**DELTA UPSILON HOST TO PROVINCE MEETING**

Eight Chapters of Fraternity Represented at Annual Convention.

The Nebraska chapter of Delta Upsilon was host to the annual province convention of the fraternity Friday and Saturday, with eight chapters represented. Robert E. Clark, Chicago, '13, provincial supervisor, came here from the convention of the fourth province at Marietta. Chancellor Avery gave an address of welcome to the delegates at the dinner Friday evening at the local chapter house.

Representatives from Minnesota, Wisconsin, Chicago, Northwestern, Illinois, Kansas and Iowa State make up the convention. The opening business meeting was held Friday afternoon followed by a banquet at the D. U. house.

**ELTINGE AND BROWN BROTHERS AT ORPHEUM**

Over one-half mile of gowns, which it takes twenty-four trunks to hold, and a wardrobe mistress and an assistant to take care of, is the record hung up this season by Julian Eltinge, who is to be at the Orpheum two nights and Wednesday matinee, March 19 and 20 with Julian Eltinge and Tom Brown Black and White Revue of 1924.

Regarding his wardrobe, Eltinge says: "If a statistician were to get busy and figure out the amount of cloth used in my sixty-six gowns, he would find that there were 26 yards, 2178 feet, and 26,136 inches to them. Add to that forty-nine hats, each of them holding from two to five yards of material, not counting the flowers and plumage, and thirty-eight pairs of slippers, and I ask any man in the audience how he would like the job of providing himself with feminine fripperies, and I venture to say that if I weren't careful, but let myself go, that by the end of a season I would be broke.

"As a matter of fact, I cannot say that I blame the women for wanting to marry men with money, when one considers the price of their apparel. On the other hand, I cannot blame men for hesitating about marrying when they get wise to the cost of women's clothing, and I feel sure that many a man is a bachelor today because he did not have the courage to face the bills."

Mr. Eltinge's wardrobe has been especially made for this tour, and contains the last word in feminine modes, constituting a fashion show in itself.

**COMPLETE PLAN FOR SINGLE TAX**  
(Continued from page 1)

which shall be called whenever the Student Council is so petitioned by at least 100 qualified student voters of the University of Nebraska.

It is agreed by each of the undersigned that the management of each activity definitely sharing in the proceeds of this agreement will give all their regular campaign efforts to the united campaign for the single tax ticket, and will so render this part of the agreement under the direction of the controlling board. The controlling board shall determine the manner and means for the conducting of the united campaign for the single tax.

This agreement shall operate only for one year except as it is renewed upon new or amended terms as agreed to by all parties to this agreement, including the Student Council.

For any person who is a certified member of one or more of the allotted activities included in the single tax a refund from the fund of such activity may be made to them upon certification of the controlling coach or faculty supervisor as to such membership in the activity.

The following reasons were given by the council in support of the plan chosen:

The saving to 2500 students is estimated to be \$1.05 to \$4.50 each.

The enactment of the tax would mean the abolition of all drives or campaigns from the campus with the exception of the single tax campaign itself.

The time saved to the people required to work on the different campaigns is estimated from four to six days each semester.

This is a voluntary combination ticket to be sold by the combined activities and is not compulsory but would be sold as any single activity ticket or receipt is now sold but entitling each person to the benefits of the price reduction, whereas the general rate of all the activities included will be at least 50 per cent greater to all those buying individual tickets to each activity included in the combination.
