(Continued from Page 1)

them one of the outstanding rifle teams in the country. The shooting in the two weeks thus far has exceeded any high marks made during the whole season last year, and the scores are improving steadily.

Dale Skinner was high man on the team last week. He knocked out 384 out of a possible 400. F. Carpenter was second high on the team with a week score of 378. Both Skinner and Carpenter made 100 in the prone position.

The scores made last week were: Nebraska 3628; Michigan Aggies, 3308, Syracuse 3345, New York University 3422. In the five-man team

match, Nebraska made 1857, and the University of Delaware reported 889. Coach Eggers will verify the report from Delaware as it seems too low for a five-man team, and there may be a clerical error somewhere.

Eggers Is New Coach.

The rifle team is starting the new semester with a new coach. Captain Huskea who was coach last term has been assigned to the junior advanced course classes, and Captain Eggers has been appointed director of marksmanship in his place. He will also be coach of the rifle team.

Three additional schools have accepted Nebraska's challenge to rifle matches. The University of Arkansas has signed a contract for simultaneous shoot in the week ending March 1. The University of South

Dakota will fire against Nebraska in the week ending February 9.

Northwestern University, which was to have fired against Nebraska during the week ending January 12, has asked for another match, stating that the failure to shoot was due to an unavoidable clerical error which resulted in the loss of the contract for the shoot, and consequent failure to shoot. Captain Eggers has accepted the Northwestern invitation, which will be held during the week ending March 8.

The Marion Military Institute at Marion, Ala., has asked that the shoot schedules with them be postponed on account of bursted water pipes which made firing on their gallery impossible.

The College of Dentistry recently added a modern porcelain furnace to the equipment of the prosthetic and operative departments.

"The perfect
cream in the perfect container"

(This is the way one user describes Williams and the new Hinge-Cap)

**Williams
Shaving
Cream**

Men buy Williams expecting to find their main satisfaction in the Hinge-Cap. But when they first use the cream they get an equally pleasant surprise. The heavier lather, the greater thoroughness with which it softens the beard, make a hit at once. Then, Williams lather lubricates the skin so that the razor fairly "glides" the hairs off. And last, there's that delightful after-care of the skin. Truly, you'll find that with the Hinge-Cap Williams is "miles ahead." It's a pure cream without coloring matter of any kind.
