

**Girls' Commercial Club Meets to Discuss Plans**

The Girl's Commercial Club will meet Wednesday at 5 o'clock in Social Science 107 to work upon plans set forth by the executive committee which met in semi-annual session Tuesday evening at 6 o'clock at Burrough's Cafe to formulate plans for coming achievements. The Commercial Club has 200 members, and officials say that every member is needed at the meeting tonight if the projects are to be successful.

**Graduate Students to Organize Club**

Graduate women students in the University are organizing a club to foster good fellowship and to discuss problems confronting them in their work. The first regular meeting will be held in Faculty hall, on the second floor of the Temple, from 5:30 to 8 p. m. Thursday. All graduate women students are invited to attend the dinner and the following meeting.

**Invite Masons to Hear Peterson Give Address**

C. Petrus Peterson, city attorney, will speak at the Square and Compass club tonight, instead of last night as announced in yesterday's Nebraskan. Mr. Peterson will give his lecture on "Hello, Mike." Every Mason in school is urged to be present and hear this talk.

"We want the Masons in school to understand that they are welcome at all meetings of the club," said Frank Johnston, one of the officers.

Edwin Hogle, member of the Omaha Technical high school team which won first honors in the state debating tournament last spring, was chosen captain of the affirmative team.

**Equipment Association Holds Three Contests**

Three contests for students will be a part of the program of the Nebraska Farm Equipment Association meeting at 1 p. m. Thursday, January 10 at Ag Engineering Building. A hot lunch, will be served at noon by the student chapter of the American Society of Agricultural Engineers.

The first event will be a trouble shooting contest on tractors. The competitors will work in teams of two. The second will be a forging contest in which thirty-two men may enter. The third will be a girls' nail driving contest for girls taking woodwork. Prizes are offered by local companies to the winners.

New York—Ten men and women players are to be sent with the tennis section of the big American Olympic team that goes to the Paris Olympics next summer. No competition in general sports has ever been arranged with such continuity and high quality as will be provided next summer in Paris.

**Students May Watch Movies While Eating**

The Photo Specialty House, under the management of U. G. Cornell and Miss F. E. Taylor, who were for several years connected with the university, has installed a system of motion pictures in connection with "the sandwich shop." These pictures are to consist of comedies, educational pictures, and things of importance which happen in University life such as athletic contests. The sandwich shop is so situated that it is possible to watch the pictures while eating.

Bernard Gradwohl, '22, Law '24, was one of the judges who selected the debate team for Cotner University Monday. This team belongs to the state league and is discussing the question in regard to the entrance of the United States into the league of nations. Mr. Gradwohl investigated this question in 1923 when he represented Nebraska in the debate with Iowa.

Does your P. M. schedule read like this?

If your burning ambition is to excel as an all-around society man, you couldn't have planned your evenings better. Such persistence will win out over the indolence of the rank and file, for as the poet says:

*Reprinted by request*  
"The heights by great men reached and kept  
Were not attained by sudden flight,  
But they while their companions slept  
Were toiling upward in the night."  
But if you intend to make your mark in engineering or business, don't expect that supremacy on the waxed floor will help when you start hunting again.

Not that you need swing to the other extreme as a "grind" or a hermit. Let's concede it is all right to minor in sociabilities—but certainly it is only common sense to major in the math and sciences and English that will mean bread and butter to you later on.

Remember this—the harder you work right now in getting a grip on fundamentals, the easier things will come to you when you must solve still bigger problems. And if you take it easy now—well, look out for the law of compensation.

It's up to you. While you've got the chance, seize it, dig in, plug hard. It will pay—in cold cash.
