

PIKERS LOSE TO NEBRASKA 38-17

Tie for Third Place in Valley Is Settled When Huskers Win Friday Game.

COZIER CHALKS UP THIRTEEN COUNTERS

Nebraska cagemen defeated Washington Friday evening at the coliseum 38 to 17, and won undisputed possession of third place in the Missouri Valley basketball race. Close guarding by Volz and Tipton, and penetrating ability of the Nebraska forwards combined with accurate basket shooting won the game. Cozier was the stellar performer for the Huskers, making six field goals and one free throw for a total of 13 of the Husker 38 counters. Cox starred for the visitors. The next game is with Ames Wednesday night at Ames.

Husker superiority over the Pikers was evident throughout the game, the half ending 15 to 7. Washington forwards were unable to work the ball through the Nebraska five-man defense for short shots at the basket, and their attempts for the middle of the floor failed for the most part.

Make Short Baskets.

Nebraska worked the ball through the Piker four-man defense time and again for short distance attempts at the basket.

Spectacular shots were made by both sides, and the battle for possession of the ball waxed hot at times. There was hardly a minute of dull play.

Washington was handicapped by the absence of Captain Jack Minner who could play only a few minutes on account of a sprained ankle received in a game several weeks ago. Up to that time Minner was the chief point maker for the Pikers, leading all Valley forwards in conference standing. Washington's losing streak began with his absence from the lineup. Last year Minner was the player responsi-

ble for the Washington victory over Nebraska.

Usher Gets Four.

Captain Billy Usher with four field goals, broke into the score column again after a prolonged slump in five or six games.

Cox, the little Washington forward, was high-point man on the Piker team. Close guarding by Volz was the only thing that kept him from piling up more goals than the three he made.

A practice session tomorrow evening at the coliseum and one day of rest Tuesday will complete the Husker preparation for the Ames game. This will be the first encounter with Ames this year. A return game will be played at Lincoln next Monday. The final contest with Drake here on the following Wednesday will end the basketball season.

Band Will Present Program March 16

The University band will give the second Sunday afternoon concert of the season March 16 at the Armory. It will consist of a number of solos and possibly a few selections from a saxophone sextette. It will be free to the public. Special announcement will be made later of the program.

Install Electric Hoist for Moving Machinery

An electric hoist has recently been installed in the machinery showroom of the Agricultural Engineering building. The crane was installed to facilitate the moving of heavy loads into and from the building. The floor level of the building is several feet above the ground and formerly much time was lost in building temporary inclines on which to move machinery.

With the new crane it is a very simple process to hook a tackle to the machinery to be moved from the basement to the show room. The improvement is expected to pay for itself within a few months by saving labor and time.

Orpheum 2 NIGHTS Thurs. Mar. 6

In view of the STATE BASKETBALL TOURNAMENT, which in itself indicates a complete sell-out engagement for "The Passing Show," Orpheum patrons are urged to make immediate reservations by MAIL.

Enclose a self-addressed, stamped envelope, along with your remittance. Mail Orders filled in the order of their receipt.

Spring Clothes Are Ready!

It's a real pleasure for us to make that announcement; a host of Nebraska men will be glad to see it!

College men invariably want their new clothes early; they are style leaders; so we've assembled complete stocks for you now; in advance of spring itself.

We invite you to see these new clothes this week, whether you're ready to buy or not! *The styles, the new fabrics, the splendid quality in these new clothes are what Nebraska men have come to expect from this store.*

Ask to see the new Powder Tints and Pilgrim Blues; two and three button English Coats; wide trousers. They're just the sort of clothes that appeal to college men; they're about the smartest clothes we've ever shown.

New Topcoats are here, too. Greys, Powder Tans, Powder Blues; easy, loose hanging; mighty good looking

\$35 \$40 \$45 \$50

We've a host of new collar attached shirts to show you; and new hats and caps; new foulard bow ties; everything you'll want for spring.
