Frivolous Trimmings
After wearing the plain tailored frock all day and the simple, prim accessories that match this costume isn't it fun to slip into a soft fluffy gown and add the frivolous 'trimmings' that must accompany it?

For Little Fingers.
At Rudge's they have a new Handkerchief that they call a "Finger Handkerchief." It's four little squares of voile, sewed together by two tiny bands of net. The net is crossed in the center of the square which makes a sort of loop just the size of the little finger. And that explains why they're called "Finger Handkerchiefs." They are to be carried on the little finger while dancing. Rudge's have these in delicate pastel shades and combinations that harmonize so well with party frocks. In one corner of these 'kerchiefs is a dainty hand embroidered flower spray. The edges are finished with net. Stop in tomorrow and see them for yourself. Priced \$1.75.

a dental operation two weeks ago. Hunton was one of the best sprinters on the team, and was the main cog in the relay team. His loss will be felt keenly, especially since the Kansas Aggie meet is only two weeks off. Coach Frank Adkins had planned on winning the relay event with Hunton in the lineup. Dan Reed will probably be put on the relay team in place of Hunton, and Kirkbride in the sprints. Nebraska is the strongest team in the Valley in the breaststroke swim in which Norman Plate is carrying all before him. Plate won a first place in the meet at Omaha and came out second at St. Louis against Washington. He has been making good time in practice swims. He will probably win a first place for Nebraska in the Kansas Aggie meet. Jack Goebing, captain of the team last year, is running mate for Plate in the breaststroke swim, and will come out a close second in the meets. The Kansas Aggie meet at Manhattan on March 14 will probably be the last dual meet of the season for the swimming team. The season will be wound up with the Missouri Valley meet at St. Louis on March 22 and 23.

TO NAME BASEBALL COACH NEXT WEEK
Scott Dye and W. G. Kline Are Applicants Under Consideration.

A coach for the baseball team will be appointed by the athletic board as soon as the basketball season is over, John Selleck, faculty member in charge of student activities said yesterday. The board has two applications under consideration, one from Scot Dye, who coached the nine last year, and the other from W. G. Kline, basketball coach. The board will probably make the selection next week. Scottie Dye, who directed the Husker nine last year, is a former big

leaguer, and played second base on the Lincoln club of the state league last year. Kline has had experience coaching baseball at the University of Florida, Nebraska Wesleyan. He has brought the basketball squad up from the second division standing of last year to third place in the Valley conference this year. Baseball practice will start in earnest with the close of the cage season. Some of the men have been working out in the gymnasium for several weeks under direction of Capt. Harland Peterson, and outdoor practice will commence as soon as possible. Grounds near the stadium will probably be fixed for practice as soon as the weather permits. A trip south during Easter vacation is being planned by the athletic office. It will cover three or four games, probably Kansas, Oklahoma, Kansas Aggie and Missouri. No contracts have been made yet.

The Best Business Career

is what every ambitious college student and senior is thinking about at the present time. Life insurance is one of the best, one of the most desirable, and one of the most satisfactory as a permanent calling.

In assets and volume of business, life insurance is one of the three leading businesses of this country, yet the field is comparatively undeveloped. Only seven per cent of the economic value of all lives in United States is covered by insurance. This gives you an idea of the big field still to be developed.

As to REMUNERATION, reports of college graduates who have entered business indicate that life insurance is at the VERY TOP as a SOURCE OF INCOME. Now is the time to consider what you are going to do at the end of the semester.

If you are ambitious and willing to work hard and are interested to know about life insurance as a vocation, address the LINCOLN LIBERTY LIFE INSURANCE COMPANY, Lincoln, Nebraska, or call in person at 305 Ganter Building, 12th and O Streets.
