

SPECIAL SECRETARY TO WORK ON DIRECTORY

Miss Williams to Have Charge of Copy Work on 1923 Book

Progress on the student directory, published annually by the Y. M. C. A., has been speeded up by the addition of a secretary who will have charge of all copy work. Miss Dorothy Williams, '23, has offered to assume this responsibility and will spend most of her time in the office, according to Paul McCaffree, general secretary of the Y. M. C. A.

The addition of Miss Williams to the staff of the directory will enable the editors of the book to put it on sale much earlier than was originally expected. A complete and accurate job is insured in addition to the saving in time. Frank Frye and Edith Olds head the editorial staff of the directory.

On Monday, students will fill out cards in their morning classes. From these cards the lists for the directory will be assembled. When the lists are complete they are to be placed in the hands of the "Y" committee for final arrangement and typing. Student volunteers, of whom Helen Kummer of the Y. W. C. A. cabinet is in charge have been asked to type these lists and the copy for the book.

The original goal of the committee to have the book in the hands of the printer by October 10 may be changed to a much earlier date. In this case, books will be ready for distribution before November. A record-breaking saving of nearly

three weeks over other years will be effected in this way, the committee believes.

As in the past, this year's book will contain the name, telephone, home and Lincoln address, year, college and affiliations of all University students. The office and residence telephone and addresses of the members of the faculty are included. Separate lists of the students coming from the different towns of the state and of the students from other states are given in the back of the book.

ADD HERTZLER TO SOCIOLOGY STAFF

New Professor Will Teach Two Courses Recently Instituted.

Professor J. C. Hertzler has been added to the faculty of the sociology department for the coming year. Professor Hertzler has taken some of his work at Harvard and has his doctor's degree from the University of Wisconsin, where he has been teaching for the past five years. His book, "The History of Utopian Thought" was published in February and has been widely reviewed.

At the University of Nebraska Professor will take over Dr. Howard's course in Social Psychology and will offer two new courses, the History of Sociological Thought and Social Economics.

Dr. Howard, who has until this year, given a course in social psychology, will drop all his undergraduate courses and confine his work to the graduate college.

IRISH PREPARE FOR BATTLE WITH ARMY

Rockne Puts Men Through Hard Workouts in Preparation for First Game.

Coach K. K. Rockne of the Notre Dame eleven put his men through stiff workouts last week bearing down heavily on his squad. All light scrimmage has ceased in the Notre Dame camp and heavy workouts are in line for the business there, so that they may be in prime shape for the Army game October 13.

The Army-Notre Dame game will be one of the first big games of the season and will give an accurate check on the ability of the Irish, who meet the Huskers here Nov. 10.

There is some doubt at present as to where the Army-Notre Dame game will be played. Ebberts field is the property of the Brooklyn National league team and has been rented for the game but this site is opposed by Baseball Commissioner Landis as the date of the game, Oct. 13, is also the date of the World Series in New York. Landis is afraid that the drawing attraction of such a big game would seriously injure the attendance at the Series. For this reason and for the reason of being near home Notre Dame alumni wish to have the game played at Chicago.

The ultimate site for the game will be determined by Secretary Weeks of the War Department, who has charge of West Point's football journeys.

To Read Tentative Constitution of Journalism Club

All students interested in journalism are asked to meet at 5:30 Wednesday afternoon in University hall 111 for a reading of the tentative constitution of the projected journalism club. This organization was

started at the close of the last school year, and is intended to unify the students in the newly-organized School of Journalism.

Girls Wanted for Y. W. Poster Work

All girls interested in poster work for the Y. W. C. A. should report at

once to Marie Wentworth or to Miss Erma Appleby in the office at Ellen Smith hall. This work consists in advertising all social functions of the organization throughout the year. Freshmen girls who have had any experience should hand in their names.

A BIG PEN to see you through a BIG four years

This is a great pen for college men and women! It is made by the makers of Eversharp pencil. It has a huge ink capacity! And the Wahl filling device fills it plumb full every time. It's a big pen. But it is so nicely balanced and proportioned that it fits into the fist most comfortably.

The Wahl Signature Pen writes the instant the point touches paper. The ink begins to flow evenly—always enough, never too much. The patented comb feed makes shaking unnecessary.

The everlasting nib is a wonder. Experts say it is the ultimate in nib-making. It suits itself to any hand—to any style. It is extra heavy. The 14-karat gold is tipped with the hardest and finest grade of iridium that money can buy.

The patented construction of the cap makes it impossible for the pen to leak in the pocket. The cap cannot split, for it is strengthened by the plain gold band. There are two sizes of the Wahl Signature Pen—one at \$5 for women, and one at \$7 for men! Other Wahl Pens, \$2.50 up!
