Paul McCaffree.

Day is assistant coach of football at the university. He had much to do with developing the championship gridiron eleven of last year. He is a former captain of the 1920 football team. He was a member of the Innocents and of the class of 1921. He has charge of the coaches' training classes in the summer school.

McCaffree, who succeeds Day as secretary, is a graduate of Southwestern College in Kansas. He was graduated from that school in June of 1921. For the last year he has been doing Hi Y work for the state Y. M. C. A. committee. He will assume the reins of the university Y. M. C. A. with the commencement of school.

Leonard Cowley, '22, is now night editor of the Fort Collins (Colo.) Courier. Cowley was well known in university circles. He was a member of the Innocents and was editor in chief of the last year's Awgwan. He is a member of the Silver Lynx.

The class in Field Geography 77s, one hour credit, will recite on Saturday morning at 8 o'clock, rather than in the afternoon as stated in the schedule of classes. The classes will meet at 1 o'clock this afternoon, but every other Saturday will meet at 8 a. m.

### What's In a Name? They Have Meanings

When a new baby is born the first thing mother and father do is to find a name for it. But in finding this name how many mothers and fathers know what meaning the name they give their child has?

Curious meanings are attached to all names. Professor James T. Lees of the ancient language department has complete data on the meanings which belong to various names. A few meanings which go with common titles were given to the Summer Nebraskan recently.

The next time you meet your friend "Bernice", go up to her and call her by the name "Bringing Victory". She will look at you dumbfounded probably, and think you have become seriously ill. But that is the meaning of the name "Bernice".

Now go down the street a little way until you meet Eunice. Call her "Fair Victory". And but a little farther you meet Irene, who goes by the title of "Peace".

Jerome is a "Sacred Name", Dora stands for a "Gift", Peter is a "Rock", Phillip means "Loving (His) Horse", Theodore is "God's Gift".

And so it runs. Every name has a distinct meaning all its own, but few people know what their name really means.

### TWILIGHT LEAGUE STARTS MONDAY

Football Class to Meet Track Men— Summer Nebraskan Clashes With Basketball

The first games of the Twilight League for the second session will be played Monday night, according to an announcement by "Bill" Day, who will have charge of the league the next session. The Football class will meet the track men and the Summer Nebraskan will clash with the Basketball team in the first round of play.

The Baseball class, winners of the first term play, has been dissolved and the players from that team may link up with other teams.

The Summer Nebraskan team, which landed in last place in the first term race is open for new players and any students of the summer session who wish to play should report to room 206 U-hall Monday afternoon before 3 o'clock.

Dean Ferguson, of the College of Engineering will leave soon for Duluth and Tower, Minn., where he plans to put up a cottage on his lot in Minnesota. The dean expects to build the cottage in time to occupy it for a part of the summer, in which case his family will help him occupy it. While the cottage is under construction, Dean Ferguson and family will stay with relatives in Duluth.

### NEW ATTENDANCE RECORD IS SET

Enrollment for final six weeks nearly doubles that for same period in 1921—Total summer attendance for both terms will go well above 3,000 Official count not yet made. Many first sessioners stay over for the final six weeks term.

Another record for summer school attendance has been established at the University of Nebraska. It will probably be a number of summers before attendance figures will top the 1922 mark.

The enrollment for the second session of the 1922 summer school has gone over the 1,000 mark according to an announcement made from Professor A. A. Reed's office Friday afternoon. The official count on the second term attendance has not yet been made, but all indications point to a doubling of the mark of a little more than 500 which was established in the second term of the 1921 summer school.

Total registration until Wednesday evening, the last day of the general enrollment, was 814, according to Professor Reed, director of the summer school. Late registrants and uncounted enrollments will send the official count a couple of hundred above that and establish an entirely new record for future summer sessions to shoot at.

Registration for both sessions of the 1922 summer school will reach far above 3000 and may establish a record double that of the 1921 sessions. The total registration for both terms last year was less than 1,600 and indications so far point to a total for this year that will very nearly if not equal twice of that mark.

Many students of the first session are staying over for the second term. A large number of new students have also entered and these, together, are bringing the high totals.

Not much confusion from over enrollment is being felt this term. In the first session of the summer school, instructors found themselves facing classes much larger than they had dared hope for. The second session has found the numbers dwindled down to allow proper sized classes to exist.

The official count of the registration will not be made for a number of days yet. Late registrants are making the work of tallying up the enrollment difficult and it will be late next week before the official count will be completed.

Subscribe to the Summer Nebraskan for the second session 25 cents

Come to the Reception at Ellen Smith Hall Next Friday Evening July 21
