Bracelets for Remembrance
Holidays are always times of pleasure and this week we have St. Valentine's Day. We send greetings to our friends, near and far, to carry our wish for their happiness. For

some one to whom you wish to send more than a card, Harris-Sartor have some darling bracelets of colored glass. Four or five of these would make a different and appreciated remembrance next Thursday.

Between Winter and Spring.
You should have one of those new wool dresses to wear this weather when it isn't either winter or spring. There are velour checks and plaids, hair line stripes and novelties checks, and charmiens in plain colors. After the dark clothes of winter, these frocks made in light colors and color combinations present a happy contrast. Ben Simon & Sons are making a specialty of them at \$19.50 and \$24.50.

An Old Friend.
Everyone is familiar with the attractive things made by Dennison. Party decorations, favors, and invitation cards are only a few of the many articles of Dennison goods stocked by Tucker & Shean. Those people who make clever little gifts of crepe paper or sealing wax will be glad to know that here they can find every color and shade in Dennison's Crepe and Dennison's Sealing Wax. In fact if a Dennison product is wanted for any occasion, it may be found at Tucker & Shean, 1123 O street.

Expressing Your Individuality.
However unconscious we may be of it, our rooms indicate our personality. We should each try to make the place we live as lovely as possible. The pictures and plaques on our walls, the little knick-knacks on desk and table, the touches of color, and the mottoes for every day encouragement show our tastes. Each of us can express our individuality by having the finest of these things. George Bros. have all these beautiful things to make our rooms different and the expression of our selves. This same idea holds true to our stationery. George Bros. can furnish that which suits your tastes and shows your personality.

Lunches of Various Sorts.
It is true man does not live by bread alone. He wants variety in his food. This craving will be satisfied by one of Rector's combination lunches. Here bread is served as a sandwich with soup, salad, or some other appetizing thing for variety, and what you like to drink.
