#### Legislature Heads are Presented With Gavels Made by University Men

Gavels for the lieutenant-governor, the speaker of the legislature, and the speaker pro tem, have been made once more by the Department of Mechanical Engineering of the University. Chancellor Avery will present them as soon as they are finished.

Made from Nebraska walnut, turned in the wood working laboratory of the University of Nebraska, under the direction of A. E. Bunting, engraved by Nebraska jewelers with silver bands bearing the names of these Nebraska state officials, three gavels are presented to the legislature by the University at the beginning of each session of the legislature, as a pure Nebraska product.

#### HIGH SCHOOL CARE TEAMS TO START PLAY THIS WEEK

Number of Schools All Ready in Action—Champions Have Clean Slate.

High school caregivers are ready to swing into the straightway and break away for the winter sport. Teams all over the state are pounding the backboard hard and the reports from the games are stringing in at a rapid rate.

Lincoln high made a vacation tour winning five out of seven of their games. Sutton, last year's champions, started off with a win. Ravenna lost one and won one from the capital city team. So it is throughout the state all the aspirants for places in basketball trying to start out with a clean slate and keeping it nearly perfect throughout the season.

Ainsworth has been going well in the northern part of the state and Plainview, O'Neill and Wayne are hitting a fast pace in the northeastern section. Scottsbluff lost by a big margin to Lincoln, but the team shows promise of playing good games with teams that are more in their class. Fremont, York, O'Neill, and Cambridge are rather silent but will probably be well up toward the top when they have had a chance to show their wares.

The late scores are: O'Neill, 26; Atkinson, 27. Plainview, 13; Bloomfield, 6. Firth, 3; Waverly, 22.

#### Ex-Regent Morrill Awarded Medal By Kiwanians for Special Service

Chancellor Samuel Avery was first speaker at a Kiwanis club luncheon Friday in honor of Charles R. Morrill, former regent of the University to whom was awarded the Kiwanis medal for distinguished public service.

"Distinguished Service to the University of Nebraska" was the subject of the chancellor, who knows probably better than anyone else what Mr. Morrill did for the University, having been a student and professor in this institution during most of the twelve years that Mr. Morrill was regent, and who has been chancellor during most of the years since Mr. Morrill retired from the board of regents.

In beginning his address, Chancellor Avery said, "It is my pleasure to outline some of the distinctive contributions that Mr. Morrill made to the University of Nebraska during his twelve years of faithful, disinterested, and highly efficient service as regent. My welcome task is not entirely easy owing to the fact that a regent acts through a board, not as an individual official. When, however, a regent is recognized as a leader among his colleagues, when he serves ten of his twelve years as president of the board, we may justly ascribe to him much of the progress made by the institution while he holds office, without belittling the efforts of others."

The chancellor continued to outline the scope of the University before and after the incumbency of Mr. Morrill, and showed the progress made by the institution during his term as president of the board of regents.

In conclusion Chancellor Avery began a response over the long distance wire, but was too weak to finish.

#### CAMPAIGN FOR YEAR BOOK TO START MONDAY

Booths Will Be Established at Various Points of Campus for Voting.

CO-CHAIRMAN APPOINTED  
Price of Book Will Be \$4.50—Payment of \$2.00 Entitles Student to One Vote.

Voting and subscription booths on the campus Monday will usher in the subscription campaign for the 1923 "Year Cornhusker," under the direction of Sales Manager Elbert Evans who has appointed college co-chairmen to aid in the campaign. A two-dollar payment on the price, \$4.50, entitles the student to a vote in the popularity contest and a tag showing that he is a loyal Husker student.

A recent University ruling prevents the offering of prizes for work on subscription campaigns. The cornhusker campaign will be the first one to be conducted on a strictly school spirit basis. Since the success of the annual depends largely on the number of subscriptions sold, it is possible for every student to help "put over" the year-book.

The co-chairmen, who will appoint their fellow-workers, are asked to meet in the office of the Cornhusker Friday afternoon at 2 o'clock. It is very important that all these people be present, according to the business staff members.

Voting booths will be erected in front of University hall and in the College Book Store. Booth for the taking of subscriptions will be built at the entrances of the main buildings of the colleges.

The list of co-chairmen follows: Business Administration—Steve King and Kenneth Cozier.

Law—Harrisoley and Oliver Maxwell.

Engineering—Mervin Davis and Alfred Brust.

Agriculture—Alfred Daniels and William Johnson.

Teachers—Blenne Carpenter, Zella Roope, and Hope Maynard.

Fine Arts—Eoulah Butler and Gurdell Goldensky.

Library—Eustabrook and CChaney.

Pharmacy—Rupert Chittick and Joe Noh.

Dentistry—George Smaha and Chas. M. Cox.

#### APPLICATION FOR THE NEBRASKAN.

Applications for appointment to positions on the staff of The Daily Nebraskan for the second semester (1922-1923) will be received until Tuesday noon, January 9, at the Student Activities office in the Armory. Application blanks may be secured there and at the office of The Daily Nebraskan.

The positions to be filled are: editor, managing editor, associate editor, three night editors, business manager, assistant business manager, and circulation manager. M. M. FOGG, Acting Chairman, University Publication Board.

#### SHORT COURSES TO BE OFFERED BY AG COLLEGE THIS YEAR

Many Courses Offered Busy Farmers in Four Weeks' Term Beginning First of the Year.

A special short course is being offered by the University Extension Division in the College of Agriculture. The Automobile and Tractor course will open Monday, January 1, 1923 and continue for four weeks. The enrollment is limited to 25 on any one date. Prospective students can reserve a place in advance by writing the Principal, School of Agriculture, Lincoln.

The Agricultural Four Weeks Course, beginning Monday, January 23, 1923 is planned for busy farmers who can only leave their farm work for a short time during the winter. This deals especially with Nebraska agricultural problems and conditions.

The lines of work offered in the short course are as follows: Live stock judging, feeding of farm animals, slaughtering and dressing of animals, diseases of plants and animals, dairy cattle management, grain grading, fruit growing and vegetable gardening, poultry management, farm accounting and farm organization.

The Poultry One Week Course begins January 8. This will consist of lectures, demonstrations and an opportunity to observe the different types of houses, breeds, equipment etc.

Experienced farmers will find it profitable to spend four weeks this winter at the Agricultural College. The opportunity of meeting others interested in the same kind of production and of exchanging ideas and engaging in discussion with them is also a splendid feature of the short course.

#### PROF. FOGG SENDS OUT ANNUAL NEWS LETTER TO ALUMNI

Organizer of "Think Shop" Composes Eleven Thousand Word Letter as Holiday Greeting.

Prof. M. M. Fogg, who organized the University of Nebraska Intercollegiate Debate Seminary known as the "Think Shop," twenty-one years ago, has sent the thirteenth annual news letter of eleven thousand words as a holiday greeting to the one hundred forty-nine alumni of the seminar. The letter, divided into six sections, includes reminiscences of some of the debates of which Nebraska won twenty-one out of thirty of the judged contests. There are one hundred forty-nine paragraphs of biographical 1922 news with various scholarship, occupational, residence, and fraternity representation statistics. Extra-University argumentation and debate activities and general University news are included in the letter.

The membership of the seminary includes a normal-college president; ten college professors; eighty-one lawyers; the general solicitor of the American Telephone and Telegraph Company, C. M. Racellin, '02; a former president of National Educational (Continued on Page 3)

#### CORNHUSKER PICTURES.

Individual junior and senior photographs for the 1923 Cornhusker must be taken immediately at Dole Studio, because of the limited time available. Individual pictures for sorority panels must also be taken at once, the same time limit applying.

#### JUNIOR-SENIOR PROM WILL BE FRIDAY NIGHT

Scottish Rite Temple Will Be Scene of Gala Affair Friday Night.

TICKETS LIMITED TO 200  
Tickets May Be Secured at Activities Office or Nebraskan Office.

The Junior-senior prom, a revival of the pre-war days in the University, will open the formal season for the new year at the Scottish Rite Temple, Friday night when the upperclassmen assemble for the first of the large annual parties since the late war called a halt to all student social activities. Tickets for the big party are being sold by the committee and may be secured at the Nebraskan office after 3 o'clock in the afternoon for three dollars per couple.

It is the custom for the Junior and senior classes to give an annual formal party called the junior-senior prom. These proms were the big event of the year and were discontinued with the serious conditions coincident with the World War. Not unlike most of the social affairs the big formal was discontinued and has not been revived until this year.

Only two hundred tickets have been validated so that there will be plenty of room in the Temple. The lounge rooms will be open and it is planned to have this, the first formal of the year, surpass the elaborate proms of the former days and add a touch of novelty besides.

An enlarged orchestra will play for the party, refreshments will be served, the Temple has been decorated, and all the novelty of the biggest formal of the season will be present when the two upper classes officially revive the long neglected Junior-senior prom.

#### Former Uni Pastor Is Head of Bible University in Mo.

Dr. D. E. Thomas, former student pastor of the Congregational church here, is now head of the Bible College of Missouri. It is located at the gateway of Missouri University and is easily accessible to students of the University. The college was founded in 1896, has an enrollment of 304 students, and has four full time teachers representing three denominations, Disciples, Presbyterians, and Congregationalists. Twelve courses offered by the college are accredited by Missouri University; those in which Dr. Thomas is interested are: "The Bible as Literature," "History of the Hebrews," "Comparative Religion," and "Modern Religious Thought."

#### Radio Concerts Will Be Broadcast From University Library

Radio concerts will be broadcasted from the University station in the electrical engineering building every Wednesday at 8:30 p. m. starting next week, Mr. F. J. Moles said yesterday. Professor Grummann who has charge of the arrangement of the program was unable to secure anyone for this week on such short notice. The artists will perform in the library.

#### Number of Changes Will Take Place In Campus Locations in Near Future

The old athletic field is cleared, property north of it has been purchased, and the original structures are being moved from that land. In four to six weeks the architects have promised plans so that excavation has begun, according to L. F. Seaton, operating superintendent and purchasing agent of the University.

The iron gateposts on R street, the only remaining part of the old fence, will be moved to the east entrance of "U" hall, and the gates replaced, to take the place of the "silhouette" building. Alumni have protested so vigorously against the removal of the barriers that this plan has been adopted to preserve the gates, Mr. Seaton said.

A basement room is being excavated

#### MANY INTERESTING FEATURES IN HIS ADDRESS TO LEGISLATURE

Recommendation Calls for Cut of \$850,000.00 from Estimate Submitted by University Board of Regents—L. E. Gunderson, Bursar, Issues Financial Report for Year Ending June 30, 1922

GOVERNOR WOULD CUT PERMANENT IMPROVEMENTS  
Separate Fund for Commercial Activities Such as Dormitories, Cafeterias, Book Stores and Cholera Serum Plant Recommended—More Detailed Report to Be Given Out Later.

A reduction of \$860,500.00 from the estimate of the regents of University expenses for the next biennium was recommended to the Nebraska legislature by Samuel R. McKelvie, outgoing governor, yesterday afternoon. The governor would cut out all proposed permanent improvements including the gymnasium, museum, and new land for the College of Agriculture as well as \$500 from the Trade Schools appropriations.

#### EUROPEAN STUDENTS ARRIVE IN U. S. TO VISIT UNIVERSITIES

Students from Various Colleges of Europe Will Make Tour of This Country.

Seven European students who will visit American Universities landed in New York recently and were present at a conference of students held there last week. In every case the student selected is representative of the college from which he is chosen and is a leader in student affairs. They are returning the pilgrimage to Europe made by a group of American students of which Kenneth McCandless, Jr. of N. '22 was a member. The schedule of universities which they will visit has not yet been made. It is hoped that University of Nebraska students will be able to hear at least one of the foreigners who are:

Carl Joachim Friedrich, of the Heidelberg University, who is a leader of the Sreerichar, a prominent student organization.

Jorgen Holck, a graduate of the University of Copenhagen and a leader in the Danish Student Christian Movement.

Antonin Palecek of Prague and Sorbonne, and a leader of the Student Renaissance Movement.

W. A. Robson, a student in the London School of Economics and Political Science.

Piet Roest, from the University of Leyden, and a leader in the Practical Idealist Association of Students.

Hans Telsler, who is studying at the International Peoples College at Elsinore.

Kenneth Lindsay, the president of the Oxford Labour Club.

Student conditions throughout Europe are very stringent at this period. Many students are actually starving to death. The proceeds from the sale of candles which took place immediately before the Christmas holidays will go for the relief of Russian students, who are especially in need of aid. An All-University Carnival will be held January 13, and the money taken in will be used entirely for student relief.

#### College On Coast To Hold Boat Race

Reed College has accepted the offer of an eightoared contest between that school and the University of Washington freshman, the race is to take place in the spring. The race was suggested as a means of stimulating the interest in rowing in the Northwest and to provide further competition for the fresh crews.

#### Ship Subsidy Bill Is Topic of Open Forum Discussion

The ship subsidy bill was discussed at the meeting of the Forum held in Law 101 last evening. Wendell Berge upheld the affirmative of the issue favoring the adoption of the bill, while the negative was supported F. A. Potter.

After an hour's heated discussion a vote was taken, the affirmative taken a majority.

The Forum will hold its next meeting after the final examinations. These meetings are open to all students.

The first Nebraska member of an agricultural society, General Henry Atkinson, and his success as manager of the first farm and experiment station in Nebraska one hundred years ago, will be presented by Addison E. Sheldon at the Nebraska Hall of Agricultural Achievement Wednesday afternoon.
