

HUSKERS GIVEN STIFF WORKOUT

Long Hard Scrimmage With Freshmen Staged in Practice Wednesday.

KANSAS AGGIES EXPECTED TO PUT UP STRONG FIGHT

Long and hard scrimmage with the freshmen, who were using Kansas Aggie plays to good advantage, was on the program for the Huskers Wednesday afternoon in preparation for the clash with the Manhattan farmers Saturday.

A secret practice session followed the scrimmage, which indicates that Coach Dawson is sparing no efforts and realizes that the Aggies are a harder assignment than comparative scores may indicate.

A light practice will be held early this afternoon. The team leaves on the Rock Island at 6:55 in the evening.

Roy Mandery, end, who received a leg injury in the Notre Dame game, is the only Husker regular who will not be in shape for the Aggies. He is able to get around only with the aid of crutches.

Hutchinson, who was also bruised up at South Bend, was not in suit yesterday, but will be ready Saturday. Ed Weir, who was off his customary stride for several weeks, is "rarin' to go" now.

It is probable that Dawson will start about the same line-up against the Aggies which began the game with the Rockne men.

Reports from Manhattan indicate that the Aggies are determined to ruin the Huskers' last chance to get a finger in the Valley pie. While the Aggies have been defeated by Drake, probable Missouri Valley champions, and Missouri, they have lost both games on breaks. They will face Nebraska resolved to recoup their prestige by handing the Huskers a defeat.

CROSS-COUNTRY RUN PLANNED IN OMAHA

Mid-Western Athletic Association Union to Supervise Events Nov. 29.

A cross-country run under the supervision of the Mid-western Athletic Association Union will be held in Omaha November 29. Any amateur athlete in the states of Nebraska, Iowa, North Dakota and South Dakota may enter. This will include university, college and high school teams and individuals. Medals will be awarded the three high individual teams and the three high individual winners.

The meet is being held by the Elks Club of Omaha but it will be a regular A. A. U. affair. All athletic associations' rules will be used. Teams of eight men may enter, with the first five men finishing to count. Every athlete must have a medical examination before he can run. The entrance fees will be two dollars for a team or fifty cents for each individual.

The idea of the meet is to forward cross-country running as a sport. In the past it has received little attention. As a result, the American distance men were unable to place in these events at the Olympic games last summer. The added interest shown in the sport by these meets will bring out the better distance athletes of America and increase the chances of winning the 1928 games.

The Husker cross-country team will probably enter the meet, through Coach McMaster has not yet made a definite decision. Grinnell, Drake, Iowa State and Iowa are among the other major schools who are apt to enter. Entries must be in by November 22.

TICKETS SELLING FOR FINAL GAME

Selleck Reports No Heavier Sale Than For Previous Games This Season.

The sale of tickets for the Nebraska-Oregon Aggies football game Thanksgiving has been no heavier than the sale for former games this year, John K. Selleck said yesterday. Fifteen hundred tickets have been given out to the various sales places, and about half of them have been disposed of.

Tickets are on sale at Omaha, but no report has been received by the athletic offices as to the number sold. If the weather is good Thanksgiving day, a larger sale is expected at the gate than for the other games this year. Mr. Selleck said he expected about 15,000 spectators at the closing game.

ROCKNE THINKS FOOTBALL WILL BE CHANGED IN 1935

(Continued From Page One.)

the nineteenth annual football contest.

Receiving at fullback for Nebraska was M. Bickerdyke Hicks, III, of

the famous North Platte family. His team was gayly attired in scarlet and mauvette tunics. About the waist was a girdle with a Louis XIV buckle. The shoes were by Hoofus and Son, hosiery by Charlot.

The Notre Dame team was also striking in green shirtwaists, and headgear resembling a woodman's toque. Unique, without being gaudy, was the fact that their shoulder pads were trimmed with georgette. The officials wore the regulation knickerbockers and crepe de chine blouses.

Precisely at two-thirty T. Fitzpatrick Murphy kicked off to Bickerdyke, who returned the ball ten yards before he was tagged by a Notre Dame end. To their dismay, Notre Dame found Nebraska as adept at tagging as they, and the first half evolved into a punting duel.

Between halves both teams had tea, and feeling greatly refreshed, went back into the game with re-

newed determination. In the middle of the fourth quarter on a hidden ball play old Bickerdyke went streaking up the sidelines with a clear field to the goal line. A groan went up from the Notre Dame stands, but they failed to reckon with the resourcefulness of Mr. Murphy.

'Playing safety, he saw Bickerdyke streaking for a touchdown and no one near to stop him. So he shouted so the whole stand could hear him: "Yoo-hoo, Bickerdyke; there's a run in your stocking!"

ball and retire to the clubhouse in confusion. And thus was the game saved for Notre Dame.'

Order your 1940 calendar now.

NOW is the time to plan your work for 1940. What you are doing then will depend a good deal on what you do today and after graduation—and the way you do it.

Obviously, you improve your chances for a big job if you go where big jobs are and will be. That means fit yourself to take a place in some industry with a future.

Planning twenty or more years ahead is all in the day's work, among the telephone companies of America. The electrical generating and manufacturing companies likewise look far into the future.

To put a telephone in every home, to light the 16,000,000 houses that are not yet wired, to devise and promote many appliances for the comfort of man—all this will require decades of time and billions of capital. Chiefly it will need the brains of men.

It has long been said that electricity is in its infancy. That is still true. You are fortunate who can see this industry a little further along on its way to a glorious maturity.
