111 West 68th St. New York

**HUSKER FORWARDS IN  
VALLEY HIGH TWENTY**

**Goodson, Cozier and Usher  
Cage Counters With the  
Best in the Conference.**

Three Husker basketball men placed among the high twenty forwards in the Missouri Valley Conference individual scoring for the 1924 season. A compilation made by the Lincoln Star shows Goodson leads

Nebraska with 96 points, placing twelfth in the Valley. Cozier was next with 87 points in fourteenth position, and Usher held the twentieth notch with 71 points to his credit for the season.

Benz of Grinnell was high man in the conference. He made 152 points. Boelter, Drake, forward who figured in two Drake victories over Nebraska, was second with 148 points. McBride, Oklahoma, placed third with 146.

Benz made the greatest number of free throws during the season. Out of 100 chances he lodged seventy-six in the hoop.

Tipton of Nebraska was thirty-first

in the Valley with 48 points. Black, with 36 points was thirty-fourth and Volz, captain-elect, with 28 points placed thirty-seventh.

The Drake victory over Ames last Saturday put the Bulldogs into a tie for fourth place with Washington and Kansas Aggies. All three made .500 per cent for the season, with eight victories and eight defeats each. Ames retained its secure hold on the cellar with a season record of two victories and fourteen defeats, and a percentage of .125.

The standing of the three high teams was Kansas .938, Oklahoma .813, and Nebraska .625.

**Former Professor to  
Examine Shenandoah**

(University News Service)

Prof. I. B. Tuckerman, professor of physics at the University of Nebraska from 1906 to 1916 was one of the members of the committee which passed on the safety of the battleship Shenandoah before she made her first voyage. He has just been given a government appropriation of \$10,000 and a 3-year commission to study the structural points of the Shenandoah with a view to their further use. He is connected with the Bureau of Stand-

ards of Washington.

**Chatburn Is Frosh  
Orientation Speaker**

"Architectural Engineering" was the subject treated by Professor George R. Chatburn of the department of machine design in speaking to the freshman engineers at their weekly orientation Monday night in the Mechanical Engineering building.

An illustrated lecture dealing with the orders and forms of architecture, and with views of building illustrating these things followed.
