

D. U.'S TO MEET DELTS IN FINALS

Sig Eps Lose to Delta Upsilon 16-15; Delts Trounce P. A. D.'S 23-15.

WILL DECIDE TITLE AT 4 O'CLOCK WEDNESDAY

Delta Tau Delta and Delta Upsilon won two of the closest and most exciting games of the interfraternity basketball tournament in the semi-finals yesterday afternoon. They will meet in the finals Wednesday at 4 o'clock.

The Delta Upsilon won their game by a 16 to 15 count in the last 20 seconds of play after the score had been tied for several minutes. At the end of the first half the Sigma Phi Epsilon were in the lead by the score 7 to 4.

The Sig Eps had outplayed their opponents in the first game. The game started like a whirlwind and for a while the lead sea-sawed back and forth with neither at an advantage. Then after the score was a 4 to 4 tie, Smaha made a free throw and MacIntyre a field goal, giving the Sig Eps their 3 point lead.

Lead in Second Half
The Sig Eps also lead in the second half for quite a while. It looked as if they had the game clinched, until George, the D. U. forward and outstanding star of the game started dropping them in from all corners of the floor. He made eight points in the second frame and none in the first.

It was Woustaupal who made the winning basket for the D. U.'s. George had started the ball rolling and with Woustaupal to give it the final shove, the D. U.'s won one of the fastest interfraternity games ever played in Lincoln.

Delts Lead At Half
The Delt-P. A. D. game was not without its thrills and long shots. The teams were nip and tuck in the first half and when it ended the Delts had the lead by a 7 to 6 score. As soon as the second half opened, Norton made a field goal and the P. A. D.'s were in the lead for the first time.

After Johnson and Olds had each made two points for the Delts and Norton had dropped in a long one for the P. A. D.'s it was Jackson who made a long shot which rolled around the rim a time or two and finally went in, giving the P. A. D.'s the lead again.

After that the Delts kept in the lead and finally piled up a score of 23 while their opponents made 15. Holland and Olds starred for the winners, while Norton and Jackson played the stellar games for the P. A. D.'s.

EVINGER LECTURES ON CITY PLANNING

Expert Says Home Is Largest Single Investment Made by a Citizen.

"The largest single investment of a lifetime for the average citizen is his home," said Prof. M. I. Evinger of the civil engineering department in his illustrated lecture on "City Planning" to freshmen engineers Monday at 5 o'clock in the lecture room of Mechanical engineering building. Dean O. J. Ferguson, introduced Professor Evinger.

"The twenty and two-thirds millions of dwellings in this country are valued at fifty billion dollars, and therefore each person should do his part to make ownership of home a pleasure," continued the speaker.

The lecture was a continuation of the lecture from last week. A study was made of the major street system diagrams and pictures were shown to illustrate. A study has been made of the amounts of traffic and its increase on the main streets of each large city.

In many cities traffic is placed according to its nature, that is pedestrians have one plane in which to travel, while vehicles have their selected streets of travel. Traffic increases twice as fast as does the population and when the people are crowded so many tall office buildings there is an increasing amount of traffic to be handled.

"The grouping of buildings according to their use is another essential part of city planning, and many cities (Continued on Page 4)

Weather Forecast

Fair weather for Tuesday with no change in temperature for Lincoln and vicinity, is the prediction of the University weather bureau. The minimum temperature Monday was 29 degrees above zero.

COMPLETE PLANS FOR STUNT NIGHT

University Night Committee Accepts Several Skits by Organizations.

TICKET SALE STARTS THURSDAY AT TEMPLE

Plans for the 1924 University Night, is to be held Saturday, February 23 at the City auditorium, are being rapidly completed, according to an announcement made by the committee in charge yesterday.

The committee has been at work since the Christmas holidays preparing for the annual stunt night. The last week has been spent in reading, judging and revising skits which have been submitted by campus organizations. Meeting will be held Wednesday afternoon at Ellen Smith hall, at 5 o'clock for a final consideration of submitted stunts.

Skits presented by the Palladian Literary society, the Military department, the Glee Club, the College of Business Administration, and the Corncobs have been accepted. Almost every kind of campus activity is represented in the skits already given a place on the program, committee members say. The engineers will entertain with several mechanical and electrical appliances. Several curtain skits which will be given by individuals are also on the program.

Engage Professional Orchestra
Music will be plentiful, say committee members. A professional theatre orchestra has been engaged to play for the show. The acts presented by the College of Business Administration, the Glee Club and the Corncobs all include music.

The ticket sale for the annual stunt night will start Thursday noon at the Temple. Although show will be staged this year in the city auditorium, members of the committees are doubtful that the demand can be met.

MILITARY BALL EARNS MONEY FOR STADIUM

Cadet Officers Club Gives Hundred Dollars to Memorial Association.

One hundred dollars was turned over to the Nebraska Memorial Association last week for use in the stadium by the Cadet Officers club, from the surplus of the military ball held at the City auditorium December 8.

The total amount of money taken in from ticket sales was \$939.00, realized on 316 tickets. The expenses amounted to \$819.50, leaving a balance of \$119.50. After paying the money to the stadium \$19.50 was left in the treasury of the Cadet Officers club.

The money was spent for items that range from balloons to tacks; 440 balloons, 100 pounds of confetti, 3000 rolls of serpentine, 1000 cigarettes, and four boxes of tacks were used at the first formal of the year.

Among the expenses were the accoutrements for the honorary colonel. The detailed report shows that the uniform proper was courtesy of the Craddock Uniform Company.

Some of the other expenses listed were for checking, programs, refreshments, and blank cartridges.

Women Score High In Alabama Shoot

The women's rifle team fired last week against the University of Alabama, and established a record score of 993 out of a possible 1000 in the prone position. Three girls shot a perfect target and seven others made 99 out of 100. Miss McCarthy, Dorothy Abbott and Luella Retnreyer made the high scores.

Reports from Alabama have not been received yet. Fifteen girls constitute the rifle team. The ten high shots each week are reported to the schools against which Nebraska shoots.

KOSMET TRYOUTS TO BEGIN TONIGHT

Competition for Places on "Wishing Ring" Cast to Last from 7:30 to 10.

EIGHTY-FIVE STUDENTS HAVE SIGNED ALREADY

Tryouts for the 1924 Kosmet Klub play, "The Wishing Ring" start tonight in Room 21 in the basement of Teachers College. The tryouts will last from 7:30 to 10 tonight, Wednesday and Thursday evenings. Men and women of the three upper classes are eligible for places in the cast.

Eighty-five students had signed for tryouts up to Monday evening and a great many more are expected by tonight. The play calls for a cast of sixty people so that it is expected that over one hundred will appear before the committee. Any who has not signed up should do so today in the Cornhusker office in the basement of University hall.

Ten principal leads, about ten second leads, and choruses of forty men and women are needed. An eight piece band will also be used. The leading parts are singing parts and all characters taking them must be able to sing and dance. There are several parts which do not call for singers. Applicants should bear the following attributes in mind in trying out: speaking voice, singing voice, dancing comedy stuff, stage presentation and character take-off.

Have Five Minute Trial
Each contestant will be given five minutes for presentation of his skit. If two or more individuals tryout together, more time will be given by the committee. The Kosmet Klub will act as judges of the tryouts.

The principal parts in the three-act musical comedy include Dolley Laron and Ted Morris, juvenile leads; Timothy Ryan, a fortune teller; Calloway manager of the circus; Mrs. DePyster, a social leader; Lord Algy Idlewell, an English comedian; Mr. Has-money an aged sheik; the village constable; Jimmy and Betty, young and in love; gypsies, young men and Samson, a dark complexioned strong man. The parts call for a number of different types so that persons can choose the character which suits them the best in trying out.

"The Wishing Ring" is a musical extravaganza written by C.L. Coombs who wrote last year's Kosmet production "The Yellow Lantern." Mr Coombs graduated from the Law college of the University last spring and has had much experience in the theatrical work.

The comedy will have some unique special stage settings. The action takes place in a side-show of a circus. The heroine is Dolly Laron, a little circus performer, and her finding of happiness is the theme of the story. The play will be given at the Orpheum Theater April 25.

LAWYER TO ADDRESS JOINT CONVOCATION

Engineers Invite Laws and Biz-ads to Hear Lecture on Public Utilities.

Students and faculty members of the Law and Business Administration colleges will be the guests of the Engineering College at its monthly convocation in the Social Science auditorium Thursday, February 14, at 11 o'clock.

Carl D. Jackson will address the convocation upon the subject "Regulation," as applied to public utilities, discussing it from the point of view of the engineer, the lawyer and the business man.

Mr. Jackson is a nationally known public utility man, legal advisor of the National Gas Association and the National Electric Light Association, was for six years chairman of the Wisconsin State Railway Commission, and president of the National Association of State Railway and Utility Commissioners. As a result of this wide experience, he has originated a plan for the handling of the depreciation of public utility property.

Dr. Charles Fordyce, chairman of the department of educational measurements and research, addressed the Platte Valley Ministerial Association at Fremont Monday on "The Psychology of the Adolescent."

University Night Committee Needs Cat With Commanding Personality

A cat with a commanding personality, a military-appearing pair of whiskers, and an extraordinary degree of intelligence is wanted by a group of University students. The students are neither pre-medics nor fraternity freshmen for it is University night and not anatomy or probation week that has created the demand for the animal. One of the skits prepared for the annual "stunt night" calls for a feline character and to make sure that the best cat obtainable gets the place, students in charge have decided to call for applications.

Cats intending to apply should bear in mind that certain qualifications are essential. Above all, as has already been mentioned, the cat must have a commanding personality. He must be a cat among cats. He must have stage presence and a good voice with some range in its scale. His

whiskers should be of the German variety, either the Hohenzollern or the Hindenburg type being acceptable.

Each application should be accompanied by a photograph and a statement containing the tip-to-tip measurement of the applicant's whiskers, his weight, a short family history (not to exceed 400 words) and a statement as to previous experience and qualifications. The committee in charge guarantees that the applications of non-fraternity cats will receive as much consideration as those of the Greeks.

The committee wishes to assure the applicants that the part in question is neither difficult nor dangerous, that the winning cat will be in the most congenial surroundings and will have the opportunity for some splendid stage experience. Applications will be received until noon today.

FLING TO SPEAK ON WILSON AT VESPERS

University Women Will Pay Tribute to Memory of Former President.

Homage to the memory of Woodrow Wilson will be paid by the women of the University at Vesper services this evening at 5 o'clock in Ellen Smith hall. Dr. Fred Morrow Fling of the history department, who was historian of the peace conference and a personal acquaintance of the late ex-president, will speak.

The memorial services will begin with Chopin's funeral march played as a prelude, followed by the hymn "The Day is Dying in the West" and reading of verses from the burial services of the scriptures. Miss Amy Martin will sing "The Lord is My Shepherd" and Professor Fossler will lead in meditation and prayer. Following Dr. Fling's address, the choir will sing "O Paradise." After the silent benediction, Chopin's funeral march will again be played.

TO HAVE VALENTINE PARTY ON SATURDAY

Committee Plans for Program of Dancing and Varied Entertainment.

A Valentine party, which will consist of a program of dancing and varied entertainment, will be given at the Armory Saturday night by the All-University party committee. This is the first all-University entertainment since the Christmas party last semester.

It is planned to have more entertainment at the Valentine party than at the four other dances given by the committee this year. The decorations and refreshments will carry out the spirit of the occasion. The Candy Kids orchestra has been secured to play for the dances. Among other novel features of the program is a leap year dance in which the girls will have the opportunity to select their partners.

ANNOUNCE COMMITTEES.

Committees appointed at a meeting of the committee Monday evening were as follows:

Entertainment—Mary Creekpaum, chairman, Merrill Anderson, Robert Hoagland, Elizabeth Tracy, Neva Jones, Glen Curtis, Glen Wright, Florence Rich, Maurice Hevalons. Checking—Leicester Hyde. Decorations—Daisy Rich, Gladys Guhl, Mildred Abegg, Martha Cameron, Mary Gilham, Harold Grosshans, Merle Hanna, Marry Heppeler, Kenneth Conrad, Gus Lunberg. Publicity—Beulah Butler and Charles Warren.

Refreshment—Helen Kummer and Irvin Jetter, chairmen, Bess Wythers, Esther Garrett, Mildred Beckman, Kathryn Howe, Margaret Williams, Oliver Sauter, Harold Palmer, Frank Hayes.

Reception—Crawford Follmer and Frances Weintz, chairmen, Bill Bradley, Allen Holmes, Howard Engler.

The All-University party committee will meet Thursday in Ellen Smith hall to make final arrangements for the evening. A meeting of the entertainment committee has been called at 5 p. m. Tuesday in the Temple building.

WILL HOLD VOTE ON POINT SYSTEM

Student Council Calls for Ballot on Limitation of Individual Activities.

REFERENDUM IS PART OF REGULAR VOTING

A special referendum on the desirability of a point system to govern activities at Nebraska has been called by the student council for next Tuesday along with the general election of class officers, members of the student publication board and Ivy orator. The entire student body will take part in the vote.

No plan has been outlined for such a system to date and the ballot taken will be merely an expression of the students on the system. Providing the vote taken shows the majority in favor of such a plan the council will go ahead and outline a system to be presented to the student at a later election.

To date, but four filings have been received for the eight offices to be filled, and it is desired by the council that more interest be taken in the coming election. Filings must be made by Friday noon, February 15, Limits Activities.

The point system which is to be voted at the coming election has successfully been introduced in many of the larger schools of the country and has come before the council as a system for the University of Nebraska. The theory is that a student may occupy only a limited number of positions in the activities of the institution and after reaching the individual honor limit shall be barred from further participation. This method of limiting the positions of the school makes it possible for more students to take part in activity, say advocates of the plan.

At the coming election one member from each of the upper classes will be elected to the publication board. The members will take their offices next year and will hold their positions through the term. The Ivy day orator is chosen by the senior class to give the principal address of Ivy day following the coronation of the May Queen.

MORNING WILL TALK AT FORUM LUNCHEON

Judge of District Court Will Give Address Wednesday at Grand Hotel.

Judge Morning, of the District Court, here will speak at the students World Forum luncheon, to be held at the Grand hotel Wednesday, at 12 o'clock.

"Juvenile Delinquency and the Causes Contributing to it," has been the subject of the talks made by the Judge Morning during the past few weeks, under the auspices of the Council of Churches, in Lincoln and in neighboring cities, upon the subject.

His subject for this meeting is unannounced, but his talk will be based upon his experiences during his service as a judge and arbiter in dealing with domestic estrangements and wayward children.

Discussion Groups to Talk on Race Problems

A discussion on "The Race Problem Relation to Christianity" conducted by Edith Olds Monday afternoon opened the third week of six weeks discussion course.

Other discussions on the same subject will be lead by Gertrude Tomson at 12 o'clock Thursday at the Grand hotel and by Earl Schmidt in the conference room at the Temple Wednesday at 4 o'clock.

"War and Christianity" will be the topic at three meetings Tuesday lead by Roy Youngman at 11 o'clock at the conference room in the Temple; by Wendell Berge at 12 o'clock at the Grand hotel; and by Josephine Shramek at 3 o'clock in the conference room of the Temple.

"Economics and Christianity" is the topic for a discussion to be lead by Norman Cramb at the Temple at 7 o'clock Wednesday. The purpose of these discussions is to show the relations of Christian ideals to various phases and activities of student life.

"Hard Times" Party to Be Held by Ag College

The annual "hard times" party of the College of Agriculture will be held Friday night in the horse barn on the Ag college campus. Dancing, games, music and refreshments will occupy the evening.

These mixers are held every year and are rapidly gaining in popularity. The barn has been furnished with a new floor and makes an ideal place for such an entertainment. Everyone is invited to attend this mixer.

HAVE THREE DAYS TO MAKE APPOINTMENTS

Ag College Organizations Must Reserve Space in Cornhusker Soon.

No reservations for space nor appointments for pictures in the College of Agriculture section of the Cornhusker will be accepted after Thursday noon. This announcement was made yesterday afternoon by Wendell Berge, managing editor. This is the second section to be closed. Announcement of the closing of the Arts and Sciences section was made yesterday.

The following organizations have reserved space and had their pictures taken for this College of Agriculture section:

- Alpha Zeta
- Ag Club
- Farmer's Fair Board.
- American Society of Agricultural Engineers
- Dairy Judging team
- Varsity Dairy Club
- Block and Bridle club
- Omicron Nu
- Home Economics club
- Frances Weintz is editor of this section. Any organization not listed above, which wants space should make its reservation without fail before Thursday either with Miss Weintz or at the Cornhusker office.

HASTINGS STATION TO BROADCAST PROGRAM

Charter Day Entertainment to Be Sent by Two Radios at Once.

Cornhusker alumni and the world will receive the charter Day program of the University of Nebraska from KFKX, radio station at Hastings, Nebraska at the same time that WFAV, the Nebraska University station is broadcasting to a smaller area at 8:30 Friday night, February 15.

Tests were made yesterday to determine whether the line telephone connections between Hastings and Lincoln are good enough to allow the program to be transmitted to Hastings in that way.

The different numbers forming the evenings entertainment will be broadcasted from WFAV by radio and by telephone and by the latter will be relayed to Hastings, there to be transmitted over a wider range, than would be possible with the Nebraska set. The wave length of the Hastings set is 286 metres.
