The membership committee is made up of the Y. M. C. A. cabinet and one representative from each of the fraternities and larger rooming houses.

"It is planned to make a rather thorough canvass of the campus during the week, but any students not asked to join may sign membership blanks at the office of the general secretary, Arthur Jorgensen, in the Temple," stated Robert Slaymaker, '26, Lincoln, chairman of the membership committee.

LA FOLLETTE MAN PRAISES NEW CLUB

Director for National Committee
Commends Organization
of Students.

The Nebraska State Central La Follette and Wheeler committee commends the students on the formation of a LaFollette and Wheeler club in a letter to James J. McCarthy, Jr., from Frank A. Harrison, regional director for the national committee. He explains the great issue of the presidential campaign as seen by the committee.

The letter follows: "James J. McCarthy, Jr., Secretary University LaFollette and Wheeler Club, Lincoln, Nebr.

I wish to congratulate yourself and your associates on the formation of your new club, and to say I will take pleasure in calling the attention of Senator LaFollette himself to your movement.

"The great issue in this campaign, and in all recent years, is to bring the government back to the people. We are now confronted with a greater orgy of dishonesty and official corruption than ever before, and the only check this year must be at the ballot box. To endorse what has occurred in official circles at Washington is to place more firmly upon the people the shackles of corruption. I am sure your club will do its part in the campaign and that it will grow bigger and bigger as election day approaches.

Yours very truly,
Frank A. Harrison,
Regional Director for the La Follette National Committee."

PROGRESSIVES HEAR SMOOT

National Organizer of Political
Groups Scores Old Party
Candidates.

LA FOLLETTE-WHEELER CLUB BRINGS SPEAKER

Declaring that the candidates of both the old parties represented the large business interests of the nation and that the only hope for the common people was in voting for Robert M. LaFollette for president, William Smoot, national organizer of LaFollette-Wheeler clubs, spoke to a meeting of the University LaFollette-Wheeler Club and citizens that nearly filled the Temple theater Monday evening.

Mr. Smoot, who was a member of the Industrial Council during the war, was especially displeased with the manner in which the railroad and tariff questions had been handled by had forced the government to pay the republican and democratic parties. He claimed that the railroads then dividends on more than nine billions of watered stock.

"Of the four billions collected in tariff revenues under the McCumber bill only one billion went to the government. The other three billion dollars went into the pockets of the manufacturers who control the government," Mr. Smoot declared. "The tariff cost each family over \$350 each year."

Declaring that the government had lost its constitutional character and had become the organ of big business, Mr. Smoot called upon every man and woman to register and exercise his vote in the coming election.

Preceding Mr. Smoot's address, the organization of the Lancaster county, of which Franklin J. Potter, president of the University LaFollette-Wheeler Club, is chairman, was completed.

Mr. Potter announced that the University LaFollette-Wheeler Club would meet Tuesday evening in Law 202. Either Mr. Smoot or Mr. G. Bruno, editor of Pierson's Weekly and representative of the LaFollette Speaker's Bureau, will address the students. The executive committee of the organization will be completed at that time.

Mr. A. L. Patterson, also an organizer of LaFollette-Wheeler clubs, told the meeting of the necessity of organization even down to the last detail. It was the strong organization of the old parties, he said, that made them so strong.
