

CHANGES ARE MADE IN FOOTBALL RULES

"Try-for-Point" is Substituted for Goal-Kick in the 1922 Gridiron Rules.

A new scoring feature, known as the "try-for-point" will take the place of the goal-kick which follows the touchdown, according to the report of the American Intercollegiate Football Rules Committee. Under the "try-for-point" plan, the team scoring a touchdown takes the ball out to any point not within five yards of the goal line, and under scrimmage formation, has one play in which to score by a drop-kick, a place-kick, a run, or forward pass. Other changes made by the committee in the 1922 rules are of a minor nature, and do not materially affect the style of the play itself.

According to many close students of the gridiron sport, the substitution of the "try-for-point" for the time-honored goal kick following the touchdown will tend toward making the outcome of a game more uncertain, and will result in less tie contests. The close observer figures that this ruling will eliminate the comparative sureness with which a point followed a touchdown under the old goal kick plan, and that the old tie scores, such as seven to seven, will be a scarce article.

The "try-for-point" is also expected to do away, to a large extent, induce more teamwork, because now the united efforts of the entire team will be necessary to secure a point following the touchdown, while but one man was needed to gain the point under the goalkick ruling.

The following excerpt from Spaulding's 1922 Football guide gives all the changes in detail:

Changes in the Rules for 1922.
The changes in the rules this year, while not materially affecting the style of play itself, are important to coaches, officials and captains, as well as to players.

Relating to substitutes, a player taken out in one half cannot return in the same half, but a player who has been taken out in the first half may return to the game in the second half, not necessarily at the beginning of a period.

The referee is permitted by a change in the rule to shorten the playing time at intermission, should he decide that darkness is likely to interfere with the completion of the game.

In scoring, a new feature is introduced, called a "try-for-point." Formerly a place-kick only was allowed for goal after a touchdown. Now the side scoring the touchdown is permitted to bring the ball out to any point not less than 5 yards from the goal line, or to any greater distance they choose, and there a scrimmage is formed, with the scoring side in possession of the ball. They can make any play which is legal from an ordinary scrimmage and endeavor to score by a placekick, a dropkick, a run, or a forward pass. Should they by any of these means in a single play put the ball over the goal line and score a touchdown, or should they kick a field goal, any one of these successes yields them a single point. Immediately that the ball becomes dead without resulting in such a score, play ceases and the ball is taken back for a kick-off, as was done under the old method when the Try-for-goal had proven unsuccessful.

As to fouls (on this Try-for-point) by either side, a foul by the side defending the goal gives the attacking side the additional point without further play, and a foul or illegal play by the attacking side vitiates the attempt for the score.

The privilege of choice of kick-off or of receiving the kick-off are a little more clearly defined.

Probably the most constructive work done was in making the rule regarding shift plays more clear and more simple of enforcement by officials. It provides as formerly regarding the ordinary shifts, and also provides that when a man in motion has left the scrimmage line he must be at least five yards back when the ball is put in play. It also provides that in all shift plays the man who has moved from one position to another before the ball is put in play must come to a stop; not only both feet stationary on the ground, but must come to a full stop so that when he starts again he starts off from a standstill.

Certain alternations were made in the rule regarding taking time out, to clear up any misunderstandings there.

Time taken out after the third request by a captain entails a 2-yard

penalty; that is, the stakes are not to be moved as formerly.

Interference with the defensive side on a forward pass entails a loss of 15 yards and a down.

Unnecessary roughness has been somewhat more clearly defined and additional power put in the hands of the officials, and it was made more clear that the officials should be stringent in handling it.

Clippings also has a section in the rules.

The declining of penalties has been made clearer.

The referee will in future select the assistants to the linemen, designating the men who are to carry the chains.

Approved rulings, as far as possible, have been incorporated into the rules.

JAYHAWK GRID SCORES

Kansas Publishes Scores With Some Schools for Past Thirty-two Years.

Some interesting facts about Missouri Valley athletics especially as they affect Kansas have been compiled by the athletic department of Kansas University and given out for publication.

The story as it comes from Lawrence, Kas., follows:

In the thirty-two years the university has been playing football it has engaged in 269 contests of which it has won 182, tied in 18, and has lost only 69 games. The total of points scored is even more interesting, showing 4,028 for the Kansas teams and 1,731 for the various opponents. In seven of the tie games no score was made, and in one—that of 1920—Kansas and Nebraska played a 26-20 tie.

Huskers' Scores Higher

Of the teams which Kansas has met more than four times Nebraska is the only one which shows higher scores. The Cornhuskers have defeated Kansas seventeen times and tied once, to nine Kansas victories, and the points total 371 for Nebraska and 194 for K. U.

In the valley conference, Oklahoma comes the nearest being on even basis with the Jayhawkers. Of nineteen games played, K. U. has won ten and tied two, with 219 points for Kansas and 175 for Oklahoma. Missouri of late years the sharpest contender, in the early years was a consistent loser to the Jayhawkers, and the totals show Kansas has won from Missouri seventeen games, lost eight and tied five. The aggregate scores for K. U. are 359 and for Missouri 180.

Have Edge in Basket Ball

Basket ball points made by Kansas totals 11,541, and the opponents have scored 5,929. The Jayhawkers have the edge on Nebraska in basket ball as Kansas has won twenty-one out of forty games, with scores aggregating 1,162 to Nebraska, 954.

Missouri basket ball teams, which have been beating Kansas rather consistently of late years, did not have everything their own way in the early days. The score since 1907 is thirty-six games (1,000 points) for Kansas and twenty-four games (1,532 points) for Missouri.

Kansas and the Kansas Aggies have each won twenty-two games, while the Aggies have only won one and tied

one football game out of nineteen.

Beat Illinois in 1892

In 1892 the University of Illinois eleven was defeated by K. U. 26 to 1, and in 1916 Illinois won from the Jayhawkers, 30 to 0, and then made a 22 to 0 the following year. The K. U. eleven's experience with Wisconsin football team was somewhat similar in 1901 and 1902. Wisconsin took the game in 1901 by the score of 50 to 0, and in 1902, 38 to 0.

Miss Harriet Wyman, '14, a missionary at Kodeikanel, India, has written to the alumni association telling of her work there. Miss Wyman says that she has had a difficult time mastering the Tumil language, it being one of the hardest known.

"The biggest fish got away."
"That's what they all say. I bet if I hooked a big fish I would land him."
"So would I. But he didn't even show up where I was fishing."

—Houston Chronicle.

WELCOME PLANNED FOR FIRST YEAR MEN

Iron Sphinx to Sponsor Welcome Week for Frosh Early Next Week.

Commencing with rallies for freshmen and sophomores for the first of next week and closing with a grand barbecue Friday, incoming freshmen men of the University of Nebraska will be given a royal welcome this year for the first time by the Iron Sphinx.

The week will be opened by a sophomore rally on Monday at which time the second year men will be told of the plans for extending a welcome to the Freshmen. The latter will hold a similar meeting on the next day. Both programs will be held in the armory and will be featured by speeches by Chancellor Samuel Avery, Fred T. Dawson, Dean of Men, Captain 'Chick' Hartley and Harold Holtz, Secretary of the Alumni.

Tags, green for freshmen and red for sophomores, and bearing a picture of an ear of corn with a space left for the name of the wearer, will be distributed at the gatherings. These are to be worn during the week and all second year men are expected to make themselves acquainted with the newcomers.

The barbecue lunch on Friday evening on the campus will conclude the week. At the lunch an expert barbecue will have charge of the food. Barbecued meat, sandwiches, coffee, doughnuts and ice cream will be served. The ticket sale will be in charge of Iron Sphinx under the direction of Wilbur Peterson.

This is the first time that any sort of notice has been taken of the freshmen immediately after their arrival. The plan was first suggested by the Sphinx during the summer. Letters sent to all of the members brought a large number of favorable replies so it was decided to arrange the reception. Publicity was given to it thru the Summer Nebraskan.
