(Special to Nebraskan)

Grinnell, Ia., Jan. 25.—(Special)—
After losing four straight valley con-
ference basketball games, the Grinnell
College basketball squad is settling
down with the grim determination to
break into the win column next Satur-
day night, when the Pioneers meet Ne-
braska on the hooe floor.

The game, if such a rough and
tumble affair can be called a game,
with Drake last Saturday night demon-
strated the need of an efficient scoring
system for under-the-basket use. This
is being given special attention this
week. Coach Elward is also drilling
his men on open court shooting, for
in the averages of the valley squads
Grinnell ranks noticeably low.

Drake opened up the game last Sat-
urday night with the roughest offen-
sive seen on a Des Moines floor for
several years, in the opinion of capital
city sport writers, and carried them
throughout the game. None of the
Grinnell men were injured, however,
so the entire lineup can be used
against Nebraska.

A considerable change in lineup is
in order for the Scarlet and Black,
so that the scoring machine may be
strengthened. Fearing, who has been
playing center, may be shifted to for-
ward, with Benz, at forward so far this
season, moved to center. This leaves
Critchett and Golvin to fight out on
even terms for the other forward
berth. Winter showed up so well in
the Drake fracas that he will probably
start at guard, with Witchill. Captain
Smith will be forced to play the bench
under this arrangement.

If this new scoring machine can
function properly, the Scarlet and
Black followers look for a win next
Saturday, since the Nebraska team has
been defeated worse than Grinnell by
the same teams.

**LINCOLN RADIO FANS
FORM ORGANIZATION
TO HARMONIZE WORK**

Lincoln radio fans Tuesday organ-
ized to attain co-operation and bring
conflicting elements into harmony,
formed. George E. Johnson, secre-
tary of the state department of pub-
lic works, was elected president and
Don Critchfield, secretary. A board
of directors was formed, the broad-
casting station operators, the citizen
operators and the various radio clubs
each one electing one member. The
directors are S. S. Swift, Will King,
Dr. A. J. Coats, R. E. Mattison, E.
M. Williams, J. Kositzky, Paul Pal-
mer, Ted Johnson, J. R. Hickox and
the president and secretary.

No attempt was made at the meet-
ing to regulate sending hours or to
try to co-ordinate the work of the
various operators. This will be
taken up by the board of directors
which will consider the reports of
the clubs and make a recommenda-
tion to the association.

About one hundred were present
at the meeting.

About the only time when the av-
erage man ever gets to feel import-
ant is when he puts on his lodge
uniform.

**Congenial work
for college graduates**
In deciding upon one's life-work there is one
very important consideration every far-seeing man
will make. He will select a field where the edu-
cation gained through his college career will not
be wasted.
An ideal future is offered by the Fire, Marine
and Casualty Insurance business.
Insurance is close to the interests of every busi-
ness. It is close to the interests of the officials of
every business. It is a matter which will bring
you into immediate contact with big men and
big affairs.
The Insurance Company of North America is
a national, historical institution—founded in
1792—with over a century and a quarter of well-
earned prestige. Conservative policies and de-
pendable service have been responsible for the
growth and for the constructive activities of the
Company in the development of the entire
insurance profession.
