

THE SUMMER NEBRASKAN

VOLUME XXI. NO. 180.

LINCOLN, NEBRASKA, SATURDAY, JULY 29, 1922.

PRICE FIVE CENTS.

HOLTZ SUGGESTS BARBEQUE LUNCH

Alumni Secretary Believes Sphinx
Should Have Regular
"Roundup"

Harold F. Holtz, secretary of the University of Nebraska Alumni association and an alumni innocent, has written a letter to the members of Iron Sphinx, sophomore men's society, endorsing the plan for a freshman welcome week. Mr. Holtz suggests that the Sphinx hold a barbeque lunch rather than a box lunch.

Absolute support of the Alumni association in the venture is pledged by Mr. Holtz. His letter follows:

"To the Iron Sphinx,

"Gentlemen:

"I have been very much interested in watching the Summer Nebraskan's accounts of your plans for a Freshman Welcome week this fall. Permit me to say that I am heartily in favor of the plan in general but it seems to me that a barbeque lunch would be more appropriate at that time of the year than a box lunch and probably more fitting for the occasion.

"That there is need for some such event as this goes without saying. Every year some organization makes extremely elaborate plans for the entertainment of the freshmen on their arrival but at the last moment the plans usually break down, the entire responsibility falls back onto a few who could not under any condition carry such a load.

"It seems to me a very worthwhile enterprise for your organization and the matter of chief concern now seems to be the actual execution of your plans. You can count on the support of the Alumni Association in your endeavor to properly introduce the University to the incoming men students.

"Yours very truly,

"Harold F. Holtz, Sec'y."

More Sphinx Give O. K.

Several more endorsements of the plan for the freshmen welcome have been received since the first half dozen. Among the Sphinx who have sent in letters of O. K. on the plan are Wendell Berge, now at Lisco, Nebr.; Carl J. Springer, of Fremont, Nebr.; Francis Boucher, of South Sioux City, Nebr.; and Phillip Robinson of Merna, Nebr.

More letters are coming in each day and unless some letters are received soon denouncing the plan, the order for the printing of the tags will be let. The freshman tags will be printed on heavy green paper and the sophomore tags on heavy red paper according to the present plans. They will be distributed at rallies. The sophomore rally will probably be held on Monday, September 18, and the freshman rally on the Tuesday following.

SCHULTE WANTS SPEED ON "MIDSUMMER TALES"

Track Coach Henry F. Schulte, editor of the 1922 "Midsummer Tales of the Cornhuskers," has written a letter to "Bill" Day, Y. M. C. A. secretary and assistant football coach, in which he asks more speed in the work on the big news letter. Schulte does not believe the replies to the letters sent to Cornhusker candidates and alumni "N" men are coming in fast enough. He plans to send the news to press August 1.

NEBRASKAN SHUTS OUT PEDAGOGUES

Goes into First Place in Twilight
League—Football Forfeits to
Basketball

Twilight team standings:
Summer Nebraskan — 3 3 0 — 1.000
Pedagogues — 3 2 1 — .667
Basketball class — 3 1 2 — .333
Football class — 3 0 3 — .000

The Summer Nebraskan baseball team went into the lead in the Twilight League Thursday evening when it handed the Pedagogues the short end of a 3 to 0 victory. Backed by good support and excellent catching by Shainholtz, Hall had little trouble in holding the Pedagogues to a lone hit and keeping a single teacher from crossing the plate.

In the second game, the Basketball class won from the Football class by forfeit.

For three innings the Pedagogues worked hard to overcome a three run lead which the Nebraskan piled up in the second and third innings. Each of the last three frames saw a man on third when the final out was made. In each of the last two innings, neat catches of long flies to left field by Rodwell put the teachers aside.

Brown of the Pedagogues pitched erratic baseball. While walking five men, he struck out seven men during the five innings. Hall of the Nebraskan team walked two and struck out four.

The Nebraskan team started its scoring in the second inning. DeWitz and Garnick each drew walks. DeWitz stole second and third. On a drive to short by Hall, DeWitz scored while Garnick was out at third. Shainholtz and Rodwell were struck out.

Meents, Dowling and Smith each died at first in the last half of the second and the Nebraskan started the third with another spurt. Campbell drew a walk. Garnick, running for Campbell, stole second. Lewton was out on a high fly. Grandall drew a walk. Miles smacked a long drive into left field scoring Garnick and Crandall. On a fly to left by DeWitz, Miles was caught off second for the third out.

That ended the scoring for the Nebraskan. Hall drew a walk in the fourth but was out on an attempted.

CHADDERDON LEAVES UNIVERSITY SOON

Neil T. Chadderdon, agent of student activities for the last three years whose resignation from that position is effective August 1, will leave next Friday for Winner, S. D., to assume a position in a bank, according to an announcement Friday. Chadderdon still has a few matters to clear up before turning the work of the student activities office and athletic office over to J. K. Selleck, who succeeds him.

JACK BEST NOW IN CALIFORNIA

Athletic Department Receives Second
Letter From "Nebraska's Grand
Old Man"

Jack Best, "Nebraska's Grand Old Man," is enjoying himself in fine shape at Pasadena, Calif., says his daughter Mrs. M. R. Denton, who is accompanying Jack on the trip arranged for him by the University "N" club. The second letter received from Jack was written to Herbert Gish at the athletic department.

It was sent from Pasadena as follows:

"Father and the rest arrived safe. He feels just fine.

"In Salt Lake City it was 103 about noon so you see Salt Lake ought to grow fat on the tourists. It's a good place for fat people.

"The blocks there are like two blocks at home. I asked where the city ticket office was and they said four blocks up the street. Frankie and I started out. It was all up hill. We found it without any trouble. It took the fellow an hour to figure the rate out. He said it was the first one he had figured for over a year.

"We were right across the street from the temple. Frankie and I went over to hear the organ. It was beautiful. Frank sat so still. He never moved a muscle, it thrilled him so.

"Father said our organ at home was the best and he didn't care to go with us.

"It's a good thing we don't have to ride camels through the hot places for I don't think Dad would make a good arab, do you?"

"Dusty Pugh took father in the car around the university grounds and up the canyon. Then Mr. Dun took him over the city. While they were riding I took the children to Salt Lake. Father didn't want to go. He was well entertained so I didn't have to worry about him.

"Dusty Pugh took us to the station at 11:30 so we got along fine. Father likes Salt Lake but he loves the places out here. Got some pictures of him sitting on the beach watching the bathers. I don't think his eyes bothered him very much. He's just like a child with a new toy and he likes all the thrills. I am surprised.

"I think I could fill a book with all the things he says."

WALL IN ARMORY BEING REMOVED

Partition Between Chapel and Gymnasium Torn Out—Will Use
For Cage Games

In order to make a floor which will be suitable for varsity basketball games, the partition between the chapel and the armory is being removed. Work on the tearing down of the wall has been started and the floor should be finished before September 1.

Besides making the armory suitable for basketball competition, the removal of the wall will so increase the size of the room that student gatherings can be held there without confusion. In the past there has been no building suitable for the holding of student rallies.

When the partition is torn away and a large supporting beam, similar to those now in the armory, placed there, the playing floor will be moved farther west.

The armory floor, when the partition is removed, will be a regulation basketball court. The grand stands on the sides are to be removed. The two ends will be filled with spectators' seats.

To Have Folding Doors

Doors will be placed between the armory and chapel where the wall is being removed. These doors will be of the folding kind so that they may be removed during games but the regular two rooms maintained in the armory as in the past at other times.

No more games are to be played at the coliseum by the varsity, according to the present plans. The armory floor will be used throughout the year. During the state high school basketball tournament, however, the class A and B games will be played at the coliseum.

Change of the varsity cage floor from the coliseum to the armory is made necessary by the fact that so few students attended games this last year that the expenses of maintaining the large court could not be met. The first year of the coliseum use for games a different story was presented. Dances followed each game. A university ruling now prohibits this and the attendance last winter fell off materially. It is believed that the armory can be so arranged that all spectators can be accommodated.

12 CROSS COUNTRY SWEATERS PURCHASED

Twelve jerseys for the use of the 1922 cross country team have been purchased by the athletic department. The new jerseys arrived this week and are all ready to be distributed among the harriers.

The sweaters are white with a scarlet "Nebraska" across the breast. The sleeves overlap a short way on each shoulder.
