HERE'S SOME TONIC

Before the game with Harvard a week ago, the Dartmouth paper, in trying to show the students that dope was not always right, published the following:

"Coach Gilmour Dobie said before the Colgate game: 'To beat a team of good football players, you have to have a team of football players. Our chances against Colgate? We haven't any more chance than a snowball in Hades!' Score Cornell 34, Colgate 7."

"Coach Rockne before the Princeton game: 'I honestly believe that we will be beaten. Of course we will do all we can to win, but we will consider it no disgrace to lose to a Princeton team!' Score Notre Dame 25, Princeton 2."

And then Dartmouth, against all the odds of dope, gave Harvard a decisive beating.

It is our turn to think it over.

GO, GANG GO!

Nebraska students moan about Nebraska spirit, pointing to the K. U. rooters as examples of what we should be—and now to show how differently the eyes of the world see, K. U. comes out with a sad song of how the Aggies out-rooted and out-cheered the Jayhawkers. Every school in the Valley must be pointing at every other school to show how the students should yell or sing.

That's interesting indeed. Maybe we aren't so poor after all. Maybe it was all a mirage. It would be good to think so. And now, sifting the evidence down, how do we know how our cheering sounds to other ears? Nobody has ever said that we were poor backers. Nobody has ever accused Nebraska students of being a bunch of sphinxes. Let's call the whole thing a boomerang and let the sport world know that the Cornhusker team and the Cornhusker students are primed with TNT for that big explosion Saturday afternoon.

This is to be a pep week ending Saturday night with a disappointed lot of Notre Dame football players.

PLEDGING FRESHMEN.

Even though fraternities know that freshman pledging is not highly satisfactory, they insist upon following the common practice of matching skill and speed against careful consideration. They grab blindly and wildly for young men who signify their intentions of entering Nebraska.

Freshman pledging is neither logical nor highly successful. It is merely the result of lack of co-operation among fraternities, and it is a kind of co-operation that would elevate the type and character of all men within the organization. An agreement among fraternities would be a successful and easy manner of getting the most desirable and valuable men.

Such, however, would not be possible without dormitories. There would be no place for freshmen to stay and there would be no means of keeping them under the supervision of authorities in the University.

If there is a time when dormitories are given to the University, then it will also be time for fraternities to consider sophomore pledging as an advancement that follows the progress of the University with which they are connected.

Notices

Meeting of Catholic students club, Sunday at K. C. hall at 8 o'clock.

Wrestling Candidates.

All candidates for the varsity wrestling are urged to report at once to Head Coach R. G. Clapp, gyn, 206, as training starts immediately.

Freshman Committee.

All members of freshmen Olympics committee are requested to be present at the committee meeting Sunday afternoon at the Pi Kappa

RAG CARPET

Contributions Are Invited

The Rag Doll says that she, too, would roll around in a limosine only it isn't ladylike.

One of our teachers used the curtain cord for a compass string. No wonder the buildings are deteriorating.

Predicament—
Time: 12:20 1-4.
Place: Sorority porch.
Situation: Hairnet caught on coat button!

Noah paced the deck.
He was solitaire.
He had a wrathful royal flush.
So he gave two birds the air.

"Something seems to be missing"

house, 1438 R street. The meeting will be called at 5 o'clock and will be short but important.

Bizad Magazine Staff.
Business staff of the Bizad magazine will meet in Commercial Club room in Social Science at 5 o'clock Monday.

ISSUES CALL FOR VARSITY WRESTLERS

Kellogg, 125 Pound Class, Is Only Letter Man Back for Mat Sport.

Head Wrestling Coach Dr. R. G. Clapp has issued the first official call for varsity wrestlers.

There is almost a whole new team to be made this year due to graduation. Only one letter man has returned to school, so the coaching staff has a big job on its hands.

John Kellogg, 125 pound class last year is the only man of last years team to report. Kellogg is overweight this year and may be used in the 135 pound class.

Nebraska was strongest last year in the heavyweights with Renner in the 190 division, Captain Troutman, winner of the western inter-collegiate match in 175 class, and Ex-Captain Floyd Reed also winner of the western intercollegiate match in the 158 pound class. Pickwell, 145 pound last year's man, did not return to school. Isaacson, 135, graduated, and Probst, this year's captain, is not in school this semester, but is expected back the second term.

The 145 pound class is the most promising this year with Skinner, Moobery, and Thomas, a former member of the squad two years ago, all bidding strong for berths on the team.

So far the actual dates for the schedule has not been made out but all of the games have been arranged for. The four meets on the two-year contract are Minnesota and Iowa at Nebraska, and Ames and Kansas there. Other meeting that are sure are the ones at the western inter-collegiate meets. In this big meet there are all the teams in the big ten with the exception of Michigan plus Ames and Nebraska.

Coach Clapp will have charge of the wrestling again this year. He will be assisted by Swindell and former captain, Floyd Reed.

Everyone interested in wrestling is urged to report to Dr. Clapp immediately at 206 Memorial hall.

STUDENT ENGINEERS TEST POWER PLANT

Work Is Part of Curriculum of the College of Engineering.

A complete test of the University power plant is being made by the junior and senior engineers. The work in the test is a required part of the curriculum of all engineers, and while the actual test requires only 16 to 24 hours, the compilation and filing of the data into a complete report will require several weeks.

This is the first experience juniors have had in power plant testing. Seniors act as leaders and supervisors in this test, conducted in accordance with the standard test code, arranged by the American Association of Mechanical Engineers.

The determination of the efficiency of boiler room equipment, of engine room equipment, and finally of the plant as a whole, is the problem before the group.

This test is carried on once a semester, the result showing an efficiency favorably comparing with that of the average commercial plant.

Forty men are taking part in this test, in four hour shifts of ten men each, under the supervision of Professors A. A. Luebs and J. W. Haney.

said the Kansan after the cyclone.

The Rag Doll says that if the boys with the vivid checked shirts will call at the office, she will arrange for a checker tournament.

We have decided the only way to stop tardiness to eight o'clocks is to broadcast the lectures by radio.

Doctor: Young man, you have a broken leg, black eye, sprained ankle and two missing teeth. What happened?

Weary patient: I dropped my fountain pen while entering U hall.

We wonder if any one else has noticed the great disagreement among the clocks on 12th street.

In the College World

The engineering extension department of Penn. State is giving varied courses to the inmates at Rock View Penitentiary. More than one-fourth of the five hundred prisoners have enrolled for this advantage. The subjects range from "harmony" instruction and the reading and writing of the English language, to fundamental studies of electricity, heating and ventilating, mechanics, business salesmanship, chemistry, agriculture, etc. The prisoners great desire "to be able to get somewhere when they get out" may now be fulfilled. The enrollment ranged from men who didn't even know their A. B. C.'s to High School Graduates.

The Annual underclass tilt will be staged at Syracuse University soon. When the two classes appear on the field of battle the sophomores will be supplied with bags of salt to use on the freshmen who attempt to gain the summit of the hill.

As the Freshmen, won the Flour Push three weeks ago, and the sophomores triumphed in the impromptu rush held between the halves of the Alabama game, class rivalry is at fever heat, and both sides are organizing for the struggle.

RENT-A-FORD—Shove it yourself.
Munson Motor Co., phones B1550 and B1517. 1125 P St.

Last Tuesday afternoon at 4 o'clock fraternity athletes of the University of California will again be seen in action. This time it will be an interfraternity track meet on the California oval.
The meet will be run off on Tuesday and Thursday.
The first five places will count so

each house will have a better chance to score points. Any man is eligible for entrance but all Varsity and numeral men will not be able to compete in their own event.

The Sophomores and Freshmen are officially friends at McGill University, and all rivalry is over. Last week the

campus saw the festival of the cap-burning.

All Uni. of Oklahoma freshman medics will grow a mustache as a distinguishing "mark" from other medic students. A vigilance committee of ten men has been chosen to enforce this mustach tradition.

Change Your Shoes Each Time You Change Your Suit!

There is little use in putting your best foot forward if it's poorly shod. A variety of shoes will not only make each pair look better, but they will last longer.

Super Values in Hi and Lo Shoes for Men

You are not in style merely because you change your suit. When you dress for dinner you wouldn't put on the same collar that you've worn all day. And your shoes are even more prominent than your collar.

The Speier Shoe Store has so revolutionized prices that a shoe wardrobe is no longer considered a luxury, but a necessity.

Speier Character Shoes are made for a reason rather than a price. In our windows, you'll find just the shoe you want for just the occasion you want it.

Dress up your feet or don't dress up at all!
