THE SUMMER NEBRASKAN

VOLUME XXI. NO. 177.

LINCOLN, NEBRASKA, SATURDAY, JULY 22, 1922.

PRICE FIVE CENTS.

LETTERS MAILED TO IRON SPHINX

Plans For Freshman Welcome Week Explained—Expect to Detail Plans Soon

Letters explaining the plan for the freshman welcome week which may be held early in the school year by Iron Sphinx, sophomore men's society, were mailed yesterday to fifty-two members of the society.

The letters asked that each man reply as soon as possible so that some of the preliminary work may be cleared away. A copy of the Summer Nebraskan of Thursday, in which the story was printed telling of the plan, was inclosed in each letter.

Several members of the Innocents have expressed themselves as highly favoring the plan. It is expected that they will cooperate with the Iron Sphinx in attempting to put the plan across.

Help from the last year members of Green Goblin, freshman men's society may be solicited. Vikings, junior men's society, may also lend a hand to help make the week a rousing success. It is not probable that the new Green Gobblins will be organized in time to help out.

Fraternalities are expected to do much toward helping out with the welcome week. It has been suggested that fraternalities might hold open houses between themselves on different nights of the week and so help the men to generally get acquainted.

Replies to the letters sent to Iron Sphinx should commence coming in early next week. Not until then will it be possible for any definite plans to be made. It is not expected that any opposition to the plan will be found among the members.

MISS PYRTLE TO OPPOSE MATZEN

University Alumnus to Make Run for Office of State Superintendent

Miss E. Ruth Pyrtle, 64, of Lincoln, will oppose John M. Matzen, present state superintendent, for election to that office for the coming term in the coming campaign. Matzen and Miss Pyrtle received the highest votes in the primary on Tuesday and will make the race for final honors. They run on the non-political ballot.

A field of six candidates sought the office of state superintendent. A hot campaign has been waged for weeks by all of the aspirants.

Miss Pyrtle is well known in Lincoln and state school circles. She is one of the most well known members of the Lincoln public school staff.

Mr. Matzen was appointed to the state office to succeed the late W. H. Clemmons, three years ago. In 1920 he was elected for a two-year term.

Matzen is not listed as a University of Nebraska alumnus at the Alumni Association offices.

HUGHES GETS BLACK EYE IN BALL GAME

H. D. Hughes, right fielder for the Football class baseball team, received a black eye when batting in the fifth inning of the Summer Nebraskan-Football class game Thursday evening. Hughes attempted to bunt. The ball fouled, striking him in the right eye. After a short recess, Hughes continued to bat. He was struck out by Hall. Hughes had formerly gotten a hit and made the only run for the Football class. He had the eye dressed at the Lincoln sanitarium.

ROUSING RECEPTION HELD FRIDAY NIGHT

Students and Faculty Hold General Get Together at Ellen Smith Hall

Students and faculty members of the University of Nebraska engaged in a royal good time at Ellen Smith hall Friday night. A large number of students and faculty members attended the reception.

The reception Friday evening was held for all persons connected with the summer school. It was sponsored by A. A. Reed, director of the summer school.

Games of all kinds helped to make the evening interesting for those who attended. Good music was had throughout the evening. Then came the refreshments.

The end of the party came all too soon. It was with regret that it broke up.

EX-PRESIDENT OF ALUMNI NOMINATED

Robert G. Simmons, '15, to Make Race for Congress in the Sixth District

Robert G. Simmons, '15, of Scottsbluff, who retired July 1 as president of the University of Nebraska Alumni Association, will make the race for congress from the Sixth Nebraska District. He will oppose Charles W. Real, '09, of Broken Bow, fusion candidate on the democratic and progressive tickets. Simmons is a republican. He is now a member of the executive committee of the Alumni Association.

Simmons was supported in the race for the nomination by ex-service men. He was formerly state commander of the American Legion and is well known throughout the state.

Simmons was in the aviation service during the war. He became a captain and because of his legal training was made judge advocate at Fort Omaha.

He is thirty-three years old.

DELIAN PICNIC TO BE HELD THIS AFTERNOON

The Delian Literary society will hold a picnic at Antelope park this afternoon at 6:30. Meet at the west entrance to the park. Delians may bring their friends. A pot-luck supper will be served.

The picnic was originally scheduled and announced for last Saturday afternoon, but was postponed one week on account of the funeral of Mr. Hall.

NEBRASKAN WINS IN TIGHT CONTEST

Football Class Loses Closely Contested Battle by a Three to One Score

Twilight team standings:
Pedagogues 1 1 0 1.000
Summer Nebraskan..... 1 1 0 1.000
Football class 1 0 1 .000
Basketball class 1 0 1 .000

In the tightest contest of the summer, the Summer Nebraskan baseball team took the measure of the Football class by a 3 to 1 score. A pitcher battle from start to finish, "Chuck" Hall of the Nebraskan squad maintained a slightly upper hand.

But two hits by each team were registered during the game. Three fielding errors by the Football class had much to do with their defeat.

In the first inning, Daugherty, first man up, got to first. Meents and Mitchell, who followed him, died at first. Daugherty took second on Meents' out but in taking third on the put out of Mitchell was tagged at the sack.

The Nebraskan team got both of its hits the first inning. Lewton made a nice single. Goddard fanned out. DeWitz made another single scoring Lewton who had stolen second. Flynn and Campbell died at first.

Brandt reached first in the first half of the second. Stritzman was called at first. Kiner got a base when hit by a pitched ball. Davis and Mackey were out at first.

Garnick and Hall each drew walks in the last of the second. A near triple play resulted. Leef flyed to Mitchell, first sacker, who tagged the base to put out Hall and nearly caught Garnick off second. Adamson was out at first.

Hughes drew a hit in the third. He stole second and third while Daugherty was being struck out. Meents was out at first. Hughes scored on a hit by Mitchell. Mitchell stole second and was out on another attempted steal to third.

Meents fanned three men in the third inning. Lewton and Goddard both fanned. DeWitz cracked out a hot liner which Stritzman at short failed to get. A wild throw to third enabled him to circle the bases for the second Nebraskan run of the game.

WEBER ELIMINATED FROM REGENT RACE

Landis and Edgerton to Battle in the Fourth and Warner and Perkins in Third

Dr. E. O. Weber, of Wahoo, was the only candidate eliminated from the race for university regent at the primary election held Tuesday. Weber came out third best in the three cornered contest between himself, Harry D. Landis, of Seward, present regent and Frank E. Edgerton, of Aurora.

In the third district there were but two candidates and both will enter the regular contest in November. They are W. P. Warner, of Dakota City and Frank Perkins of Fremont.

Three of the candidates are alumni of the University of Nebraska. Landis and Edgerton are members of the class of 1900, and Perkins of the class of 1915. Warner is not listed among the alumni in the files of the association.

Landis is now president of the board of regents and is a candidate for re-election. Edgerton is an attorney at Aurora.

One regent from each of the two districts will be chosen in November. Four of the present regents hold over. They are D. W. Judson and John R. Webster, of Omaha; George M. Seymour of Elgin and W. L. Bates of Kimball. Besides President Landis, the term of Dr. P. L. Hall of Lincoln, expires this year.

DEAN BUCK STARTS ON TRIP TO INDIA

Leaves Friday for Seattle, Washington, From Where He Will Sail for Asia

Dean Philo M. Buck, of the Arts and Science college, left Friday afternoon on the first lap of his long trip to India. He goes from Lincoln to Seattle, Washington, from where he will sail next Wednesday for Tokio. He is accompanied on the trip by his wife.

From Tokio, Dean Buck will go to China and on to Bombay, India, where he will engage in an exchange professorship with Professor S. L. Joshi, of the College of Baroda.

Following a series of lectures at the University of Bombay and other schools in India, Dean Buck will go to Rome, then into Germany and to London, from where he expects to sail early in the spring for the United States. He expects to be back at the University of Nebraska early in the second semester.

The trip to India is long and tedious. Dean Buck will not arrive at his destination until about the middle of September, after having spent nearly two months on the trip.

Professor Joshi will be at the University of Nebraska a short time early in August. He will then have headquarters here, but will lecture at a number of universities throughout the country.
