

Lower Rates on Rent-A-Fords

We now announce a new low rate on drive yourself Fords. At the request of a large number of our patrons, we have adopted the low time and mileage combination charge. Dating Nov. 8th, touring and roadsters will be only 12 cents and sedans and coupes only 14 cents per mile (with gas and oil extra). There will be no time charge on week days from 6 a. m. to 6 p. m. Twenty cents per hour will be added after 6 p. m. and on Sundays and holidays. The deposit is reduced to \$10. Rate cards, delayed on account of this change, will now be ready for distribution in a few days. We are pioneers in the business and our ideal is to furnish the best running cars at the lowest rates. We thank you for your patronage.

HUSKERS ARE FAVORED TO WIN FROM IOWANS

Nebraska Supporters Fear Aggies Who Display Brilliant Football.

Following her victory over Notre Dame, the Cornhuskers will leave for Ames Thursday where they will meet the fast Aggie team. The Huskers, since last week's game, are favored to win Saturday's contest but anything may happen and a hard battle is anticipated.

Ames' season record shows they are capable of playing a real brand of football.

Starting out the season with a win over Simpson college, Ames lost a close fought battle to Minnesota of the Big Ten conference 20 to 17. The Aggies displayed brilliant football in the game and led the Minnesotans for the first three quarters.

Ames won a close and spectacular contest from the Missouri Tigers 2 to 0, playing a 7 to 7 tie with the Kansas Aggies the next week. After the Aggie game, Ames again went on the road to St. Louis where the Iowans smothered Washington U. 54 to 7.

The only dark spot on the team record is a 21 to 0 defeat administered by Drake. Drake has lost to Coe since, and the Aggies have been lying idle the past week end. The Nebraska contest is their homecoming game and the big battle of the season.

THOUSANDS FROM OMAHA SEE GAME

Burlington Reports Ticket Sales at 1,750; Hundreds Drive to Lincoln.

Burlington reports of ticket sales to Lincoln last Saturday give a fair estimate of the number of Omahans who attended the Notre Dame game. On that day alone 1,750 tickets to Lincoln were sold. The major portion of these were sold to persons going to the game. To this number should be added those who came by some other line and those who arrived in Lincoln before Friday.

Since the weather was ideal for driving and the roads were in good condition, hundreds probably drove down. A restaurant man in Greenwood reported that he counted 586 cars going from Greenwood toward Lincoln while he was driving a truck-load of produce home Saturday morning.

Workers Needed for Basketball Tourney

"We can use 200 men as workers in the high school basketball tournament this year," stated F. Campbell Swanson, member of the Y. M. C. A. cabinet in charge of tournaments. Each year the Y. M. C. A. works in co-operation with the athletic department and the Chamber of Commerce in seeing that all the players in the tournament are taken care of.

"We hope to operate a check stand and information bureau in the Temple as in former years," said Mr. Swanson. "All trains will be met and during their stay in Lincoln we hope to make things comfortable for the boys." Mr. Swanson has been a member of the Y. M. C. A. cabinet for two years and was in charge of boys' work last year.

Expect Over 20,000 at K. U.-Tiger Game

Temporary seatings to bring the capacity of the K. U. memorial stadium to 22,400 for the annual Kansas-Missouri football game Thanksgiving day are announced by Dr. F. C. Allen, director of athletics at the University of Kansas. Advance sales already indicate all tickets will be sold.

Two years ago, when the stadium was first used for the Kansas-Missouri clash, the attendance was about 20,000. Of seats sold this year, 3,672 in the center sections of the west wing of the stadium will be assigned to Missouri.

American flags in large numbers are used to decorate the stadium when games are being played. Not only are the national emblems spaced along the ridge of the stadium units, but the fences at either end of the field have their quota of the flags. School flags of the contending teams are flown under the larger American flag on the staff at the entrance.

DRAKE HAS GOOD CHANCE FOR TITLE

Kansas and Oklahoma Are Only Rivals to Be Disposed of.

With the Ames hurdle safely out of the way in their sprint for the Missouri Valley football championship, the Drake Bulldogs now are pointing to their contests with Kansas and Oklahoma and a clear claim to the title, if they can dispose of these two rivals.

The Bulldog mentor will put a powerful eleven on the field against Kansas at Lawrence Saturday. The Bulldogs will meet Oklahoma at Norman, November 29, in a big Thanksgiving day battle.

The fact that Nebraska, Missouri and the Kansas Aggies all have figured in tie games will give Drake a clear title to the football championship in the Missouri Valley loop, provided the Bulldogs follow their victories over coming combats.

MAYOR CONDEMNS AEROPLANE PILOTS

Dayton Says Flying Low Over Crowds, as at Stadium, Is Dangerous.

Aeroplane flying low over the stadium while a game is in progress is a practice strongly condemned by Acting Mayor Dayton of Lincoln. He is trying to secure the promise of all aeroplane companies here they will not allow any of their pilots to repeat this rather dangerous stunt. If he is not successful in getting these promises he intends to urge that some form of legislation be enacted by the city to make flying over crowds illegal. It is understood that the planes that flew over the stadium were privately driven, however.

If one of the planes had failed in the air the Acting Mayor believes that hundreds of people would have been injured by its fall.

A twenty foot "welcome monument" was erected at the University of Illinois to greet the Homecoming crowds. The pillar will be eight feet square with a pyramid top and will have the appearance of old stone. At the top will be the words, "Welcome, Illinois, Chicago."

PUBLISH STATE FARM HISTORY IN ONE YEAR

Sheldon, of Historical Society, and Pioneer Homesteader, Write Book.

(University News Service.)

From the first crude tillage of the Indians to the efficient agriculture of today the farm history of Nebraska will be recorded by Addison E. Sheldon, secretary of the Nebraska Historical Society, and S. C. Bassett of Gibbon, pioneer homesteader. "History of Agriculture in Nebraska" the volume upon which these men have spent years of preparation, is expected to reach completion in another year. The results of their research now cover over 500 typewritten pages. All of the various phases of the land development of the state, crops, inventions, movements and the like, will be exhaustively treated in this work.

Mr. Bassett has had exceptional facilities to observe the development of agriculture in Nebraska, for his is one of the original homesteads in Buffalo county, taken in 1871. Discharged veterans from the Union forces of the civil war formed at that time the soldiers' colony of Buffalo county. In the course of his residence in Nebraska Mr. Bassett served several years as a member of the state board of agriculture, the State Historical Society, the legislature in 1885 and again in 1911, and was one of the organizers and the secretary of the State Dairymen's Association.

Mr. Sheldon came to a homestead in Seward county in 1868 with his father, who was one of Nebraska's first settlers, and has been actively connected with agriculture for fifty-five years, first as farmer, then as country journalist. The articles on Nebraska in the Encyclopedias Britannica and Americana were compiled by Mr. Sheldon.
