## THURSDAY RALLY OF FRESHMEN IS UNUSUAL IN SIZE

Largest First-year Class in History of University Packs Armory — Estimated More Than 1700 Attend.

## EVERY SAYS FRIENDSHIP BENEFIT OF UNIVERSITY

**Coach Schulte and Professor Scott Make Appeals to Students—Emphasize "Nebraska Spirit," All Take Pledge.**

The largest class that ever entered the University of Nebraska met for the first time yesterday morning at 10 o'clock in the Armory for the freshman convocation and initiation.

It is estimated that 1700 first year students were present. There were seats for 1500, and after these were filled several hundred had to stand. "Nebraska Spirit" was the general subject of the meeting and from the enthusiasm shown by the yearlings in the yells and songs, the subject was more than carried across.

Chancellor Avery gave the principal address of the morning. He emphasized the importance of study and keeping reasonable hours.

"Your time is very valuable. It costs the state money, and it costs your parents a great deal more. But most of all, it is important to you because of the influence of the time spent now upon your later life," said the chancellor.

"I am not a believer in the burning of much midnight oil. It is much better to study in the morning, according to my estimation. About three hours study on each hour carried in the University ought to be enough," he continued.

"Do not neglect social contact beyond reason. You must remember that one of the greatest benefits of a university is the acquaintances made."

"As for Sunday, it should primarily be a day of rest. I would advise sleeping an hour or two more than usual. Another excellent thing to do is to go to church. Do not try to do too much pioneering in religious matters for a year or two," continued the chancellor.

"Try to make this section of the United States outstanding in the world because of its university. You are the class that can do it," concluded Chancellor Avery.

The University band played several selections before Chancellor Avery was introduced by Welch Pogue, president of the Innocents.

## Glee Club Selects One Accompanist

E. Avery was selected as accompanist for the University Glee Club at the tryouts held Thursday. Another similar tryout will be held Friday at 5 p. m.

Men wishing to try out for positions in the club may do so at the same hour. First tenors are especially needed.

Several small riots, in addition to the annual tour, are being planned by the officers of the organization. These will take place through the winter. The annual tour comes during spring vacation.

## Professor Christ Goes to Michigan College

Professor J. W. Christ of the botany department has resigned to accept a position as assistant professor of plant physiology in Michigan agricultural college, East Lansing, Mich. Professor Christ has been on the University faculty three years, and took his Ph. D. degree in botany last June. He is a graduate of Nebraska Wesleyan, where he took his A. B. and A. M. degrees. A successor will be appointed soon.

## Cheerleader Tryouts!

Tryouts for cheerleaders for football games this fall will be held Monday at 4 o'clock in the armory.

## Big and Little Sister Party To Be Held Tuesday Evening

Every freshman girl in the University is invited to a Big and Little Sister dinner to be given under the auspices of the senior advisory board, in Ellen Smith hall Tuesday evening, October 2, immediately after vespers.

This will be the first big and little sister get-together of the year, and every big and little sister is urged to be present.

Because of the large number of girls who will attend the dinner, it will be necessary for each guest to hold a ticket. Tickets will be on sale in Ellen Smith hall at Miss Cook's desk, until Monday noon, for 50 cents. Any girl who does not secure her ticket before that time cannot be served at the dinner.

Every big sister is being informed about her little sisters this week, and is being urged to get in touch with her freshmen at once. Many new girls have changed their addresses, so in some cases the big sister will not be able to find her little sisters.

Even though they are not personally invited to the dinner by an upperclass girl, each new student is expected to get her ticket and go to the dinner. She will meet her big sister there.

## EVERY SPEAKS AT PRESENTATION OF LODGE TO STATE

**Chancellor Represents University at Formal Exercises at Nebraska City Thursday Afternoon.**

PREDICTS THOUSANDS  
WILL VISIT THE PARK

Says Morton Park a Living Monument to a Distinguished Nebraska Citizen Which Will Inspire Others.

Chancellor Samuel Avery gave a short address at Nebraska City yesterday afternoon on the occasion of the presentation of Arbor Lodge to the state of Nebraska as a park.

Chancellor Avery emphasized the necessity of preserving natural beauty spots in the hands of the government. He closed his speech with a few observations on the educational value of parks.

"I believe that fifty years from now thousands of Nebraskans who come every year to the Morton park will be more conscious of Governor Bryan's acceptance of this gift than perhaps any other of his public acts," stated Chancellor Avery, "and Mr. Morton, who presents Arbor Lodge today to the State of Nebraska, may live longer in the memory of the people of the state for his connection with this state park than for his vast business operations.

In speaking of the value of parks as an aid to education in civic progress, the Chancellor said, in part: "This park, then, as a visible, living monument of a distinguished citizen of Nebraska will not only perpetuate his memory but will help to inspire those who see it to work well for the community in which they live and for the state of which they may well be proud."

## STUDENT COUNCIL TO HOLD MEETING TODAY

Brunt of Year's Work to Be  
Disposed of at This Meeting.

With the approaching class elections to be taken care of, vacancies in the Council to be filled, and a number of drives to be approved or rejected, the Student Council will hold an important meeting at four o'clock today in S. S. 107. The brunt of the year's work will be met by the Council at this meeting.

Members of the Student Council, who were elected last spring and unable to qualify for membership, will have their positions filled by new members who will be nominated at mass meetings and elected at a special election.

Lists of the big and little sisters have been revised, and those new girls who did not get big sisters during registration have now been assigned to the upperclassmen.

Freshmen who pledged to sororities have been taken from the lists, because they do not need the help of big sisters so much as the girls who are in dormitories, rooming houses or private homes.

The senior advisory board is recommending to big sisters that they take their little sisters to vespers and remain for the dinner with them.

Remember, freshmen girls, to get your tickets for the dinner at once. Don't wait until Monday.

## CONFERENCE SAYS 'TERRIBLE' TOMMY IS NOW INELIGIBLE

Rules Cornhusker Wing Star  
Out Because Represented  
Scarlet and Cream for Three  
Years.

SCHERER MUST NOW  
DEVELOPE ANOTHER

Dawson Plans Passing Game  
This Fall; Scrimmage Friday  
To Be Climax of Week's  
Practice.

Fred "Terrible" Thomsen has played his last game as a wearer of the scarlet and cream. Old man gloom again visited the Cornhusker training quarters and left word that Tommie had been declared ineligible at a meeting of the authorities of the Missouri Valley Conference association.

The decision was based on the fact that Tommie had played three years in college sports. Although he had not played three years at any one sport he had served his time as a Cornhusker representative.

During his sophomore year Tommie played football, in his junior year he played both baseball and football and his senior year he played football only. The rule states that a participant may play only three years in Valley games.

Thomsen and McAllister were the only letter wing men eligible this year and now it is up to Coach Scherer to develop another end to fill Fred's place. Rhodes is showing up good on end and with a little more experience will make a dependable wingster.

In the Thursday scrimmage with the freshmen, team "A" composed of Hutchinson, McGlasson, Berquist, Hendrickson, Ogden, McAllister, Rhodes, Captain Lowell, Noble, H. (Continued on Page 4)

## ELABORATE PLANS MADE FOR MIXER SATURDAY NIGHT

Committee in Charge Arranges  
Interesting Program for  
Opening First All-University  
Party This Year.

SPECIAL INVITATION  
ISSUED TO YEARLINGS

Male Quartet to Sing Special  
Selections; Music for Dancing  
to Be Furnished by "Nebraska's" Orchestra.

The first All-University party of the year will be held Saturday night in the Armory, beginning at 8:15. Elaborate arrangements for the funfest have been made by the committee in charge, and everything has been done to assure everyone a good time throughout the evening.

Freshmen are being especially urged to attend this opening mixer, according to the committee in charge, as it affords an excellent opportunity for the new student to become well acquainted.

Members of the committee for the party want it distinctly understood, however, that the mixer is for upperclassmen as well as the "Freshies."

A reception committee will meet each person at the door, and will print on a tag the name of the one who will wear this tag throughout the evening to assist him in getting acquainted. Each person will then be equipped with a paper and pencil and asked to secure as many names of persons present whose name begins with the first letter of their name. Appropriate prizes will be given to the winners of this contest.

The second big feature of the evening will be the selections by the male quartet. Following the quartet will be a comedy by Orville Andrews.

The floor will then be roped off for dancing, which will be the main entertainment for the remainder of the evening. The "Nebraskan's" orchestra, which recently returned from their summer engagement at Estes park, will furnish the music for the dancers. To avoid congestion of the dancers, the orchestra will occupy the center of the floor. The entire armory will be bedecked in very unique and effective decorations, consisting of streamers in a color scheme of Scarlet and Cream.

Checking will be furnished to the guests at the party by two checking stands. Refreshments, consisting of punch and wafers, will be served during the latter part of the evening.

The armory will accommodate 1500 people, and the committee in charge is expecting close to that number.
