

Those new Blouses at Rudge's add a fresh touch to the tailor or sweater and one requires several if the wardrobe is always to be kept complete. The ones I refer to at Rudge & Guenzel's come in tuck-in or overblouse effects in various captivating styles, with round or V-necklines and trim turn-back cuffs. The material is fine dimity that will emerge from the laundry as smart and new as when they went in. Priced \$1.98.

then changed and became lead. This lead can only be recognized from common lead by a process of weighing. The lead resulting from this process is called an isotope and it is not yet known whether or not it contains one or more atoms.

Professor Harkins explained that our present idea of an atom likens it to a sun or a nucleus. Slides were shown explaining the path of electrons through water vapor; the collision between atoms and the destruction of them in certain particular cases.
