**Douglas Fairbanks**  
**THE THIEF OF BAGDAD**  
 Do you still believe in love?  
 Does adventure stir you?  
 Do you like the idea of your heart  
 missing several beats in ecstatic  
 moments of exciting suspense?  
 Do you enjoy the surprise of seeing  
 things that you hadn't even dreamed  
 were possible?  
 Here are all these things—in a back-  
 ground of beauty and splendor.  
 A Winged Horse  
 flies through the  
 clouds—  
 A Magic Rug  
 soars above the  
 housetops—  
 Wonder after  
 wonder—  
 Surprise after  
 surprise.  
 Will not  
 be shown  
 anywhere  
 else in  
 this city,  
 this year.

**World Fellowship Group Spent Months Investigating Conditions in Europe**

Social and economic conditions in Europe as they were found by the World Fellowship Group, which spent three and one-half months in Europe last summer, and the results of this group's investigations as to the causes of the war and the attitude of the German people, were discussed by Dr. Walter Aitken, pastor of the St. Paul M. E. church of this city, who was a member of the Group, at the World Forum meeting at the Grand hotel Wednesday noon.

The World Fellowship Group, of which Dr. Aitken was a member, was composed of university officials, social workers, ministers, and business men from all parts of the country. It was organized by Sherwood Eddy and Kirby Page, noted students of economic and social questions, to study European conditions.

Members of the party heard speakers represent every point of view in the important European countries. In addition, many members of the party made personal investigations of conditions among the common people.

The conclusion that the German people as a whole should be freed from responsibility for the war and that every effort should be made to enable them to get back to normal conditions was reached by the group.

Considerable time was spent investigating the stories of atrocities committed by German soldiers, which were current in this country during the war, and nearly all of them were found to be without foundation.

Considerable time was spent at Geneva, Switzerland, the seat of the League of Nations, where the party studied the workings of the League.

It was learned that the League has accomplished much work which has not been heard of in this country.

Several wars between some of the smaller European countries have been averted by the League. Recent success of medical science in combating typhus and other plagues in Europe is attributed to the co-operation brought about through the League.

"While America is not officially represented in the League of Nations, our influence is felt very strongly," said Dr. Aitken.

Those in the party were unanimous in the belief that the United States must abandon her policy of isolation and take a leading part in world affairs and co-operation of some kind.

**UNIVERSITY OF MICHIGAN**—All downtown stores close and business is at a standstill in Ann Arbor every Saturday afternoon when there is a football game. The Student Council is presenting every man in the cheering section with a megaphone to aid in the concentrated cheering.

**Notices**
