TIGERS AND CORNELL ASTRIDE GRIP HEAP

After another turbulent week, in which form went astray, Princeton and Cornell sit astride the football heap in the east.

The Tigers seem to be the champions for a week at least. They have won seven games and lost none and their victories were more glorious than those of Cornell who has won six games over less illustrious opponents.

West Virginia, figured generally as an eastern team, has also won six games without being defeated. In the undefeated class also are W. & J. and the fine Army eleven but W. & J. has one tie game with Carnegie Tech and the Army has engaged in two no-decision contests with Yale and Notre Dame.

Princeton has one more game between a first class claim on the eastern championship and the culmination of the one of the best seasons the Tigers have had in years. That one game is with Yale next Saturday and the Elis have developed to a point where they are meat for no one.

California, which overwhelmed Washington 45 to leads the country in scoring, with 321 points. Cornell, with 282 points, is the leading scoring eleven of the east; Centre leads in the south with 254 and Iowa leads in the Western Conference with 159.

Michigan still remains as the only major team in the country that has not been scored on and Notre Dame is next with only ten points allowed the opposition.

FOOTBALL ROUGH IN 1882.

If you think that football is a rougher game now than in the past, read this paragraph written in 1882: "As concerning football playing it may be called rather a friendly fight

than a play or recreation; a bloody, murdering practice than a fellowly sport of pastime. For doth not every one lie in wait for his adversary, seeking to overthrow him and to pitch him on his nose, though it be upon hard stones, or what place soever it be he careth not, so he have him down. And he that can serve the most in this fashion, he is counted the only fellow and who but he."

CORNHUSKERS ARE BACK IN LINCOLN

The Cornhuskers arrived in Lincoln Sunday morning from their 28 to 5 victory over Kansas at Lawrence Saturday and so far as was known at that time no one was hurt had enough

to be kept out of the net game, which will be with the Kansas Ags on the Nebraska field next Saturday. The game was a bitter one, Coach Dawson said, and some of the men were quite badly bruised, but not enough to keep them out of scrimmage.

Coach Dawson was pleased with the way the team went after Kansas. He said they played a much better game than at Syracuse Saturday a week ago. Bill Day, assistant coach, declared that the style of football played by the Huskers at Kansas had 15 to 30 per cent more pep in it than the game they played in the east.

They will get into training at once for the Kansas Aggie game. Coach seeking to overthrow him and to lay expects the Aggies to put up at

stiff, if not a stiffer battle, than Kansas. They made a nice record with the forward pass Saturday at Manhattan and may give the Cornhuskers some trouble along this line, as they completed eight out of nine passes tried. They played Kansas to a 7 to 7 score a few weeks ago.

Football rooters who went to the game on trains arrived in the city Sunday, but those who took cars were stranded along the way. Twenty-five cars were reported to be some place between Seneca and Topeka. The roads were so muddy that travel was almost impossible. One automobile load reported that they had reached Seneca but could go no farther. They were two hours in making the last eighteen miles.

When H₂O Isn't Water

"GENTLEMEN" said the Chem. Prof., at the end of the term, "You'll probably remember only one thing of all I've tried to teach you. And that is that Water is H₂O—and then you'll be wrong."

Even shaving soap isn't always shaving soap. A correct shaving preparation like Williams' Shaving Cream must do a lot more than simply make a lather.

- It must be generous with its lather. It must be thick and creamy in cold water or hot.
- It must hold its moisture. Williams' will not "freeze" dry on your face.
- It must soften your beard right down to the very roots.
- It must prepare your face for quick, gentle shaving. Williams' is so pure and wholesome that it actually helps the most tender skin.
