Start Campaign Against Student Automobiles at Michigan School

A press dispatch from Ann Arbor contains the following:

"Parents and guardians of University of Michigan students generally are sympathetic with the recommendation of university authorities that student automobiles should be kept at home but protests are heard often on the campus. President Marion L. Burton has received letters from parents commending the university's stand. Many are from parents whose children have no automobiles on the campus, but many are from parents whose children have their own cars in Ann Arbor. A circular letter from the president's office arrived in many homes at a time when there was some question whether to provide a car, and the letter instantly solved the question. Up to date but one letter has been received at the office of the president which opposes the attitude assumed by the university. It came from the head of one of the big motor car companies in Detroit."

University of Nebraska officials have many times discussed the desirability of a similar circular letter, but in every case decided that the temper of our people is such that advice like the above might be regarded as unwarranted interference in private matters.

In commenting on the dispatch Chancellor Avery remarked, "Inasmuch as Ann Arbor is in that section of Michigan where more than half of the automobiles of the world are built, President Burton seems to be willing to attempt to beard the lion in his den. He is a man of great personal influence and can put this reform over if any colleges president can. We are awaiting the result of his efforts with much interest."

Did you see the boys leave yesterday for Illinois? Did you wish them success and did you yell with "real" Nebraska spirit? If so, you have done your part to help the Cornhuskers win.

ROOM and board \$25 a month for 2 or 3 students; 2 meals a day. 1018 South 13th St, Lincoln.

Receive University Community Friday

Chancellor and Mrs. Avery will entertain at an informal reception on Friday evening, October 5, from 8 to 11 o'clock in Ellen Smith hall for all members of the faculty, other employees and officials, student pastors, and all associated with the life of the University community. The invitation includes members of the families of University people. It is hoped that a large number will improve this opportunity of becoming better acquainted.
