

PLAY LAST OF SECOND ROUND

Acacia Beats Alpha Sigma Phi and Kappa Sigma Defeats Omega Beta Pi.

EIGHT TEAMS LEFT IN FRATERNITY CONTESTS

YESTERDAY'S RESULTS
Acacia, 13; Alpha Sigma Phi, 4.
Kappa Sigma 13; Omega Beta Pi, 11.

SATURDAY'S GAMES.
Phi Gamma Delta—Delta Tau Delta, 9:00.
Alpha Tau Omega—Alpha Gamma Rho, 9:20.
Delta Upsilon—Sigma Phi Epsilon, 10:20.
Acacia—Kappa Sigma, 10:40.

Acacia won from Alpha Sigma Phi and Kappa Sigma defeated Omega Beta Pi yesterday in the last games of the second round of play in the inter-fraternity basketball tournament.

Eight teams will enter the third round Saturday morning as a result of this week's games, and the winners of the four third round games will clash in the semi-finals early next week. The finals will be played either next Wednesday or Thursday.

The Kappa Sig—Omega Beta Pi game yesterday was close and hard fought. Play was slow in the first half but quickened in the last period. Omega Beta Pi threatened in the last half when Burnham got behind the Kappa Sig defense and tossed a basket, making the score 12-11 in favor of the Kappa Sigs. Ross got a free throw on a technical foul and made the count 13-11, where it stood at the end of the game.

The Acacia—Alpha Sig tilt was fast and exciting in the first half but the Acacia team pulled away in the last period. Play was slow and careful on both sides. Twelve minutes of the fifteen minute half rolled by before a score was made.

Rathsack and Rosenquist did the scoring for the winners. Time after time the Acacias got loose, but poor goal shooting prevented them from scoring. Mann, Alpha Sig, made the only scores for the losers. The summaries:

Acacia—Alpha Sigma Phi.	fg	ft	f pts.
Rathsack, f	3	0	1 6
Kamm, f	0	0	0 0
Rosenquist, f	3	0	0 6
Toft, c	0	1	0 1
Williams, f	0	0	1 0

DR. H. W. ORR SHOWS DIAGNOSIS METHODS

Dr. H. W. Orr, surgeon at the Lincoln Orthopedic hospital for children, demonstrated methods of diagnosis in the treatment of various types of spinal curvature before a class in Dr. Charles Fordyce's scientific measurement department. He brought several patients from the hospital with him as models in the demonstration.

Art Club Plans Bob Sled Party Saturday

A bob sled party is being planned for Saturday night by the Art Club of the University. In case the weather is not favorable, a party will be held in the art gallery instead. Officers of the club are Louise Austin, president; Olivia Van Anda, vice-president; Esther Martin, secretary-treasurer; and Pauline Campbell, reporter.

Variety of Costumes Will Be One Of Big Features of Girls' Party

Various Organizations Will Present Stunts in Affair in Armory Tonight.

The annual Girls' Cornhusker costume party to be held in the Armory tonight will be very interesting, according to those in charge.

Spare moments during the past two weeks have been spent by most co-eds in collecting the alpha and omega of garments in the effort to get something new for the big party. There will be red-cross nurses, old maids, policemen, Hawaiians, darkies, "bums," gypsies, nurse-maids, icemen, Napoleons, Siamese Twins, Cornhusker girls and wild men from Borneo.

Voting for the prettiest, the most unique, and the most artistic costume will be held at 8:00 o'clock. The prizes for these costumes are very unusual. Their nature has leaked out, making competition very strong.

Unusual stunts will be presented by Mystic Fish, Silver Serpent, Tassels, and Xi Delta. Music for the dancing will be furnished by the Polyantha Syncopators.

Concessions will be handled by the Tassels, Silver Serpent, and Mortarboard. Confetti, serpentine, pop and ice-cream sandwiches will be sold.

Pictures for the Cornhusker will be taken about 9:00 o'clock. Individual pictures of the prize winners may also be taken.

DR. FORDYCE GIVES TALK

Addresses Parent-Teacher Associations Recently.

Dr. Charles Fordyce, chairman of the department of educational psychology and measurements, has addressed near-by parent-teachers' associations twice this week.

Tuesday evening, he spoke before the Bethany association on "The Relation of Parent and Teacher in the Education of a Child." "How to Discover the Talents of a Child and to Adapt Education to Them" was the title of the address which he delivered before the College View parent-teachers' association yesterday evening.

KINDERGARTEN CLUB AND TEACHERS MEET

More Than Four Hundred and Fifty Attend Meeting at Bancroft School.

More than four hundred and fifty upperclassmen of the University Kindergarten Club and primary teachers in the Lincoln public schools met at a tea at Bancroft school between 4 and 6 o'clock yesterday afternoon.

A program was presented in the auditorium of the Bancroft building. Miss Merle Beattie, president of the Lincoln branch of the Primary Council, spoke on matters of interest to teachers.

Miss Blenda Olsen, president of the University Kindergarten Club, explained the exhibit of hand-work projects. These projects, with many additions, were moved for the occasion from the third floor of Teachers' College, where they have been on display for several weeks.

They are projects of detailed hand-work executed in miniature by the advanced classes. They set forth such subjects as an Indian village, a florist's shop, a farmyard, an Eskimo scene, a milliner's shop, a maple sugar camp, and the Pilgrims going to church.

Musical numbers were given by a quartet of teachers from the Park school—Joy Schaefer, soloist, and Nina York, violinist. While refreshments were being served, music was furnished by Kathleen Calbreath, violinist, and Helen Danielson, Vivian Varney, and Catherine Parkhurst, pianists.

Mortarboards Become Waitresses for Day

Members of the Black Masque Chapter of Mortarboard are today dropping the mortarboard and picking up the Tray. Through the courtesy of "Red" Long these thirteen young ladies will have a business career of one day's duration. Patrons of the Silver Moon will find the waiters and their white coats replaced by waitresses in black dresses and tiny white aprons.

Some of the members profess inexperience at this vocation, others claim to be the best in this particular section of the city, but all are determined to give the eating public the best service possible.

There will be music and more food than usual at no increase in price.

ALL-UNIVERSITY PARTY PLANNED

Trees and Mistletoe to Be Included in Decorations for Annual Event.

EXPECT LARGER CROWD THAN ATTENDED OTHERS

What promises to be the biggest and best all-University party of the year will be held at the Armory Saturday night. It will start at 8:15. Plans for accommodating a larger crowd than has attended any of the all-University parties this year were completed yesterday at a meeting of the chairmen of the committees.

Real Christmas spirit will prevail at the party. Elaborate decorations have been planned, and Mary Gillan and Oliver Sautter, as chairmen of the committee, promise to have the Armory transformed into a play house by Saturday night. The room is to be artistically decorated with Christmas trees and mistletoe. Work is to start Saturday morning.

Santa Claus will be present in person and may have some pleasant surprises for those present.

Good entertainment has been secured by Wilhemine Schelleck and Robert Hoagland, chairmen of the committee. The Kandy Kids eight-piece orchestra will furnish the music.

During the intermission, Harriet Cruise and Orville Andrews will give some of their popular selections. These two entertainers have become very popular about the University campus this year, and the committee feels extremely fortunate in getting them for the party.

Y. W. Cabinet Votes \$177 to Relief Fund

The cabinet of the Y. W. C. A., at a meeting Wednesday evening, voted to give \$177 to the student friendship fund for European student relief. The money has accumulated from the interest of a legacy left to the association by Dr. Paine.

Plans for a drive for student friendship will be arranged soon by the Y. W. C. A. and the Y. M. C. A. Frances Weintz is chairman of the fund committee on the women's cabinet.

TEA PLANNED BY VALKYRIE

Junior and Senior Women's Society to Entertain Freshman Women Today.

Valkyrie, junior and senior women's society, will entertain all freshman women at a tea from 3 to 5 o'clock this afternoon at Ellen Smith Hall.

In the receiving line will be Dean Amanda Heppner, Professor Louise Pound, Assistant Professor Marguerite McPhee, Mrs. Marguerite Lonam Stott, Dorothy Pierce, '22, and Mary Towle, president of Valkyrie.

The decorations will be carried out in purple and white, the Valkyrie colors. Purple candles in crystal candle-sticks will be on the table in the dining room, festooned in purple tulle. A bowl of purple sweet peas will be the centerpiece.

Two sophomore girls from each sorority will assist in serving the refreshments. Musical numbers will be played throughout the tea.

DR. CLAPP LEAVES FOR KANSAS CITY

Nebraska Professor Will Attend Meeting of Valley Wrestling Officials.

Dr. Raymond Clapp, professor of Physical Education, left yesterday for Kansas City, Missouri, where he will attend a meeting of the Missouri Valley wrestling officials. The men at the meeting will make arrangements for Valley meets, and decide upon the rules that will govern the sport.

A meet was scheduled for last Friday and Saturday, but it was postponed because of the Western Intercollegiate meet at Chicago on the same days.

Dr. Clapp will return from the meeting Saturday or Sunday.

METEOROLOGISTS EXAMINED

Positions for Observers To Be Filled by Students.

Examinations for junior observers and assistant observers in meteorology will be held throughout the United States on January 21, 1925. The positions are open to college students, and experienced meteorologists. They are to fill vacancies in the Weather Bureau at entrance salaries of \$1320 and \$1500 respectively. Advancement in pay will be made without change in assignment.

The duties of junior observer are to perform, under immediate supervision, ordinary routine work. He is to clean and care for the instruments at a moderate-sized station and assist in checking, correcting, and computing various forms.

The duties of assistant observer are to perform, with or without immediate supervision routine work in meteorology, such as to take regular observations and to care for the instrumental equipment in large stations. He will also be required to prepare forms and to prepare data for publication.

Aim of Good Posture Week Is to Make Women Keep Shoulders Back

Find Many Defects in Newly Entered Physical Education Students.

"You know them, the two kinds of girls, the girl with shoulders back, head up and a happy face, then the other kind. Let's get our shoulders back and a smile for Good Posture Week," is the inscription on the poster which started off the Week for the women in the department of physical education. The purpose of the Week

is to show girls the defects in their posture so that they may be partially corrected before Christmas. Out of 902 freshmen and newly entered sophomore women in the department of physical education only sixteen have A posture, 213 with B, 559 with C, and 114 with D. All girls with a D posture are to be given a special conference with one of the instructors of physical education, in order that they may know explicitly what their defects are and how they may be corrected.

After the Christmas vacation C posture girls will be given private conferences. The idea of good posture is being impressed upon the minds of girls in physical education classes. Pictures of posture defects will be shown. Talks on remedial exercises will be given. In the Individual Gymnasium classes twenty hours a week are given to posture work.

It is hoped that a special examination of girls taking posture work can be given in the spring so that the improvement can be definitely proven. With the aid of a schmetograph all girls could be given a picture showing their defects. The department of physical education hopes to have such an instrument soon.

COUNTRYMAN STAFFS TO BE FILLED SOON

Appointive offices on the editorial staff of the Agricultural College publication, The Cornhusker Countryman, for the second semester will be filled by the Publication Board next week.

Applications will be received for the positions of editor, business manager, and circulation manager, until December 15. Applicants are requested by the chairman of the board, Prof. H. E. Bradford, to present evidence as to their qualifications for their position.

GIVES ADDRESS ON AMENDMENT

Prof. J. O. Hertzler Tells Women's League About Child Labor Move.

SAYS LAW NOW WASTES AMERICA'S SEED CORN

Prof. J. O. Hertzler, instructor of sociology of the University of Nebraska, spoke on the proposed child League of Women Voters in a meeting held in the Temple Theater, yesterday at 5 o'clock. The speaker was introduced by Kathryn Krieg.

"What are you going to do; place first an old political tradition or the welfare of two million children, citizens of the United States and the fathers and mothers of the next generation?" asked Professor Hertzler. "You call yourself intelligent voters, what are you doing about it? As the law now stands, you are wasting America's seed corn, morally, mentally, physically, industrially and financially."

Professor Hertzler produced facts to prove that the country was losing, not gaining by the use of child labor. During the year of the great labor slump one million and a half men were thrown out of work because of the use of child labor. No one will employ a man whom it is necessary to pay \$15 a week, at least, if he can have the same work done just as well for \$3.50—the average child's weekly wage.

"Why is child labor bad? In order to answer this question we must look at the cost of child labor," declared the professor. He illustrated his point by showing how child labor deprives the heads of families of work, destroys the health of the child, making him unfit to take a place in the world except as a manual laborer, fills the jails and juvenile courts, and increases the percentage of accidents.

THREE CAPTAINS PLAY CHRISTMAS

Will Be Unusual Condition in Missouri-Southern California Game.

Three Varsity captains will be in the game playing for Missouri when the Tigers and University of Southern California mix at Los Angeles Christmas day. In addition, the men selected as captains of the mythical all-Valley teams, both the first and second squads, will be in the game.

Clyde Smith, center and captain of the Tiger team last year, will be playing his last game. Smith was selected to lead the mythical all-Valley first team this year. Behind him will be Captain Bond, the present leader. Bond was chosen captain of the second all-Valley team and is playing his last game in the Missouri uniform.

Sam Whiteman at left half completes the trio of captains. He was elected captain for 1925 after the Kansas game Thanksgiving, when he starred.

ORCHESTRA HOLDS ELECTION

Viola Jelinek Named New President Recently.

The University orchestra at a recent election of officers chose the following: president, Viola Jelinek; treasurer, Merle Mason; publicity chairman, Louise Ogden.

The Orchestra is now practicing for the "Messiah" to be given before the Holidays. A separate program will be given after the Christmas vacation.

BANQUET PLANS ARE COMPLETE

Stage Set for Annual Affair in Scottish Rite Temple Tonight.

WILL BE CELEBRATION OF FOOTBALL SEASON

The stage is set for Nebraska's annual Cornhusker banquet which is to be held this evening at the Scottish Rite Temple, Fifteenth and L Streets, as a celebration of the wind-up of the football season. Preparations have been made for 1,300 loyal Cornhusker men. The program of this traditional event starts at 6 o'clock.

All fraternity houses have ordered their tables closed this evening, which will assure a large fraternity attendance. It is hoped that non-fraternity men, as well, will catch the spirit and turn out for the affair. Tonight will be the final chance for Nebraska students to show their appreciation of the 1924 football team for their work on the gridiron during the past season. The committee in charge wishes to announce that the banquet will be over in plenty of time for Friday night dates. The forty members of the 1924 football squad will be the honor guests at the banquet, together with the coaches and managers.

A special feature of the program will be films of several of Nebraska's gridiron contests during the past season. They will be shown as a pre-banquet feature, fifteen minutes before the meal. During the meal the Kandy Kids will furnish music, while the entire evening will be marked by the usual Cornhusker spirit and enthusiasm.

The list of toasts includes several speakers well-known to Nebraskans. Robert Joyce, Lincoln business man and toastmaster at the banquet two years ago, will act as toastmaster. Will Ryans, Irish joker, Chancellor Samuel E. Avery, Frank Judson, president of the Board of Regents, Coach Fred Dawson, Lute Morse, locally known humorist, and Ed Weir, football captain, will constitute the list of speakers for the evening.

Fifty business men of the city will attend the affair as representative "Dads," to bring themselves in closer contact with the spirit of the school. Several Omaha business men are also expected. A hearty invitation is extended to all University instructors to attend.

JUDGING TEAM TO BE ENTERTAINED

Kiwanis Club Will Be Hosts at Luncheon for Nebraska's Winning Squad.

The Nebraska Livestock Judging team, winners in the recent International Stock Show, will be entertained by the Kiwanis Club at a luncheon this noon, at the Chamber of Commerce.

In winning the world's honors in judging livestock, the five University of Nebraska men hung up the highest score made by any team in the twenty-five years that the International Livestock Exposition has been held. There was more spread between the first and second team than between the second and twelfth team in this contest.

Kenyon I, the second best beef calf in the world, will be on exhibition in a paddock that has been constructed for him in the street, in front of the chamber of commerce on North Eleventh Street.

ANNUAL SPACE RESERVED

Many Organizations Have Already Expressed Desire for Pages.

Twenty-five University organizations have already reserved space in the 1925 Cornhusker, according to an announcement made last evening by Cornhusker officials.

All organizations, except fraternities and sororities, must make their space reservation before Friday, December 19, if they expect to be represented in the year book.

Two Alumnae Doing Extension Work Now

Eleanor L. Murphy, '15, and Grace Ryan, '12, are doing University Extension work in Arizona. They are both working in the Home Demonstration department, according to a letter received at the Alumni office. Miss Murphy has her headquarters at Nogales and Yuma, and Miss Ryan is stationed at Phoenix. Miss Murphy did the same type of work in New Mexico last year.

(Continued on Page Three.)
