

SCHULTE HAS DEVELOPED MANY TRACK STARS IN COACHING CAREER
(Continued from page 1)

some one a wonderful race for first Saturday.

In the field events such men as Pitam and Osborne used to shine in the high jump with a leap of 6 feet 2 inches. Such pole vaulters as Brown and Floyd are still remembered at Missouri as men who could clear the bar at 12 feet consistently. Gleason, who raised the Nebraska record to 12 feet 3 3/4 inches in a meet last week is a present day result of Coach Schulte's efforts.

"Bub" Weller represents the "Indian's" ability in the discuss throw. In the shot put, Dale is the big man, with a put of 44 feet 9 1/2 inches. Dale also holds the Valley record. Hartman is the present day "Dale" for Nebraska. "Ced" is able to put the weight 43 feet. Hartley of last year's championship squad threw the javelin 189 feet 6 inches after three years of coaching by Schulte.

This year Schulte has in Gardner and Higgins, half-milers who can run the two laps in 2 minutes or better regularly. Lewis placed fourth

er, has been looking good in the later in the mile at the Valley indoor meet this spring with 4 minutes 31 seconds as his time. Ross, the other mil-races of the season.

Besides Crites and Layton in the quarter, there are Whipperman and Hein who can be depended on in the mile relay. Hein has a strong chance for a place in the 100 and 220-yard dash, along with Locke.

Weir and Beekle have been stepping the high hurdles better than sixteen seconds. In the low hurdles Crites is added to the list. In the two-mile Slemmons can cover the distance in 10 minutes easily, which will place him in the meet.

Turner, by leaping 6 feet 3 inches, will furnish his usual competition for Poor, and perhaps tie with him, or even defeat the Kansas jumper for first. Bassett, along with Hartman, will be putting the weight past the 40 foot mark. Hatch can broad jump 23 feet. Besides Gleason in the pole vault Schulte has Davis, winner of second place in Valley indoor meet.

SPEAKS ON IDEALS OF ANCIENT GREEKS

Bible to appeal to or to reason by. Each man depended upon his own mind.

"They had great political freedom.

During the war with Sparta many Athenians, though they were in the minority, felt the war was wrong and did not hesitate to express themselves. One great playwright wrote a satire on the war party. Nothing of this nature could have been done in 1917, in this country. It would have meant Leavenworth for the offender. "Though the Athenians believed in absolute freedom, they checked themselves. Arrogance was to them a great mistake, the end of which was death," stated Professor Rice.

NEBRASKA DEBATERS PLAN FOR REUNION

alumni scattered from Massachusetts to California. Last year a reunion been mailed to all of the seminar banquet at a down-town hotel was attended by more than forty former debaters.

Glenn Frank, editor of the Century magazine, who will deliver the commencement address June 7, is also a former intercollegiate debator. He was a member of Delta Sigma Rho, national honorary intercollegiate debating society, Northwestern University. Mr. Frank will be unable to attend the reunion because he will not arrive in Lincoln until June 7.

State Dental Society Holds Annual Meeting

The fifty-seventh annual convention of the Nebraska State Dental society began Monday, May 19, and will end its sessions Thursday. The headquarters are at the Lindell hotel and the exhibits at the city auditorium and the College of Dentistry.

All of the faculty members of the Dental college are holding open clinics every day of the convention and many students of the college are doing special demonstration. Every

dental and pharmaceutical house of the city have exhibits on display at the auditorium.

One of the many features of the displays is a collection of dental instruments and magazines of fifty years ago.

Officers of the society are: E. X. Crowley, president, Lincoln; W. L. Shearer, vice president, Omaha; H. E. King, secretary, Omaha; Dean G. A. Grubb, Lincoln.

Dr. E. H. Barbour returned Saturday, May 17, from Omaha where he addressed the State Medical association on Land Marks in Paleontology.

The VAN CRAFT
PATENTED
Shirt

\$3 to \$5

Made in 3 superb fabrics—poplin, mercerized cotton, pongee, and very fine broadcloth.

COLLEGE MEN like collar-attached shirts because they're so comfortable—even if they are slightly messy.

And from now on it's very likely that you'll insist on the Van Craft Shirt, because it has the Van Heusen Collar attached. That makes all the difference in the world, as you will see. All the solid comfort of your old collar-attached shirts, without their wrinkles and tendency to wilt and crumble.

Van Craft is smart and cool and crisp. Play in it, dance in it, lounge in it. It's all one to the Van Craft.

No bands or seams in the collar, no starch to irritate the neck. Cannot wilt. Faultless fit without a wrinkle—plus the Van Heusen—more comfortable than a soft collar, better looking than a stiff collar.
