

AXLING SPEAKS IN CONVOCATION

Speaker Points Out Unfairness to the Japanese Race of the Exclusion Act.

"JAPANESE-AMERICAN RELATIONS" IS TOPIC

"Japanese - American Relations" was the subject of the address by Dr. William Axling, '98, at the convocation Thursday morning at the Temple. Dr. Axling has for twenty-four years been in missionary work in Japan and has an intimate acquaintance with many of the political and intellectual leaders of the Japanese Empire.

While in Lincoln, Dr. Axling makes twelve speeches of which two have been on the campus, two to the houses of the legislature and others before various religious and civic organizations. In addition to his contacts with prominent Japanese, Dr. Axling had directed the institutional church in Tokio developed by the Baptist Mission Society which does work similar to the social settlement work in this country.

The unfairness of the discriminatory Exclusion Act directed against the Japanese Nation was pointed out by Dr. Axling in his convocation as he emphasized the importance and the desirability of American co-operation and understanding with Japan.

Dr. Axling pointed out that the Japanese did not desire the immigration doors to be opened wide or even partially, but that the unnecessary discrimination made the Japanese feel a personal injury. Had Congress determined that two per cent of the number which came in in 1890 would be admitted, only 146 Japanese would come in to this country under the quota law. As it is, the Act attempts to build a wall on a basis of race between the Orient and the Occident.

Urges Japanese Alliance. The speaker painted the picture of the position of America in international matters and the opportunity now presented to her to preserve peace. With England, he pointed out, we can ally ourselves to preserve the peace of the entire Atlantic region. A peaceful alliance with Japan, he declares would preserve peace about the Pacific. America has the chance to make for world peace, and is in a position to do so. Japan's friendship is one necessary step to be taken. The speaker repeated the thought that it does not require Japanese immigration, but non-discrimination on account of race.

The Gentleman's Agreement if continued or modified even more would have been satisfactory, according to the speaker, and fewer Japanese would have come in than are now being smuggled across the borders. But a direct racial discriminatory act which the Japanese feel threatens their position, the place they have won for themselves, will not make for better understanding or closer co-operation.

FACULTY WOMEN'S CLUB GIVES PARTY

Annual Mid-winter Function Is Held at Ellen Smith Hall Wednesday Night.

The annual mid-winter party given by the Faculty Women's Club of the University, took place Wednesday evening at Ellen Smith Hall, all of the faculty members of the University being invited with their husbands and wives. Between two and three hundred persons were present.

Mrs. J. D. Hicks sang a group of solos for the evening's program. The hostesses were Mrs. J. E. Opp, chairman of the entertainment committee, Mrs. Dean R. Leland, Mrs. H. G. Gould, Mrs. Paul H. Downs, Mrs. R. A. Lyman, Mrs. E. R. Truell, Mrs. J. D. Hicks, Mrs. C. S. Hamilton, Miss Ruth Staples, Miss Constance Syford, Miss Marguerite McPhee, Miss Clara Craig, Miss Lulu Runge, and Miss Lucy Hill.

The refreshments were punch, ices, cakes, and candies. Mrs. M. G. Gaba and Mrs. R. D. Scott presided at the table for the first hour, and Mr. E. E. Brackett and Mrs. B. C. Hendricks took their places during the second hour. Mrs. H. S. Kinney also assisted in the serving.

UNIVERSITY OF TORONTO—"Tom Thumb" is the boast of the college. He is a freshman and is just three feet six inches tall.

ALUMNUS SENDS LITERATURE

Seattle Architect Sends Clippings From Washington Papers.

R. J. Skinner, ex-'18, an architect of Seattle, Washington, sends literature regarding the state of Washington to the office of Dean O. J. Ferguson of the College of Engineering from time to time.

A recent issue of the magazine "Pacific Builder and Engineer," describing the new Washington state capitol and surrounding group of buildings, is his most recent contribution. He has also sent the annual report of the municipal lighting system of Seattle.

WILL HOLD SECOND ICE SKATING PARTY

W. A. A. Sponsors Affair to Be Held Saturday at the Municipal Rink.

A second skating party will be sponsored by the Women's Athletic Association at the Municipal rink Saturday morning, January 17, at 11 o'clock. All women in the university are invited to attend.

Refreshments will be served at noon to the skaters. The food will cost twenty cents per person. Those who plan to stay to lunch should leave their money before Friday evening with Alice Pfeiffer in order that arrangements can be made in time.

Beginners are asked to come. They will be helped and can have fun regardless of their inexperience. The rink is at Twentieth and M streets in Antelope Park.

MAY OFFER SPECIAL COURSES

Purdue University Plans to Train Engineering Teachers.

Two types of training courses for engineering teachers may be offered at Purdue University this summer, according to a recent announcement received by Dean O. J. Ferguson of the College of Engineering.

The first of the training courses is an institute of four weeks in the technique of engineering teachers. The second is a summer course of nine weeks for the benefit of teachers who wish to pursue subjects leading to advanced degrees.

Additional information regarding the two courses will be furnished by Dean Ferguson.

Achievements of Famous Graduate of College of Engineering Told

January Issue of Nebraska Alumnus Relates Story of J. A. Sargent.

The story of the achievements of Joseph A. Sargent, said to be one of the finest engineers turned out by the University of Nebraska, who graduated in 1903, is told in the January issue of the Nebraska Alumnus, just off the press. Mr. Sargent's son, Henry A. Sargent, received last June the same degree that his father had received, B. Sc. in C. E. The Alumnus' account of Mr. Sargent's activities follows:

"Mr. Sargent was engaged in railroad work in minor positions previous to 1892, in which year he enlisted and served as a sergeant in Company H, second regiment, U. S. volunteer engineers. He installed the complete water supply at Camp Meads, Penn. He was with the first troops in Havana on preliminary sanitary work and on the preliminary survey of fortifications. In 1899 he was mustered out at Havana, being then assistant engineer in charge of the survey of fortifications. Mr. Sargent also had charge of the compilation of reconnaissance data for the first military map of the Island of Cuba.

"During the latter part of 1902 and in 1903, Mr. Sargent was division engineer for the Mexican Central Railway in charge of three sections, doing the equivalent of \$40,000 worth of work per month. From 1903 to 1906 he was connected with the United States Reclamation service, as assistant engineer and later as engineer. He was engineer for the Gunnison Tunnel, six miles long, the longest irrigation tunnel in the world.

"In 1906 and 1907 Mr. Sargent was assistant engineer for the East River Tunnels of the Rapid Transit Subway Construction Company. He was chief engineer for the Cuba Railroad company averaging \$40,000 per month. He took charge of the Manzanillo sub-district of public works under the second United States Provisional Government of Cuba in 1907-08, with nearly \$880,000 worth of macadamized highways and steel bridges under construction. From 1909 to 1913 he engaged in the general engineering practice for private

corporations. He supervised irrigation, hydraulic and railroad work aggregating more than \$59,000,000 in value in the Rocky Mountains, the Pacific Coast States and the West Indies.

From 1913 to 1917 Mr. Sargent was in charge of hydro-electric construction work in Spain, except in 1915 when he returned to America to perform engineering work for a brief period. He employed from 10,000 to 12,000 men while in Spain. As chief engineer for the Ebro Irrigation and Power Company, Ltd., he completed approximately \$17,000,000 worth of work including the largest dam and the largest concrete lined power canal in Europe at that time, and electric power installations of great magnitude, together with miscellaneous subsidiary structures, roads, bridges, etc. In Europe before the war, while on a leave of absence, he made ground studies of working methods of hydro-electric and other public utility projects in France and Switzerland and at August and Laufenberg on the Rhine river.

"Mr. Sargent was captain of engineers for the American Expeditionary Forces in France, 1917-19. He was depot engineer officer at Givres, France, the first six months. He served as captain of the second engineers, second division, during active campaigning, being wounded at Lucy le Bocage, edge of Belleau Woods, near Chateau Thierry. He returned to his regiment as Class "A" in time to participate in the reduction of the San Michel Salient and the storming of Mont Blanc. He was awarded the Croix de Guerre. After the Armistice he finished his active service as post engineer for the general headquarters at Chaumont.

From 1919 to 1921, Mr. Sargent was on general investigations in a supervising and consulting capacity traveling and covering construction and reconstruction projects, railroads, hydro-electric, and municipal improvement projects in Belgium, France, Spain, Poland and other points in Central Europe.

"Since 1921, Mr. Sargent has been with Dwight P. Robinson & Company, Inc., of New York. He went to Brazil in a consulting capacity as technical engineering practice for private

Dr. Marvin Will Address Sigma Xi

Dr. Henry Howard Marvin, chairman of the department of physics in the University, will lecture upon the Dissection of the Atom at the regular meeting of Nebraska chapter of Sigma Xi, honorary scientific research fraternity, Tuesday, January 20, at 8 o'clock in the general lecture room of Brace Laboratory.

The researches of Sir Ernest Rutherford, Doctor Niels Bohr, and others who have furnished clues to the structure of the atom, will be generally discussed. The work of B. E. Moore, professor of physics in the University, bearing on the problem of the structure of the atom will be treated briefly. The meeting is open to the public, members and non-members being invited.

PREPARE FOR ANNUAL BALL

Kosmet Klub Promises Several Surprises for Pan-Hellenic Formal.

PLAN NOVELTY ACT FOR INTERMISSION

Several surprises are in store for guests at the Pan-Hellenic formal to be given tomorrow evening at Scott's Rite temple, according to those in charge. Kosmet Klub, sponsors of the affair, promises that it will be a memorable event and no time and trouble will be spared in preparations.

A novelty act to be given during intermission is one of the surprises. The decorations for the party will be unique and different from former parties. The lounge room will be especially attractive with fraternity and sorority crests, skins and blankets adorning the walls.

The winner of the competition for the writing of the 1925 Kosmet Klub production will be announced at the formal. Several songs from the comedy will be played by the Nebraskans with an augmented orchestra.

Fraternities and sororities wishing their pins and crests in the decorations should have them ready when a committee will call at all houses some time today. Kosmet Klub urges that every Greek organization be represented at the party.

Senior Pictures Come in Slowly

Set Deadline for Those Whose Names Begin with Letters from A to J.

Seniors are making their appointments for pictures at the two studios too slowly, according to Fayne Smithberger, editor of the senior section of the Cornhusker. All senior pictures must be taken by January 30. Those whose names begin with letters from "A" to "J" must make appointments at the Townsend or Hauck studios by the end of this week. They will probably not be taken care of after that date because of the lack of time.

Seniors listed below should make appointments with the studio for Saturday, January 17.

Townsend Studio.

Gribble, Bernard; Gross, Bernice L.; Groves, Ruth L.; Gross, William M.; Gude, Leo J.; Gulick, Ethelwyn; Gund, Pauline; Gustafson, Jennie H.; Gustafson, Elmer T.; Gustin, Clark R.; Guthrie, Helen L.; Haines, John Erastus; Hale, Merle M.; Hale, Virgil G.; Hall, Earl E.; Halgren, Dorothy E.; Hansen, Carrie C.; Hanson, Fred T.; Hanson, Hope; Hare, Donald E.; Hargreaves, George W.; Harney, Edward P.; Harper, Wm. C.; Harrington, Frank; Hatch, Velma; Hauke, Lena; Havelic, Arthur J.; Hawkins, Bertram A.; Hedden, Ovre K.; Henderson, George C.

Hauck Studio.

Netherland, Virginia A.; Nuemann, Hermina A.; Newton, Carol M.; Newton, John E.; Nicholson, Margaret; Nielsen, Edna L.; Nieman, June C.; Noble, Leslie H.; Norgie, Warren C.; Norris, Glen W.; Norenson, Adelaide; Norton, Wm. W.; Nuernberger, Ella N.; Nuss, Rudolph; Ochsner, Honor M.; Ochsner, Rinehardt O.; Oden, Warren E.; Oshlund, Hilding M.; Oleson, Olive M.; Olson, Arthur T.; Olson, Siegfried E.; Olsson, Olof; Opp, Alvin M.; Orebaugh, Mary E.; Otley, John A.; Ough, Glen; Overman, Eulalie; Owens, James C.; Pallett, Harold A.; Palmer, Cullen N.

STANFORD UNIVERSITY—Ten thousand applications for tickets for the California-Stanford game were returned because of lack of seating room. With each returned check was sent a free pass entitling the bearer to standing room on the hill overlooking the stadium.

(Continued on Page Four.)

BOARD POLICY IS EXPRESSED

Athletic Board of Control States Standard to Govern Husker Sports.

TAKES STRICT STAND FOR CLEAN ATHLETICS

"The standard for athletics at Nebraska embodies strongly-contested and well-officered games played by bona fide students; it firmly opposes anything that is contrary to the spirit of real amateur athletics in the strictest sense of the term."

That is the policy of the University Athletic Board of Control as set out in an article in The Nebraska Alumnus. "As a means of promoting the welfare of the University of Nebraska and Nebraska athletics, the athletic board has formulated a well-defined policy," says the article.

"It is the belief of the board that proper athletic training and discipline is a large factor in the development of physical and moral character. In conformity with this idea, the expansion of intramural athletics is favored strongly.

"It is also the opinion that properly conducted athletic contests encourage participation in these intramural sports and, in addition, help to develop a spirit of self-reliance and good sportsmanship.

"The maintenance of this standard of athletics is largely dependent upon the character and personnel of the coaches and upon the stability of their positions. The board therefore proposes to use every effort in an attempt to see that the right man is in each coaching position. It further proposes to make that man, as nearly as possible, a fixture in Nebraska athletics.

"Such a right man is now being sought for head football coach. After thorough investigation without regard for other considerations, the board proposes to select the man who will best fit into Nebraska system and best fulfill Nebraska's needs."

The athletic board is composed of eight persons. University officers are the executive dean, finance secretary, conference representative, purchasing agent, student activities manager, and athletic director. Other members represent the alumni association and the trust company holding the stadium bonds.

SENIOR PICTURES COME IN SLOWLY

Set Deadline for Those Whose Names Begin with Letters from A to J.

Seniors are making their appointments for pictures at the two studios too slowly, according to Fayne Smithberger, editor of the senior section of the Cornhusker. Lieurance Leaves on Eastern Trip

Thurlow Lieurance, composer, pianist, and faculty member of the University School of Music, left yesterday morning to begin a concert tour in east. He was accompanied by Mrs. Lieurance (Edna Woolley), soloist, and Lillian Reed, flutist.

The performance will follow the general lines of Mr. Lieurance's previous concerts, composed chiefly of his own compositions and interpretations of the songs of Indian life, which he has studied for many years.

Except perhaps for brief stops between engagements, Mr. Lieurance is not expected to return to Lincoln until in May. The cities in which his concerts are scheduled include the Twin Cities, Rockford, Davenport, Battle Creek, Orange, Columbus, Dayton and Cincinnati.

PICK CITY FOR ENGINEER TRIP

Upperclassmen Choose Kansas City as Destination for Annual Inspection.

PARTY OF 100 WILL LEAVE ON APRIL 6

Kansas City, Missouri, was chosen in preference to Omaha as the destination of the annual inspection trip by upperclassmen of the College of Engineering at the balloting Wednesday.

This is the first time for some years that Kansas City has been the destination of the short trip which alternates with the long trip. Omaha or Chicago has usually been visited.

The party of approximately 100 engineering students will leave April 6, according to present plans, and spend five days at Kansas City, visiting places of professional interest. The engineering faculty is corresponding with the Kansas City Chamber of Commerce and the representatives of various engineering concerns, in order to determine the itinerary. This will be published in The Daily Nebraskan as soon as completed.

Addresses Students in Home Economics

Miss Bess Roe, field editor of the "Farmer's Wife," a magazine published in Minnesota, talked to the students of the Home Economics department on "The Opportunities in Journalism and Business for Women with Home Economics Training." Miss Roe is a graduate in Home Economics and was home demonstration leader in Montana for a number of years. She has been connected with the "Farmer's Wife" for about five years.

Detail Police to Avert Rioting at Cross-Word Puzzle Contest

Oklahoma College Teams Will Contend for State Collegiate Title.

A special detachment of police will be detailed by Mayor Cargill of Oklahoma City, Oklahoma, to keep order among the cross-word puzzle fans when the University of Oklahoma and the Oklahoma A. & M. College of Stillwater meet in Oklahoma City for the collegiate title.

While actual rioting can probably be averted, it is thought best by the officials of the contest to take precautionary measures against disorders.

Three students, one faculty member, and one alumnus will compose the team from each school which will meet under the auspices of the Oklahoma chapter of Sigma Delta Chi, national professional journalistic fraternity, for the collegiate championship of Oklahoma.

Thirty students participated in the tryouts that were held at the University of Oklahoma last Tuesday evening. It was from these that the three students were selected. The general opinion of those interviewed was that women would probably make poor members of the cross-word puzzle team, because of their proclivities for having the last word instead of the first. Dr. J. B. Cheadle, professor of law, was to be the faculty member of the Sooner team while Attorney General George Short has been chosen the alumnus member of the team.

A training table has been established in Stillwater, according to ad-

STUDIES TWO DEPARTMENTS

Danish Visitor Examines Methods Used at University.

Miss Ulla Christensen of Denmark spent considerable time during the week with the Home Economics Department and the Extension Service. Miss Christensen has been sent to this country by her government to study the work given in Home Economics to the college students, as well as that offered the women and children in home-making, especially in rural communities. Miss Christensen hopes to establish courses in home-making education when she returns to Denmark.

MANY TEAMS ARE ENTERED IN MATCH

Urge Fraternity Rifle Teams to Complete Scores as Soon as Possible.

Twenty-one fraternities have entered teams in the inter-fraternity rifle match which is being held this week. Captain Eggers, in charge of the match says that the match is progressing very slowly and he urges all the teams to complete their scores as soon as possible. Saturday is the last day that the men will be allowed to shoot in the competition. Each man will fire ten shots in each of the positions; prone, sitting, kneeling, and standing, making a possible score of 200 points for each man or 1000 points for a team.

The fraternities entering teams are: Alpha Sigma Phi, Sigma Chi, Phi Gamma Delta, Nu Alpha, Kappa Psi, Silver Lynx, Phi Delta Theta, Alpha Theta Chi, Delta Sigma, Phi Kappa Psi, Pi Kappa Alpha, Lambda Chi Alpha, Alpha Gamma Rho, Mu Sigma, Sigma Nu, and Delta Chi.

RADIO PROGRAM IS GIVEN FROM WFAV

Speeches by Professors and Music Broadcast from University Station.

A program of music and speaking was broadcast last evening over University station WFAV. The regular correspondence course in English was conducted by Assistant Professor M. H. Weseen at 7 o'clock. Professor G. D. Swezy, chairman of the department of astronomy, lectured on "The Heavens in January." Following was the musical program: Gollywog Cakewalk—Debussey; Melodie—Rachmaninoff; Valse Impromptu—Liszt; Thelma Sexton, '25, Lincoln.

The Lotus Flower—Schumann; Pale Moon—Logan; Just Been Wonderin'; Mary Elizabeth Coleman, '26, Fremont.

Romance—Wienawski; Dorothy Rich, '25, David City.

UNIVERSITY OF WASHINGTON—At a recent charity affair some of the high and mighty seniors did their bit by shining shoes.

NAME JOINT COMMITTEE

"Life At Its Best" Will Be General Topic of Meetings Under A. Bruce Curry.

MEETINGS WILL BE HELD NEXT MONTH

A joint committee of members of the University Christian Associations, in charge of arrangements for a six-days' discussion with A. Bruce Curry as leader, upon the general subject "Life At Its Best," made tentative plans for the campus meetings at their first meeting at Ellen Smith Hall at five o'clock Thursday. The discussion meetings will be held from February 3 to 8 inclusive.

The committee from the Y. W. C. A. follows: Margaret Williams, '26, Lincoln, chairman; Irma Stockdale, '24, Chadron; Rachel Elmore, '27, Lincoln; Ethelyn Gulick, '25, Goodland; Heley Keyes, '27, Omaha; Frederica Lau, '25, Lincoln; Constance Stevens, '26, Beaver City; Blanche Stevens, '26, Beaver City; Freda Barker, '25, Hot Springs, South Dakota; Dorothy Peck, '25, Cedar Bluffs, Iowa; Eloise McAnan, '27, Lincoln.

The committee from the Y. M. C. A. is: Duane Anderson, '25, Omaha, chairman; Ed Weir, '26, Superior; Gerald Davis, '26, Norfolk; Hugh Cox, '26, Lincoln; Keith Tyler, '25, Lincoln; George Bowers, '26, Filley; Walter Key, '27, Omaha; Carl Lewis, '28, York; Eldred Larsen, '28, Oakland; Frank Mooney, '28, North Platte; Vernon Schopp, '25, St. Joseph, Missouri; Jay Hepperly, '25, Norfolk.

ADVERTISERS WILL HAVE NEW COLUMN

Lincoln Firms to Cooperate in Publishing Feature Advertising Section.

The latest in fashions and suggestions for spring will be found in a new column every Sunday, beginning January 17. A group of Lincoln advertisers are cooperating in offering suggestions to readers of The Daily Nebraskan as to the fashions and novelties which each season produces.

Kate Goldstein, '28, will be in charge of the column. Before her graduation from Omaha Central High School last spring, Miss Goldstein was the first girl to be business manager of the Register and O-Book, Central publications. She is now a member of the advertising departments of the Omaha World-Herald and the Lincoln State Journal.

RIFLE MATCH FOR WOMEN ARRANGED

Call Meeting of All Women Interested at Armory Friday Noon.

Arrangements have been made by Captain Eggers which will make it possible for women to have their intercollegiate rifle matches this year. Two mornings each week will be set aside for the women. They will be the only ones allowed on the range at that time. Monday mornings has already been set aside for their use and another time will be selected soon.

There will be a meeting of all women interested in rifle marksmanship Friday noon in the Armory, room 101. Plans for the matches will be made at this time.

Jorgenson Speaks On Exclusion Act

The Japanese Exclusion Act from the standpoint of the Japanese, was the subject of the lecture given before a meeting of the Congregational Men's Club of the Congregational Church of Havelock by Arthur Jorgenson of the University Y. M. C. A., Tuesday night. He declared that America must appreciate the peoples of the Orient and learn to live with them. A number of songs by the Masonic chorus was the other feature of the evening's entertainment.

UNIVERSITY OF ARIZONA—The Bachelor Club has increased its membership to 259. As a punishment for "queening," a member of the Bachelor Club will be forced to wear a "mother Hubbard" on the campus for the entire day.

UNIVERSITY OF CINCINNATI—A cross-word puzzle is published every day in "The Bearcat," student publication. The answer is the name of one of the girls popular on the campus.
