### Football-Nebraskan Tonight

A reorganized Football class baseball team will face the Summer Nebraskan nine, leaders in the Twilight league, tonight in the only game of the league. The Football class gave the Summer Nebraskan a 3 to 2 battle in the first game of the league between the two teams. In its contest with the Pedagogues, it presented a sorry plight, but a very few of its players being on hand. It was forced to forfeit to the Basketball class. Now it has been reorganized with an almost entirely new front and may spring a surprise by taking the Summer Nebraskan down for the latter's first defeat.

What batteries will be presented by the Football class is doubtful. Munger, 1922 Cornhusker varsity pitcher, may bend them over into the gloves of Garnick. For the Summer Nebraskan, "Chuck" Hall, who has hurled the newspaper representatives to three victories or Adamson will mound the mound while Shainholtz will receive the offerings from behind the bat.

Composer of "Always Raining" Publishes Another New Fox Trot Hit

William P. Ackerman, a freshman in the College of Law, whose home is in Havelock, is the composer of the music and words of one of the late popular fox-trots, "Just One Girl." The song is the same as that used in the Kosmet musical comedy last spring for which the song was written by Ackerman. It has been published by Ackerman and is now on sale in Lincoln music stores.

Ackerman was the manager of one of the popular Lincoln orchestras which gave out "Easy Goin' Jazz." He played the piano for the orchestra which was regarded by university students very highly.

## STUDENT PASTOR GOES TO MISSOURI

Dr. Thomas Accepts Position on Faculty of Co-Operation Religious School.

Dr. D. E. Thomas, for the last two years Congregational student pastor at the University of Nebraska, has accepted a position on the faculty of the University of Missouri at Columbia, Mo., as professor in the co-operative school of religion, which has an affiliated relation with the university.

Dr. Thomas will leave for the Missouri school in a few weeks. He will be the official representative of the Congregationalists of the state of Missouri at their state university.

The school of religion was founded by the Disciples of Christ twenty-five years ago. It has been affiliated with the university for three years. During that time the Presbyterians have always had a member on the staff. The Congregational and the Methodist churches are now placing men in the school. Three hundred college students took the credit work in the school last year.

Dr. Thomas, besides being a member of the faculty of the religious school, will be the official Congregational student pastor.

## LOAN FUNDS FOR UNI. STUDENTS

Amounts Upward to \$100 Can Be Borrowed Each Semester by Students

Loans for students attending the University of Nebraska who need to borrow money to continue their education are each year being increased. Several loan funds have been added within the last few years.

Loans will be made only to students in need of assistance and to those only who have been in residence at least one academic year. Juniors and seniors are given preference in the making of loans.

The moral character of the applicants, their habits, industry and their assiduity and success in studentship are determining factors in the granting of loans. The amount loaned to any one student is limited to \$100 per semester, except for extra-ordinary cases. Notes are given for the sum borrowed. They bear 4 per cent interest, payable annually. The notes fall due two years after the student graduates or leaves school.

### Classes Open Funds

The classes of 1898, 1900 and 1901, in celebrating their twentieth anniversaries, raised funds which should be available to needy students. Small loans were made in the school year 1921-22 and will be available next year on application to the committee in charge.

The Women's Self Government Association maintains a loan fund for the women students. Applications are made to the dean of women.

A Greater Omaha Agricultural Student Aid Fund of approximately \$2,000 is available to either agricultural or home economics students. This fund is contributed by the business men of Omaha. Dean Burnett of the College of Agriculture has charge of the fund.

Loan funds of \$1,000 each have been opened by John R. Webster of Omaha, Dr. John Alexander Low Waddell of Kansas City and William Gunn Whitmore of Lincoln. Mr. Webster's donation is available to all students but the other funds are maintained for engineering students. The funds are all in charge of the bursar.

In honor of her husband, who was a graduate of the College of Engineering, Mrs. Ida Carter of New York City has donated the sum of \$500 to be known as the A. E. Carter Loan fund. The sum is available to engineering students only.

Two recent loans funds are the Jeanette C. Nelson Loan and the Dr. J. F. Stevens Student Loan funds. The former is of \$300 and the latter of \$1,173. The Jeanette C. Nelson fund is available to women students who have attended the university for one school year. The Stevens fund is open to all students of all colleges. Both funds are handled by the University Loan Fund committee.
