

ANNOUNCEMENT OF NEW RATES ON RENT-A-FORDS

Due to lower gas, tire and car prices, we now quote the lowest rates in our history. Sedans and coupes are now the same rate. Also there is no time charge during the day time, except Sundays and holidays. The deposit required is reduced to \$10 cash. Cards showing the new rates in detail will be ready for distribution in a few days. We are pioneers in the business and our ideal is to furnish the best running cars at the lowest possible rates. We thank you for your patronage.

PEN INMATES GIVE TO BUILDING OF STADIUM

Penitentiary Dramatic Club Sends Check for \$231.16 to Association.

(University News Service)

Because of the kindness of the University of Nebraska in lending aid and materials to them, the inmates of the state penitentiary yesterday sent a check for \$231.16 to the Nebraska Memorial Association to be applied on the construction of the new stadium. The money is the proceeds from a minstrel and vaudeville performance given last spring by the Penitentiary Dramatic Club, composed entirely of inmates of the institution, to raise funds for the building campaign.

Desiring to express their appreciation for the aid of the dramatic department of the University in sponsoring and coaching their performance, of the athletic department for its aid in developing athletics, and of various other agencies, these "inside" men evolved the idea of doing their bit for the stadium fund. Walter Risenberg, president of the Penitentiary Dramatic Club, was one of the leaders in the entertainment project.

Since the second payment of the stadium pledges came due Wednesday a rigorous campaign has been conducted for the collection of the \$75,000 accumulating on these pledges. The payment movement on the campus will end next Wednesday.

Contracts have been let only for the two stands of the proposed structure. The completion of the building plan for the two ends must be deferred until more money is available. The present collections will be applied on the retirement of bonds issued by the memorial association July 1, which fall due serially, but may be retired at the option of the association. The interest is payable semi-annually; this year it amounted to \$18,000.

More money collected at this time means that more bonds will be retired, with a corresponding decrease in interest, announces the memorial association in requesting prompt payment of this second obligation.

High School Harriers Run Two-mile Course in State Competition

The home course high school cross-country run starts tomorrow under the direction of Coach Henry F. Schulte. Each team will run over its two-mile home course and send in the records for comparison. All men in Nebraska high schools who are eligible for athletic contests may compete.

The school producing the best team of three men will be awarded a banner. Seven individual winners will receive medals. The state record, 10:59, is held by Evans of Hastings. Milford won the competition last year, with Hastings, Columbus, and Kearney well up in the scoring column.

Husker Grid Album.

HENRY BASSETT.

Henry Bassett, who is completing his third year of playing on the Scarlet and Cream eleven, is stationed at tackle on the Husker team. During his first two years on the team Heinie played guard, but was shifted to tackle this year to bolster up the Nebraska line.

Bassett tips the beam in the neighborhood of the 200-pound mark. He is from Falls City, where he played four years on the high school eleven, and was all-state tackle his last year. He is a member of the N club and Alpha Tau Omega.

In the College World

The new physics building at the University of Nebraska will be equipped and ready to receive classes the second semester. It will have one of the most complete departments in the country.

A Date Making Agency has been started by a co-ed at Kansas University as a means toward paying her school expenses. For twenty-five cents she will arrange a date for any girl, satisfaction guaranteed or money refunded. The agency gets an additional quarter for every additional date with the same man. If the couple eventually become engaged, the date maker gets a five pound box of candy.

Plans for an athletic stadium are now being made at the University of Colorado to be built from profits of football games. It is probable that the 1924 games will be played in the new bowl.
