LECTURES ON CHRISTIANITY

Dr. John Andrew Holmes Presents Another View of Life at World Forum.

BELIEVES IN LIVING LIFE TO THE FULLEST

"Life in the very fullest for all is the true spirit of all Christianity," said Dr. John Andrew Holmes, pastor of the First Plymouth Congregational church of Lincoln, in his discussion of the Christian view of life at the World Forum luncheon at the Grand Hotel Wednesday noon.

Dr. Holmes did not present the views of any particular sect or denomination within the Christian church, but told of the essence and spirit of the whole Christian movement and of the things which all Christians believe.

"Christianity does not try to put the brakes on life, to make existence here a lifeless preparation for the next world, but rather it is the Christian spirit to step on the gas, always of course keeping a firm hand on the wheel," said Dr. Holmes.

"But more important than the development of the body is the development of the mind and of the soul," said the speaker.

"Development of the soul is more important than development of either the body or the mind," Dr. Holmes continued.

"The development of life is much like a cone. The tip represents life on earth. After death we go on developing, learning, and improving. Our soul broadens in all respects just as a cone becomes larger."

The missionary movement was defended by Dr. Holmes. He said that it was the very spirit of Christianity to want to tell all the rest of humanity of the satisfaction to be found in such a belief.

Dr. Holmes pointed to the abolition of the twelve-hour working day in the steel industry of the United States, which was a result of the report of the Inter-Church World report on conditions there as one of things which Christianity had accomplished recently.

IRISH WILL BE IN TOWN TODAY

Athletic Department Will Entertain Champions of Country During Stay.

DINNER IS PLANNED AT COUNTRY CLUB

The Notre Dame football team will be in Lincoln today from 1:35 until 9:30 this evening. The champions will stop on their return trip from a victory over Leland Stanford University and will be entertained at a dinner at the Lincoln Country Club by the athletic department.

The dinner at the Country Club is the only official entertainment being planned by the University. The fact that the gridiron kings have been "partied to death" accounts for the lack of pompous ceremony and entertainment, according to Herbert Gish, of the athletic office.

The Notre Dame players will arrive over the Burlington and will be the guests of the Athletic Board of Control during their short stay. Football letter-men, coaches, and the athletic board will be present at the dinner for the returning gridsters.

Crowley, Notre Dame back, will not be present. He was detained in San Francisco because of injuries received in the last contest. Harry Stuhlreher, picked as all-American quarterback by Walter Camp, will appear on crutches if he is able to play at all. He played the last half of the New Year's day conflict with broken bones in his foot.

Although no official reception has been arranged, many students intend to see the team at the Burlington station, Ninth and P streets.

She told the members what she thought the council should mean to them and to the other women of the University.

It was decided that the members of the council should have more time to get the material of the council meeting to their homes before the following general meeting. Council meetings will hereafter be held the Monday before the meeting at 5 o'clock in Ellen Smith Hall, instead of the Wednesday before the meeting.

HAVE MONTH TO GET GROUP PHOTOS MADE

Organizations Should Make Appointments for Pictures at Campus Studio.

All group pictures for the 1925 Cornhusker must be taken at the Campus studio within the next four weeks. Groups must start immediately, in order to finish within the time set.

The regular charge for group pictures is to be four dollars. This must be paid to the photographer at the time of the sitting.

Appointments must be made directly with the studio, and not through the Cornhusker office. There will be an additional charge of one dollar for each time a group fails to keep an appointment, unless it is broken one day in advance.

Groups must fill their appointments promptly to avoid congestion and enable the photographer to keep his appointments. Members of a group arriving late spoil the grouping and delay the taking of the picture, so they will necessarily be left out.

Groups are urged to make their appointments as soon as possible in order to avoid confusion in the Cornhusker office and congestion at the studio.
