MANY IMPORTANT GAMES SATURDAY

Clashes Scheduled for Coming Week Draw Interest of Football Enthusiasts.

Last Saturday's football games saw many of the best teams in the country in action. The game on which attention centered largely was the Nebraska-Illinois game at Urbana. The only other big game was in the east between Pitt and Lafayette. Pittsburgh won the contest after a hard battle by a 7 to 0 score.

Practically all of Nebraska's coming opponents for the season swung into action Saturday. Notre Dame won from Lombard by a score of 14 to 0. Syracuse won an easy contest from Williams and Mary college 61 to 3. This score however is no indication of the ability of the Syracuse eleven, as William and Mary is not formidable.

The Kansas Aggies took an easy opener from Washburn 28 to 0 while Kansas U won a hard fought game from Creighton by a lone touchdown. The Kansas-Creighton game was played in a drizzling rain, making both sides fumble a great deal. Creighton meets another Missouri Valley team next week when it tangles with the Kansas Aggies at Manhattan.

Ames narrowly missed winning from Minnesota at Minneapolis playing the Minnesotans a 20 to 17 game. Other Big Ten teams that were held to low scores by small schools were, Chicago 10, Colorado Aggie 0 and Wisconsin 7, Coe 3.

Oklahoma will play its first game of the season when it meets Nebraska at the stadium Saturday. This will also be Nebraska's first Valley contest. Illinois will take on Butler next Saturday and Iowa the week following. After their decisive defeat of Nebraska Illini is being counted upon by its backers to win the Big Ten conference title.

Notre Dame will play its first big game of the season with the Army at West Point. This game will be the center of interest next Saturday. Ames will be at Missouri, Kansas will take on Oklahoma A. & M., Kansas Aggies have Creighton, Drake plays Rolla and Grinnel clashes with Washington in Valley contests, Saturday.

Hardy Will Give Lecture on Egypt

W. E. Hardy of Lincoln will give the students of Miss Pfeiffer's freshman history classes an illustrated lecture on the subject "Egypt" Wednesday night in the Bessy hall lecture room.

Mr. Hardy will devote most of his discussion to the tombs and monuments of Egypt, which he studied closely in his travels in that country. All interested are invited.

To Hold Association Luncheon Wednesday

The first Y.M.-Y.W.C.A. luncheon will be held Wednesday noon at the Grand hotel. Will Owen Jones will speak on "European Impressions" as the beginning of a series of talks on international problems.

The rest of the time available will be used for discussion of the world problems brought up in connection with the lecture. All students are invited. Tickets may be secured at Miss Applby's office in Ellen Smith hall or the Y. M. C. A. office in the Temple.

Dr. Charles Fordyce, chairman of the department of measurements and research, has completed giving mental tests to over 500 new students in Teachers College and Teachers College high school. Dr. Fordyce, through the Nebraska bureau of educational research, is also testing the students in city schools in various parts of the state. Several bulletins by the University Extension service have appeared recently with information on mental tests and measurements.

Polls will be open from 9 a. m. to 4 p. m. It is expected that the majority of votes will be cast before noon.

Buy a student ticket—it means football at 57c a game.

Lakeside Stationery
200 Sheets \$1.00
100 Envelopes
WITH ANY NAME AND ADDRESS
For Personal Use and Gifts
Your name and address scotchily printed in rich dark blue ink on Lakeside Bond. Size of sheet 6x7 with pointed flap envelope to match. The most economical and satisfactory way to buy stationery. Money refunded if not entirely satisfied. Once used you will never do without it. Order your pack today—Write copy plainly (not over 4 lines) and send with dollar bill, check or money order. Prompt delivery, no extra charge.

Plan Golf Tournament For University Girls

An all-University women's golf tournament is to be held if there are enough women interested. Many other universities have staged such tournaments with great success. All who would care to enter such a tournament are asked to leave their names with Miss Clark at her office, Memorial hall, room 202.

CIVIL ENGINEERS PICNIC AT PARK

Breakfast Is Held Saturday Morning With Many Students Attending.

Civil Engineers of the University held a 7 o'clock breakfast Saturday morning at Antelope park. Games entertained the picnickers after the breakfast and Mr. Gray of the civil engineer's association and Professor Hager made short talks.

Among the engineers attending were many freshmen. The freshmen were especially urged by the speakers to take part in the engineer's activities.

Before the breakfast, the engineers participated in playing horse shoes and in a tug-of-war.

The addresses were at 10:30, Mr. Gray telling of the usefulness of the civil engineer's association and Professor Hager explaining the advantages of belonging to the American Association of Civil Engineers.

After the addresses, Professor Hager took the freshmen to the A street municipal pumping station where he explained to them the machinery used in supplying Lincoln with water.

The annual convocation for freshmen women will be held at the Temple theater, Thursday evening at 5 o'clock. The W. S. G. A. is to take the place of the Mortarboard as sponsor of the annual meeting.

Talks will be given by Miss Heppner, dean of women, and by presidents of the W. S. G. A., Y. W. C. A., and the Girls Commercial Club.

Journalistic work will be made a special feature, especially that of the Daily Nebraskan and the Cornhusker. Advice will be given the women concerning other school activities.

Organizations that will be represented are Silver Serpent, Xi Delta, Mystic Fish, Pi Lambda Theta, Delta Omicron, Gamma Epsilon Pi, Theta Sigma Phi and Omicron Nu. All other women's organizations on the campus are invited to attend this meeting.

CORNHUSKERS WORK BEHIND SHUT GATES

Scarlet and Cream Eleven Uses New Formations in Secret Practice.

Behind closed gates, the Cornhusker moleskin warriors went thru a stiff workout Monday afternoon, consisting of a series of new formations and fundamentals. Coach Dawson divided the gridsters into several squads, all of which he kept under his personal supervision during the practice. The workout was filled with the old-time Husker fight, which bodes ill for the Sooner invasion Saturday.

The Oklahoma contest Saturday will open the home season for the Scarlet and Cream eleven. It will be the first home game of the season, in addition to being the first contest in the new Memorial stadium.

The Husker coaching staff is working overtime preparing for the Sooner game. Benny Owen's "forward passing Sooners" never fail to furnish the Huskers stiff competition, and so the Nebraska mentors are making a determined effort to strengthen the weak spots in the Scarlet eleven which were uncovered in the Illinois contest last Saturday.

Maude Vedder, B. Sc., has been appointed instructor in Home Economics. Instruction in entomology will be given by Don B. Whelan, M. Sc., who takes the place of R. W. Dawson, who is working on his doctorate at the University of Minnesota.

Green Buttons Put Freshmen Girls in Class by Themselves

Pity the poor freshmen men! By the laws of custom they must wear the emblems of their verandancy on their heads—even if they have red hair.

But the freshmen girls ridicule such a monotonous custom. They have enthusiastically adopted the green '27 button as a new and charming ornament. Upper class women gaze enviously at the new co-eds who can flaunt the latest fad which the authorities have placed beyond all others' reach.

One proud freshman girl displays the button from a mass of brown bobbed hair. Another has attached it to a watch ribbon and wears it about her wrist. Others have made pendants to toy with carelessly when being quizzed by an unsympathetic professor—and so on and so on.

These serviceable little buttons take the place of pins and bow ties, barrettes, and hairpins. They give a feeling of self-confidence and sophistication to the most timid freshmen. If an enthusiastic reception can help, the green button has already become an institution.
