Curious Answers Given in Picture Puzzle Contest

Have you decided what is wrong with the picture in last Thursday's Daily Nebraskan? Several solutions have been given, all of which are quite plausible.

For instance one suggests that the second picture should have been first, the third picture second, and the first picture last. The strange part of it is that this solution was given by a girl.

Then someone thinks that the girl is leading the man which is of course far from the proper thing to do.

One young lady had evidently had a bad date last week end for it was her opinion that the only thing the matter with the picture was that he was not stepping on the girl's toe.

Some sophisticated young man suggested that their faces were too far apart. We wonder how he could gaze so soulfully into her eyes if they were any closer together.

The question is not yet decided. Why don't you try your luck?

ALEXANDER PRAISES NEW STATE CAPITOL

Contributes Critical Article to October Number of The Western Architect.

(University News Service.)

Dr. Hartley B. Alexander, chairman of the department of philosophy, contributed to the October number of the Western Architect, Chicago, a national journal of architecture and allied arts, a critical article on Nebraska's new state house, illustrated by a frontispiece showing one of the interior courtyards and a corner of the tower, and fifteen other illustrations and plates.

Dr. Alexander states that the "happy confluence of an architect of genius and a public without the prejudice of an architectural tradition have given the state of Nebraska promise of the most arresting, and—its admirers believe—enduringly beautiful public building in America," that the combination of the talents of Bertram G. Goodhue and Lee Lawrie has achieved a notable effect in the architectural decorations of the mass.

Commenting on the work of Mr. Lawrie, the article concludes that the new structure is sure to prove as beautiful in adornment as it is to be monumental in form.

THREE HUNDRED FROSH GATHER AT POW WOW

Class Spirit and Interest in Olympics Aroused at Outdoor Feed.

Three hundred freshmen attended the first pow wow held in the stadium Friday at 6 o'clock for the purpose of arousing class spirit and interest in the Olympics, which will be held next Saturday morning before the Syracuse game.

The rally opened with a big feed. During the meal the yearlings were entertained by music furnished by the Cosmopolitan quartet and songs by the University quartet. Dave Doten, class cheer leader, then led the first-year men in a series of rousing yells.

Welch Pogue, president of the Innocents, and Professor Bentzen were the speakers. They told the yearlings of the green cap and Olympic traditions at the University, and expressed the opinion that the freshmen would win. Judd Crocker, president of the Green Goblins, which was in charge of the pow wow, introduced the speakers.

Eastern Comments on Nebraska Victory Over Irish Still Come

Every day Cornhuskers are brought more and more to realize the true magnitude of Nebraska's great feat in beating the Irish from South Bend. From far away Boston came a letter yesterday to the Nebraskan from Kenneth McCandless, Nebraska alumnus, telling how pleased Nebraskans in Boston were, and how the victory shocked the east. His letter and clippings enclosed in the letter follow:

Dear fellow Cornhusker:

How the east opened its eyes in surprise at "the victory" is old stuff to you now but sometimes it is sweet to continue tasting of the well-earned fruits so here are some random clippings which may furnish something new to chew on.

The first thing Monday morning the Monitor sports editor inquired what kind of a team Dawson had out there in Nebraska, anyway. He wired for a special story to explain how come.

Eastern critics used much type in guessing how it all came about. Their guesses left out the most important element, though, for they didn't know of the magnificent preparatory morale bombardment laid down by the Nebraskan. This, I feel sure, broke the "Irish" line even before Lewellen and the gang went through.

The boys around the office here chuckled when they saw the barehanded way the "Rag" went after the "Irish menace" and the "conquering Micks." Around dear old Boston, to even breathe the word "mick" means a fight.

I hope there will be some news in the following comments by New York and Boston sport writers last Monday:

W. S. G. A. DRIVE FOR MEMBERS THIS WEEK

Booths Will Be in Library and Ellen Smith Hall Monday, Tuesday, Wednesday

The annual W.S.G.A. membership drive comes this week. On Monday, Tuesday and Wednesday booths will be placed in the Library and Ellen Smith hall in charge of board members where all girls will have an opportunity to obtain a voting membership. The fee of 50 cents entitles a girl to vote on all general rules and for board members in the spring. There will not be another opportunity to subscribe later in the year.

Many freshmen joined W. S. G. A. during registration this fall. A complete list of those members will be on file at one of the booths for reference.

Last year there were more voting members than there ever had been previously. This year the board wants to increase the membership list to at least 1,000.

Girls in organized houses will be reached through their house presidents.

HUSKERS WIN THIRD IN CONFERENCE RUN

Ames Is First and Tigers Second—Nebraskans Upset Dope.

By Paul Zimmerman.

LAWRENCE, Kan., Nov. 17.—(Special to the Nebraskan.)—Nebraska's cross-country team sprung the surprise of the harrier season here today by placing third in the annual Missouri Valley conference cross-country run, which was held during the first quarter of the Drake-Kansas football game. Ames, who has won the meet for the past four years, took first place, while the Tiger harriers were second. The time for the run was 28:05.

Individual honors went to Cyclone runners, who captured first and second places. Zimmerman, the first Husker to finish, took seventh place.

In winning the meet, Ames made the low score of 36 points. The Missouri runners, coached by Bob Simpson, former world's champion hurdler, were doped to take first place, but had to be satisfied with second laurels.

The Scarlet and Cream hill and dale team, in placing third, were victors over Kansas and Oklahoma, both of whom had defeated the Huskers on the home course at Lincoln. The Nebraska team won sixth place at the Valley run at St. Louis last year.

The eight schools entered in the meet were: Ames, Missouri, Nebraska, Kansas, Kansas Aggies, Washington, Oklahoma and Drake.

HUSKERS SUBDUE CYCLONES 26-14

Ames' Forward Passing Thrills Spectators; Injuries Slow Up Game.

AGGIES RALLY, SCORE TWICE IN LAST PERIOD

By John Hollingsworth.

AMES, Ia., Nov. 17.—(Special to the Nebraskan.)—By a 26 to 14 score Nebraska's fighting Cornhuskers subdued the Ames Cyclones here today in a stubbornly fought contest, featured by the comeback of the Farmers in the final period when, with the score 26 to 0 against them, the Aggies rallied and scored two touchdowns against the conquerors of Notre Dame.

The forward passing of the Iowa team was spectacular, and was responsible for both the Farmer touchdowns. Substitutions and injuries on both teams slowed the game up somewhat in the last half. Captain Lowellen and Dewitz brothers starred for Nebraska, while Roberts and J. Behm were the most important factors in the Cyclone attack.

Captain Lowellen won the toss and chose to defend the south goal. Roberts of Ames kicked off and made a short kick of thirteen yards which was recovered by Ames on Nebraska's 47 yard line. Ames then opened the game with a threatening forward passing game only to be held by Nebraska on her own 11 yard line. Lowellen's toe put the Nebraska goal out of danger, and the ball saw-sawed the remainder of the period. Nebraska was on the defensive for most of the first quarter.

Locke was injured in the first few minutes of play, but remained in the game. Hartman went in for him in the first quarter.

Nebraska Takes Offensive. In the second period Nebraska sliced Ames' defense, and took the offensive. The Dewitz brothers and Hartman worked the ball to Ames 20 yard line by successive line plunges, and on the next play Robertson ran across the goal line for a touchdown. The next touchdown was scored shortly after by line plunges and end runs, with Herb Dewitz taking the ball over.

Lowellen kicked off, and it was Ames' ball on Ames' 23 yard line. A penalty put the ball back to Ames' 10 yard line where Young tried a forward pass that was intercepted by Ruus Dewitz who ran for another touchdown. The half ended with the score, Nebraska 20, Ames 0.

NAMES NINE SUPERIOR CHEMISTRY STUDENTS

Professor Thompson Also Lists Nine Who Are Doing "Very Good" Work

"I am a firm believer in athletics and I admire the spirit that is shown in them, but I believe that such spirit should, and can, be shown in the classroom. It is for this reason that I am starting to name the superior students in my Chemistry 31 class and to give them special instruction and laboratory work," said Prof. T. J. Thompson of the chemistry department last Friday afternoon.

Professor Thompson has taught chemistry for many years and has had ten classes in Chemistry 31 in this University, but he says that this year his class shows the best spirit of any that he has had yet. Of these 190 students he has picked nine who are doing superior work and nine others who are doing very good work.

The following are those who have done superior work so far this year: George Beadle, Clarence Elliot, Lucille John, Robert Moore, Robert Svanda, Peray Tollman, Walter Tolman, Gladys Trullinger, Albert Wolf.

The following have done very good work: Betty Bosserman, Leona Davis, Dyle Downing, Ruth Glover, Ethylwyn Gulick, Helen Krejci, Donald Loder, Bernice Sherer, Edgar Tullis, J. Wray Taylor, Kenneth McGregor, Lucille Bliss.

OHIO—Alpha Xi Delta sorority was awarded the intersorority scholarship cup for the second time. Helen Hunscher, Sigma Kappa, was given individual scholastic honors.
