KANSAS MEET TRYOUTS WILL BE HELD TODAY

Coch Schulte to Conduct Competition in All Events at Four O'clock This Afternoon.

K. U. HAS STRONG TEAM

"We Own the Valley" Slogan of Jayhawkers Will Be Contested by Husker Tracksters.

Final tryouts for the Kansas University dual meet which will be held at Lincoln Saturday morning, May 5, will be held this afternoon. The track will leave the Armory at four o'clock and all cinder path men must be ready for the track at that time. The tryouts will probably be held on the Wesleyan track at University Place. Coach Schulte has not yet decided where the meet Saturday with the Jayhawkers will be held, tho it will be held either on the state fair grounds or the Lincoln high school track.

The Kansas track team, which won the 1923 indoor valley championship at Kansas City March 24, is one of the strongest teams in the middle-west. The Huskers, valley champs in 1921 and 1922, also have an exceptionally strong and well-balanced team. The meet Saturday will be hotly contested by both teams, for this meet will go a long way toward determining whether Nebraska or Kansas will be outdoor conference champions in 1923. This meet will be a direct challenge to the "We Own the Valley" slogan of Kansas. If Nebraska wins, Nebraska will own the valley, but if Kansas wins, her slogan will be justified, for the Jayhawkers are 1922 and 1923 basketball champions and 1922 baseball champions, while the Huskers this year have only won the football championship of the valley so far this year. Nebraska must win in track to keep her athletic standing in the Missouri Valley conference.

SWIMMING MEET TO BE HELD FOR GIRLS

Co-eds Will Gather at Lincoln High School Pool This Evening for Annual Event.

The competitive swimming meet for University girls will be held tonight at the high school pool. The meet will include swimming, diving, and racing tests. Lois Pederson, Dorothy Teal, and Miss Marian Baldwin, of Lincoln high school, will be the Judges.

The personnel of the relay teams is: Freshman—D. Goodale, M. Hymer, H. McClelland, M. Ginn, and A. Groethe, and C. Kingsbury substitutes.

Sophomore—L. Branstead, T. Bel-lows, M. Tool, T. Lewis, and I. Mangold and E. Gramlich, substitutes.

Junior—L. Shepherd, P. Safford, E. Armstrong, M. Snively, and B. Erickson and E. Swanson substitutes.

Senior—E. Cull, B. Grabill, S. Surber, and H. Kennedy and E. Wilson substitutes.

In the tryouts today, Crites, Cre-celius, Broadwell, Lear and Kenner will compete in the hurdle events. Close followers of the Husker team were much encouraged by the excel-lent performance of Lear, the Omaha medic, at the Drake Relays. The Husker hurdler crossed the line in a blanket finish with four other hurdlers, who were given the first four places. The time for the race was 15 1-5 seconds. Lear had previously won his heat in the preliminaries of the hurdle races.

Woodward, Trexler, Layton, Ted Smith, McAllister and Crites will try-out in the 440-yard dash. In the half mile Gardner, Coats, Higgins and Bowman will compete for berths. At the Drake Relays the Husker two-mile relay team, composed of Higgins, Allan, Coats and Gardner, finished in fifth place. Each of the Huskers were over-anxious, and over-ran the first quarter of his race. The Huskers, however, improved the time they made at the Kansas Relays by a good margin.

In the mile run Captain E. Allen, Wier and Bowman will run. Competition in the two-mile run will be between Haskell, Gardner, Rogers, Cohen and Ted Slemmons. Tryouts in the century and the 220 will be between Noble, Lloyd, Baldwin and Lukens. At the Relays last Saturday, the quarter-mile relay team, composed of Baldwin, Trexler, Noble and Lloyd, ran second to the winning Illinois team, which broke the world's record in the 440-yard relay by running this race in 42 3-10 seconds. If two of the Husker sprinters, Noble and Lloyd, had not had a mixup in passing the baton in this race, Nebraska, instead of Illinois, would have won the race and broken the world's record in the quarter-mile relay.

In the field events, Riddlesberger, Gleason, Gish and Frasier will try out in the pole vault. Lloyd, Hatch and Layton will compete in the broad jump. Hatch won third in the broad jump at the Relays, but Graham, a Kansas athlete, copped first place in the event.

Turner, Drishaus and Parks will try out in the high jump. Turner, who tied for second at the Des Moines meet last Saturday, cleared the bar at 6 feet, 1 1-4 inches, which is a new Nebraska record. Turner is jumping better and more consistently than ever before, and should score many points for the Scarlet and Cream before the season is over.

In the shotput Noble, Parks, Myers, Hartman and Bassett will take turns at heaving the heavy leaden ball. Hartman walked off with first honors in the shotput at Drake, defeating the famous Van Orden of Michigan, who won first in many meets this year, and was doped to cop the shotput honors.

Green, Hatch, Noble, Parks and Myers will try out in the discus throw, while Wenke and Hartley will throw the javelin. Angier of Illinois broke his own record, which is the American record, in the javelin throw by throwing the spear a little better than 203 feet. Platt of Denver made a new Drake Relays record in the discus throw by heaving the leaned plate over 138 feet. The old record of 133 feet, 7 inches, was made in 1922 by Tom Lieb of Notre Dame.

Graduates from four-year non-accredited high schools in Nebraska who are planning to enter the University of Nebraska will be given an opportunity to take the intelligence test Saturday morning, May 12, High-School Fete Day. The tests will be given by Dr. Winifred Hyde of the department of Philosophy in room 101, Social Science building. Graduates of non-accredited high schools are required to pass either an academic examination or an intelligence test.

FREAK HIKE TO END AT CAMPANILE TODAY

Hand-cuffed back to back, dusty and worn by 72 hours spent on the road, two students from the University Farm at Davis, California, will culminate today a stunt which has attracted attention throughout the state.

The annual cow race was called off this year. To take the place of the long-held bovine classic and at the same time call attention to the annual Farm picnic to be held Saturday, Fritz Glingaman '24 and Tom Colt, '25, agreed to walk from Davis to the Berkeley campus in the unusual manner above mentioned.

These modern Siamese twins left Davis Friday noon, and according to calculations, based on trial runs at the Farm, they should reach their destination at the foot of the Campanile by noon today. The pair were in Tracy Saturday night, and at a late hour last night were reported passing through Pinole.—Daily Californian.

X = ?

Wanted—men to find the answer

THIS is written to the man who loves to seek the unknown quantity. He is the kind of laboratory worker who ventures into untried fields of experiment, rather than the man who tests materials.

Industry has need of both types, but of the former there is a more pressing demand.

College men may have been discouraged from pursuing pure research. In this highly practical age it may seem there is little room for work which does not have an immediate dollars and cents application. But such is not the case.

The pure research man is the pathfinder. Without him our fountain of knowledge would dry up. His findings in themselves may be uncommercial, but they establish a field for others to develop.

Volta worked out the crude voltaic pile—unimportant until other men improved and applied it. And so with Papin in the field of steam, or Lavoisier in chemistry.

Men of the inquiring slant of mind, stick to your last. In post graduate study, on the faculty, in the laboratory of some industrial organization, there will always be an "X" to baffle other men and call for the keenest thought of you blazers of the trail.
