GLEE CLUB ARRANGES FOR "VARSITY DANCE"

Mixer on November 10 to Be in Charge of Musical Organization.

The University Glee Club will give the "Glee Club-Varsity Dance" in the Armory the night of November 10. The mixer, scheduled for the night of the Notre Dame game is to be given under the direction of the glee club.

Members of the committees for the dance promise something different for the evening. The Glee Club and the Varsity Quartet will sing for the guests and the rest of the evening there will be dancing. Plans have been made to provide good music for the dancers.

The glee club and the quartet have been practicing since the beginning of the school year and have learned many new pieces. The glee club has been preparing some good entertainment and concert numbers for the mixer and the annual tour of the glee club, which will be held during the spring vacation.

PNEUMONIA CAUSES DEATH OF MRS. FIELD

Has Been Employed in Registrar's Office for Six Years.

Mrs. Eunice Field of the registrar's office died yesterday morning at 4 o'clock of pneumonia. She had been ill with influenza for almost a month, the pneumonia having developed last Friday. The funeral will be held tomorrow morning and the registrar's office will be closed from 10 to 12 o'clock, during the services.

Mrs. Field was 63 year old and had been in the registrar's office since 1917. She was for many years the secretary to the principal of Lincoln high school. She was very active in spite of her age.

Two daughters survive Mrs. Field, Miss Edith Field of the Omaha high school history department, and Mrs. Claude Tillotson of Washington, D. C. Both of the daughters are graduates of the University.

TEACHERS HEAR TALKS BY FACULTY MEMBERS

Seventeen Instructors Give Speeches at District Meeting of Teachers.

A number of professors of the University are giving lectures to the division of the Nebraska State Teachers Association which is meeting in Lincoln this week. The convention opened Wednesday evening with an address by Chancellor Samuel Avery. The sessions will continue until Saturday noon. The University professors who are addressing the convention are:

- Dr. F. D. Barker, "The Relation Between Chemistry and Biology."
- Dr. H. H. Marvin, "The Teaching of Electricity by Using the Electron Theory."
- Dr. F. W. Upton, "Colloids and Their Applications."
- Miss Grace M. Morton, "How Can We Make Our Clothing and Related Art More Educational."
- Miss Jeanette Johnson, "Some Laboratory Problems and How I Have Solved Them."
- Miss Beulah I. Coon, "Various Ways of Supervising Home Projects."
- Prof. C. R. Sherer, "Experimental Courses in Mathematics."
- Miss Bess Steele, "Modern Trend of Art Education."
- Prof. F. M. Fling, "Art and Life."
- Prof. M. H. Swenk, "The Progress of Agricultural Education in Nebraska."
- Prof. J. D. Hicks, "Our Pioneer Heritage."
- Dean P. M. Buck, "England in India."

"POW-WOW" PLANNED BY GREEN GOBLINS

To Create Spirit for Olympics at Meeting of Freshmen November 16.

A big freshman "pow-wow" is being planned for November 16 by the Green Goblins, freshman men's honorary fraternity. The gathering, which will be held to create enthusiasm over the coming Olympics, will be held in the stadium at 6 p. m. A meal, speeches, and entertainment will make up a short snappy evening for the new men. An admission charge of 25 cents will be made.

The Goblins are planning a program which will be of interest to every freshman and which will help toward making the freshmen successful in Olympics. The tickets for the "pow-wow" will be sold by the members of the organization starting next week.

The Green Goblin meeting was held last night at the Delta Chi house with nearly all of the members present. After several speeches by members of the Innocents society, the Goblins passed a resolution asking for the aid of all freshmen in the stadium drive which is to be held next week.

An address by Dr. Condra, founder of Olympics is being planned for the meeting next week. Plans for the Olympics are coming along rapidly, and the freshman try-outs will be held in the near future.

A. A. E. GIVES NOTEBOOK FOR LOTTERY AT STAG

Free Chance Given to All Engineers at Smoker Tonight in M. E. Building.

Free tickets for drawings on the notebook offered by A. A. E. at the Engineers' stag tonight have been distributed to all engineers that smoker committee members were able to reach in laboratories and on the campus. Any engineering student who has not received a ticket may obtain one at the smoker in Mechanical Engineering 206 at 7:30 tonight.

All professors of the college are invited to attend the stag and will be given a chance to enter the story-telling contest, Harold Edgerton, chairman of the committee in charge, said yesterday.

Marshall and Edgerton are working on numberless verses to a ditty designed to introduce "local color." Novel athletic events, including a fencing math and boxing and wrestling, are on the program.

Coffee and "coney islands" will be served in the foundry just before drawings for the notebook.

Harry Sargent, president of A. A. E., will explain the purpose of the association in a short speech at the close of the professors' talks. Sargent is Western Inter-collegiate fencing champion and will be one of the contestants in the match to be put on in the woodworking laboratory.

PLANS FOR LIVESTOCK SHOW ARE COMPLETE

Annual Affair to Be Staged Saturday Night on Ag Campus.

Plans are complete for the seventh annual Baby International Livestock show Saturday from 7:30 to 9:30, the committee in charge announced. The Block and Bridle club expects the biggest and best exhibition yet staged at the Ag college.

Nearly 200 students attended the Ag college meeting Thursday to arouse interest in the stock exhibit, reputed to be the best any college in the country. A class of yearling shorthorns, winners of their class in the Denver show three months ago, will be on display.

The livestock show has been rated second to only the Farmers Fair in importance on the Ag calendar and is open to the public. The stock to be exhibited has been prepared for show purposes by students.

During the stock exhibit the Block and Bridle club has arranged for high class entertainment—with the Ag clown performers. The price of admission is 40 cents.

Does your P. M. schedule read like this?

If your burning ambition is to excel as an all-around society man, you couldn't have planned your evenings better. Such persistence will win out over the indolence of the rank and file, for as the poet says,

Reprint
"The heights by great men reached and kept
Were not attained by sudden flight,
But they while their companions slept
Were toiling upward in the night."

But if you intend to make your mark in engineering or business, don't expect that supremacy on the waxed floor will help when you start hunting a job.

Not that you need swing to the other extreme as a "grind" or a hermit. Let's concede it is all right to minor in sociabilities—but certainly it is only common sense to major in the math and sciences and English that will mean bread and butter to you later on.

Remember this—the harder you work right now in getting a grip on fundamentals, the easier things will come to you when you must solve still bigger problems. And if you take it easy now—well, look out for the law of compensation.

It's up to you. While you've got the chance, seize it, dig in, plug hard. It will pay—in cold cash.

Western Electric Company

Published in the interest of Electrical Development by an Institution that will be helped by whatever helps the Industry.

*Two years ago this advertisement appeared in the Western Electric college paper series. It received so much friendly comment from your faculty and alumni, including some graduates who have since entered our business, that we now reprint it—as a suggestion in this busy month of schedules.
