

THE DAILY NEBRASKAN

VOL. XXII—NO 99.

LINCOLN, NEBRASKA, SUNDAY, FEBRUARY 25, 1923

GOLDEN FLEECE PRIZES AWARDED NEXT SATURDAY

Two More Prizes Are Added to Long List for Golden Haired Beauties at Gathering.

LUNCHEON IS AT NOON

Contest Open to All University Girls Who Have Locks That Fall Under Any of 27 Colors.

The Order of the Golden Fleece, which is to hold its annual luncheon and competition on March 3 at Ellen Smith hall, announces the offering of two new prizes beside those awarded last year. Mrs. Samuel Avery has offered a prize to be given to the "fieriest freshman," and an additional honor will be given to the girl having the most fascinating bobbed hair of the prescribed shades.

The scarlet-haired girl having the most fascinating green eyes is to receive another of the coveted articles. This is also one of the new awards.

The grand sweepstakes prizes will be given, according to custom, to the girl having the most fiery locks—a prize which has been held for the last three years by Miss Betty Kennedy, who has since the last luncheon bobbed hers. The most fascinating red tresses, the greatest quantity of red locks, and the most fascinating freckles are other superlatives for which prizes will be awarded. The consolation awards, as before, will go to the girl having hair nearest lemon, and to the owner of the crown nearest brown.

Any co-ed whose hair falls within the range of the twenty-seven shades enumerated herein may belong to the order and attend the luncheon, if the application of Colarbak or any other of the various noxious compounds advertised in Lincoln's dailies. Girls with hair the hue of taffy or brown alone are barred. The hair may be brown or taffy if it has the redeeming tinge of auburn. The list of shades that spell eligibility is: Squash, carrot, pumpkin, orange, vermilion, brick, ruby, scarlet, flamingo, garnet crimson maroon wine, copper, auburn, henna, mahogany, mangeta, sorrel, strawberry, roan, russet, corise, carnation, salmon, apricot, shrimp pink and pink.

Work Started on New Directory of Nebraska Alumni

(University of Publicity Office)
Work has been started on the new Alumni Directory of the University of Nebraska which will probably be ready for distribution about June 1. In the University Journal for February, every alumnus is urged to fill out a questionnaire inserted in the magazine, thus enabling the Alumni association to compile an accurate directory. The new book is to contain such information as the number of years at the University; degrees granted by Nebraska; degrees from other Universities; University honors; public offices or positions held; honors conferred since leaving the University, etc.

The new directory will be an asset to alumni in the formation of clubs, since information concerning Nebraska graduates will be immediately available. It will also be of value in arousing interest among prospective University students.

A Lenten Thought for Every Day

A NEW PATRIOTISM

To give to the world hope, to convince the world that love is still the normal condition of Humanity, to purify the atmosphere so that our poisoned spirits shall at last recover the possibility of love and hope, this is to conceive of patriotism as Christ did. This is to render to the world a service which will constitute America's claim to the immortal gratitude of all the world. This is indeed to give to the world a new gift and to civilization new wealth.

A. MAUDE ROYDEN.

Tuesday Last Day to Select Proofs for 1923 Annual

Tuesday is the last day for juniors and seniors to select the proofs of their individual photographs for the Cornhusker, the editorial staff of the annual announced yesterday. Students who have not yet chosen the picture that is to go into the Cornhusker should do so at once, it was said. Wednesday morning the Cornhusker management will choose the pictures that they consider best for all who have not previously picked their photographs.

DANCE DRAMA HAS GOOD ATTENDANCE

"All in a Garden Fair" Presented Last Evening at Temple Theater.

"All in a Garden Fair," W. A. A. dance drama, was given before a capacity house at the Temple theater, Saturday evening. Marjorie Barstow and her pupils appeared in a joint recital with the members of W. A. A. Beulah Grabill is dance leader.

Part 1 was composed of dances by Marjorie Barstow and her pupils. The dance drama made up second part of the program. The story had to deal with the tryst of two lovers in an old, old garden in which the girl went to sleep and the flowers came to life and danced for her. Those who took part in the performance were:

Lady—Doris Davis.
Man—Louise Gibbons.

Yew Hedge—Irene Garquist, Margaret Tool, Edith Gramlich, Blanch Gramlich, Esther Swanson, Lois Shepherd, Helen Phillips.

Blue Bells—Lois Pederson, Pearl Safford, Lucille High, Florence Sturdevant, Millicent Ginn, Eloise Fralich, Harriet McClelland.

Roses Rare—Lillian Lewis, Joe Westgate, Allegra Westgate, Marjorie Bell, Marjorie Haley.

Golden Daffodils—Marie Snavelly, Louise Brandstad, Leona Chapman, Anna Hince, Inez Reese, Willa Maude Powell, Betty Lentz, Neva Jones, Kathryn Smith.

Stately Hollyhocks—Dorothy Seacrest, Bernice Bailey, Dorothy Goodale, Coleta Aitken.

Drifting Clouds—Ruth Tanner, Irma Ellis, Dorothy Taylor, Carol Kingsbury, Dorothy Dougan, Ruth Ellsworth, Bernice Ballance, Dorothy Vranken.

Man in the Moon—Duet and Ensemble.

The patronesses were: Mrs. R. D. Scott, Mrs. R. G. Clapp, Mrs. P. Grummann, Mrs. S. Avery, Miss Heppner, Miss Appelby, Miss Louise Pound, Miss McPhee, Miss O'Conner, Miss Mann, Miss Clark and Mrs. Stott.

Forty-five Counties Pledge One Hundred Per Cent to Stadium

(University of Publicity Office)

Forty-five Nebraska counties have pledged 100 per cent to the Stadium fund. Three of these—Antelope, Nance, and Furnas—were added in January. Ten others—Frontier, Cuming, Knox, Sarpy, Nemaha, Cherry, Saffalo, Jefferson, Fillmore, and Rock—added amounts varying from a few dollars to over half a thousand.

In January \$3,498.50 was added to the total of pledges by alumni. This makes the amount reported in the state on February 1, \$49,559.18, which is within 8.7 per cent of the quota of \$54,250. Frontier county jumped from fourteenth to second place when its chairman sent in new pledges amounting to \$400. Stapleton county holds first place for the highest percentage of pledges.

Class Tournament Starts for Girls

The girls' class basketball tournament will start Monday when the freshman second team meets the sophomore second squad at twelve o'clock in the Armory. The first team tournament will begin Tuesday noon, the first game to be between the juniors and sophomores. The freshmen and seniors will battle Wednesday noon.

The teams are evenly matched and the tournament promises to be hotly contested. The junior and freshman teams have a slight edge over the other two aggregations.

High Percentage of Girls Enrolled in University Work Way Through

(University Publicity Office.)

One-third of the women students in the University of Nebraska last semester (650 out of 1,900) worked their way, wholly or in part. This semester, of 400 working, 201 are steadily employed—125 in offices, and 76 in homes. Scholarship delinquencies among these women are considerably less than among those who are not working.

No restrictions as to the kind of work are made by the University, but the amount is regulated. A student carrying the maximum number of hours (17) should not attempt to carry outside work for pay, except on Saturdays. The Dean of Women's office recommends that a woman registered for 14 hours spend no more than four hours a day on self-support work. If her health is not the best, she is advised to reduce the registration hours still further.

The kinds of work available for women students, with the hour earning power of each, are:

Domestic work for room and board, stenographic (40 cents) in: Professors' offices, executive offices, newspaper work, insurance work, library positions, doctors' offices, stenographic shops, banks, post office; sales work (25 to 35 cents) in: Art shops, book stores, department stores, grocery stores, 5-and-10-cent stores; waitress work (for meals and 25c): Tea-room waitress work, University cafeteria, afternoon teas in private homes, luncheon parties in private homes, dinner parties in private homes, boarding houses, Women's club afternoon teas; caring for children (25 cents); miscellaneous work (25, 35, 40 cents): Tutoring, ironing, sewing in millinery departments, advertising, commercial art, teaching positions in city schools,

correcting papers.

If the women work for room and board, four hours a day is required. Often car fare, luncheon money and laundry work are included in compensation. There are 80 women doing this work, and only 11 were reported as delinquent for the last half of the first semester.

The student's health is not affected by work, and in most cases her academic standing does not suffer, although it is to be expected that she could not do as well as the unemployed student. It is the social life which is affected; for the girl who works has little time for participation in social activities. The exceptional girl will find time for outside activities, and in some cases to fill honorary student offices.

The woman student who is working has the same social standing as any other student, says the Dean of Women. There is a democratic spirit prevalent which serves to dispel any aloofness of the sensitive employed student. In no way is there any lack of deference shown these students.

The matter of low prices paid for student help has suggested the question whether it would be wiser for women students to borrow than to do self-support work. Freshman women are advised to work because no loan funds are available for them. It is often necessary and wise, however, for the junior or senior to borrow.

There are two student employment bureaus in the University—one conducted for men students through the University Y. M. C. A., and the other for the women students in connection with the office of the Dean of Women. A member of her staff, together with the personal help of the dean, herself, attends to the employment of University women.

WASHINGTON WINS HARD FOUGHT GAME

Huskies Nosed Out by One Counter in Two Extra Periods.

Nebraska's basketball team was nosed out of a bitterly contested battle that went to two extra periods by the Washington University aggregation, on the Piker's floor Friday night.

At the end of the first half, the Huskies finished an attack in the opening minutes of the second frame that gave Nebraska the advantage. Usher was mainly responsible for the Nebraska rally in the second half and the count stood 26 all at the end of the second half.

In the extra period called, Cozier and Usher were the first to score but Minner and Wagner pulled the same stunt for the Washington cagers and the score was a 30 all tie at the end of the first extra session.

Usher again slipped in the first goal for Nebraska during the second extra period but the Pikers followed with two goals and won the game.

Minner topped the score column with a total of 24 of the Pikers' 34 points. Cozier led the scoring for Nebraska with a count of 14 and Usher followed in with 11 points.

Petition for Repeal of Smoking and Chewing Rule is Presented

A pernicious petition, which has for its purpose the repeal of the prohibition against smoking and chewing, has recently made its appearance on the campus. It is understood that an intensive drive is soon to be made for signatures. The Daily Nebraskan believes that the bulk of student sentiment is not in favor of this agitation, and that an active and powerful minority is attempting to saddle its views upon the student body as a whole.

The exact text of the infamous petition follows.

"Dear Board of Regents:

"The rule made against smoking and tobacco chewing in and around University buildings should be repealed, annulled, recalled, expurgated, or whatever it is you do to your old-fashioned and useless decrees. Your order forbidding chewing and smoking has long been disregarded, and the fact that this prohibition still masquerades as a real injunction has a bad effect on the observance of decrees which were really meant to be enforced.

(Special to Nebraskan)

Columbia, Mo., February 24.—The Missouri basketball quintet defeated the Nebraska cage team here tonight by a score of 39 to 23. The game was hard-fought. The Tigers were leading all during the contest.

Alpha Zeta to Hold Annual Open Banquet

Everyone is invited to the Alpha Zeta banquet to be held Thursday evening, March 1, at the Ag College cafeteria at 6:30 o'clock. E. F. Schramm will give an illustration lecture on oil. Tickets may be obtained from any Alpha Zeta member.

Professor Chatburn to Address Monthly Meeting of Sigma Xi

Sigma Xi, national honorary scientific fraternity, will hold its regular monthly meeting Tuesday evening at 8 p. m., in the general assembly at Bessey hall. Professor George Chatburn, of the Engineering College, will address the group on "Modern Researches in Public Highway Work." He will describe some of the recent work that has been carried out, avoiding all technicalities, and show the purpose and results of the work. He will also tell of the work that is to be carried out in the future.

TICKETS FOR DRAMA GO ON SALE MONDAY

Players' Next Play "The Meanest Man in the World," Starred by Cohen.

"The Meanest Man in the World," to be produced by the University Players in the Temple theater March 1, 2 and 3, is one of the plays in which George M. Cohen starred. The drama played for a season in the Hudson theater in New York.

The play is not like the ordinary ones, say those who have been present at the rehearsals. Its characters are more realistic, and seem to live on the stage, according to the dramatic critics.

The drama is woven about a theme which tells the story mostly in comedy, although the moral is scarcely to be missed. There is opportunity for thought. Comedy, a love story, and drama combined to make the play what it is, a sure-fire hit, according to the New York Telegram which says of it: "A typically popular American play, cleanly drawn characters of an amusing sort. Decidedly entertaining—a play that will be welcomed by the theater-goers. The play abounds in rapid everyday humor and its obvious hits register easily and satisfy completely."

Irma Wolfe Combs, Mary Post, Dorothy Sprague, Marguerite Good, Harold W. Felton, L. W. Hawley, Armin West, Foster Matchett, Jess Randall, Rudolph Sandstedt, Dwight Merriam, John Dawson and C. L. Coombs.

Special sets of scenery have been designed for the production and properties required to duplicate the production are being brought in. The notes on the New York presentation, on which the presentation will be based are in the hands of Miss H. Alice Howell, who is directing the play.

FRATS TIE IN SPLIT SEASON TOURNAMENT

Delta Chi Wins First Half and Xi Psi Phi Team Takes the Skin in Second Frame.

Thursday marked the end of the tournament between the fraternities entered in the Independent Bowling League. The league was run different from last year, being divided into a split season of two halves. The first half of the split season which started early last fall, ended January 4, and was won by the Delta Chi's. The Xi Psi Phi pin rollers took first place in the second half of the season. A first place will be given to each of the above fraternities. It is rumored that the Zips and Delta Chi's are going to have a match among themselves to decide who are the champions. The results of the first half of the season are:

	Games	W.	L.	Pct.
Delta Chi	30	24	6	.799
Kappa Sigma	30	23	7	.766
Xi Psi Phi	30	21	9	.699
Sigma Phi Eps.	33	23	10	.697
Acacia	30	16	14	.533
Silver Lynx	30	16	14	.533

Delta Sigma	18	7	11	.388
Zeta Beta Tau	18	6	12	.333
Kappa Sigma	18	0	18	.000

UNI CHORUS WILL PUT ON OPERETTA FOR CONVOCATION

"A Tale of Old Japan" Will Be Presented Thursday Morning at Eleven O'Clock.

TO BE HELD IN ARMORY

Group of Three Hundred Will Sing in Chorus with Special Solos Feature of the Play.

"A Tale of Old Japan," an operetta by Coleridge Taylor, will be presented by the University Chorus under the direction of Mrs. Carrie B. Raymond, Thursday, March 1, at 11 o'clock in the Armory. The operetta is, says Mrs. Raymond, somewhat similar to that of "Madame Butterfly." No classes will be excused, but the production is highly recommended by the musicians of the school. The chorus will be accompanied by the usual string quartet, composed of Edward J. Walt, who plays the first violin, Mrs. August Molzer, on the second violin, William T. Quick, viola, Lillian Eiche, 'cellist, Mark Pierce, bass, and Donna Gustin, at the piano.

The soloists for the operetta will be: Mrs. C. E. Matson, soprano, Lucile Cline, mezzo, Francis Diers, tenor, and Oscar Bennet, bass.

The chorus this year is larger than usual, says Mrs. Raymond. Nearly three hundred students of the University sing in the production of the organization.

The story of the operetta, which is to be given Thursday, is much similar to that of the opera "Madame Butterfly." A young American goes to Japan to study art under the direction of a Japanese master. While in the foreign country, a native girl falls desperately in love with him. He regards her as a child but at the same time is drawn toward her by her personality.

The denouement of the piece, which would be disastrous to reveal too soon, is somewhat different from what the listener expects.

STUDENTS MAY TRY FOR CADET RATING

Competitive Examinations Will Stars April 16—Engineers May Get Commissions.

Competitive examinations for rating as cadets and cadet engineers in the United States coast guard will be held for three days commencing April 16, 1923. Any one with a high school education should be able to pass the examinations. The age limits for cadets are 18 to 24, and for cadet engineers 20 to 25 years. The selected men are educated at the Coast Guard Academy at New London, Conn., and each summer are taken for a practice cruise.

Cadets receive the same pay and allowances as midshipmen in the navy (\$780 per annum, and one ration a day). There are an extra large number of vacancies this year in the service, and the opportunity to complete education at the expense of the government is especially favorable. For further particulars, the applicant should write to the Commandant, U. S. Coast Guard, Washington, D. C.

Upon graduation, after three years at the academy, a cadet becomes a commissioned officer in the grade of ensign in the United States coast guard. A cadet engineer, upon graduation, after one year at the academy, is commissioned an ensign (engineering). Commissioned officers of the coast guard rank with officers in the army, navy, and marine corps, and receive corresponding pay and allowances, grade for grade.

The mental examination for cadets, which will follow the physical, will consume three days. Applicants for cadetships who present satisfactory certificates that they have completed the equivalent of a four year high school course and received fourteen credits in subjects prescribed by headquarters will be required to take a written examination in the following subjects only: Mathematics, (algebra and geometry), history and English. Those who do not present certificates showing that they have had the equivalent of fourteen credits, as prescribed, will be required to take an examination in the following subjects: Mathematics, (algebra and geometry), history, English, physics or chemistry or general science, Latin or German (Continued on Page 2)
