

FIFTY WRESTLE IN OPEN MEET

Material Turns Out for Intercollegiate Season Which Opens in February.

MANY WATCH BOUTS THURSDAY AND FRIDAY

Almost fifty wrestlers took part on the open home wrestling meet held Thursday and Friday in the Armory for the purpose of turning out all the grappling material for the intercollegiate season which will open early next month.

The wrestling carnival was well attended at both sessions. The bouts in the finals and semi-finals produced some good material for the team. Many of the bouts were of much interest. In the final in the 145-pound class Dale Skinner won from Luff in a good bout which looked like championship stuff.

The bouts were slated to go eight minutes each, with a one-minute time advantage required to win. If the grapplers were at a draw at that time two extra rounds were wrestled. John Kellogg, last year's captain won from McCaskey by a decision in the 135-pound class. McCaskey had previously won from Andrews by winning two falls in two extra periods.

In the 175-pound class Highley won from Brainerd with a time advantage of 2:28. Only four were entered in the 158-pound class. Lundy won from Fowler easily with a time advantage of 6:30.

In the light classes, Enzor Kellogg, brother of John Kellogg, won the finals by forfeit over Durham in the 108-pound class. Hudson won over Blore in the 115-pounders and Mancer won the 125-pound finals.

With the open meet over, the Varsity squad will work itself into shape for the first meets of the season. The summaries:

108-pound. Kellogg defeated Jones; Durham defeated Smith. Kellogg won forfeit over Durham.

115-pound—Probst, bye; Blore defeated Waterman; Hudson defeated Quatroche; Treadwell, bye. Blore won by forfeit from Probst; Hudson defeated Treadwell. Hudson defeated Blore.

125-pound—Joy won by forfeit; Mousel; Weber defeated Huddleston; Muncer defeated Gettman; Monahan, bye. Weber defeated Joy; Muncer defeated Monahan. Muncer defeated Weber.

135-pound—Schroyer-Siebras, draw. Schroyer won toss; Kellogg defeated Mallette; McCoskey defeated Jacobs; Andrews defeated Anglie. Kellogg defeated Schroyer; McCoskey defeated Andrews. Kellogg defeated McCoskey.

145-pound—Gasteyer, bye; Luff defeated Richardson; Skinner defeated Holt; Moulton defeated Schepman. Luff defeated Gasteyer; Skinner defeated Luff.

158-pound—Fowler defeated Stein-Hieman; Lundy defeated Hubbard. Lundy defeated Fowler.

175-pound—Johnston, bye; Brainerd, bye; Highley defeated Williams; Wanek, bye. Brainerd defeated Johnston; Highley defeated Wanek. Highley defeated Brainerd.

THOUSANDS WATCH HUSKER FOOTBALL

Paid Attendance at Fall Games Reaches High Figure.

More than one-hundred-thousand football fans paid their way to see eight Nebraska football games last fall, according to a report made by John M. Selleck, business manager of athletics.

The Notre Dame game drew the largest crowd of the season, being witnessed by four hundred more than the Illinois game. The Irish tilt drew more than the attendance at the Kansas and Oklahoma games combined, and the Cornhusker's other foreign game at Kansas Aggies brought an attendance of only 6,434.

The paid attendance at each of the Nebraska game is as follows:

Illinois at Nebraska	17,474
Nebraska at Oklahoma	5,890
Colgate at Nebraska	15,668
Nebraska at Kansas	12,707
Missouri at Nebraska	14,027
Nebraska at Notre Dame	17,804
Nebraska at Kansas	
Aggies	6,434
Oregon Aggies at Nebraska	12,833
Total	102,287

Dr. Fordyce Writes Psychology Article

Dr. Charles Fordyce, chairman of the department of educational psychology and measurements, is author of an article entitled "The Psychograph" in the current issue of The Bulletin of Educational Research. Dr. Fordyce shows in graphic form the relation between academic achievements of the student and his mental level, so that the instructor may readily determine how the student's accomplishments and program correlates with his mental capacity.

Eckstrom Stars in Game as Substitute

Fred Eckstrom substituted last night for Billy Usher at forward and immediately came through with three baskets. Eckstrom has been playing in many games but usually as a center. When he got in the game against Drake last night he handled himself so well that he was allowed to go the full length. "Eck" is an accurate basket shooter and is good on defense. He has a little trouble on passing but makes up for it in goals. One of his shots last night was a hard one from the side of the court, but he made it with the ease of a veteran.

WFVA Broadcasts Basketball Games

The Drake-Nebraska basketball game was broadcast play by play last night by the University radio station, WFVA. The microphone was installed at the center of the floor yesterday and relayed to the station in Electrical Engineering building, where it was put in the air. According to present plans each home game will be broadcast by the station.

INDOOR TRACK EVENTS LISTED

Interfraternity Track Meet Date Is to Start on February 9.

FRATERNITY RELAY CONTEST PLANNED

Coach Henry F. Schulte has announced a complete schedule of indoor track events to cover the present indoor season. The interfraternity track meet, which has become an annual affair will begin, Monday, February 9 and last throughout the week. An interfraternity relay contest will be held the following week. Coach Schulte proposes to hold some match races every Tuesday and Thursday with an open invitation to the public.

The annual interfraternity track meet will be run on the percentage basis, as in former years. The winners of first and second places will be awarded the usual trophies for inter-mural sport winners. The relay events are a new event in the indoor schedule and Coach Schulte hopes to make them an annual affair. The Tuesday and Thursday meets will be similar in nature to the track matinees held last spring. There will be relay events held in these meets also.

In the relay events the fraternity with the lowest score will win. The scoring will be on a similar basis to the cross-country scoring system. The winner of first in one relay will gain one point. Second place counts two points, and third totals three points. The races will consist of four-man teams being entered in each race.

Beside the five relay races there will be a medley relay. In this race the first man will run one lap on the track. The second man will run two laps, the third man four, and the last man six. The distances of the relays are: 2-lap relay; 4-lap relay; 6-lap relay; 8-lap relay; 12-lap relay.

Pool Lectures Before Society in Sioux City

Dr. R. T. Pool, head of the Botany department, gave a lecture on "Plant Life of the Desert of Southwestern United States" before the Sioux City Academy of Science and Letters Tuesday. The lecture was illustrated, Dr. Pool giving a number of slides showing the various kinds of desert plants that are to be found in the southwestern section of the United States.

VARSITY MEN ARE COACHES

Track Candidates Receive Training From Veteran Squad.

UNIFORMS MARKED BY NAME AND EVENT

Friday presented a surprise for the Varsity track men, when Coach Schulte had each Varsity man to wear his name and his events on a strip of paper. As a result, all the new candidates have marked examples before them. This system marks the perfecting of the coaching system that "Indian" Schulte has practiced in the past few years.

Every Varsity man now wears his name and event on his track uniform, and the new men are going to get their track education in their events from these men. Each man is a coach, handing down his knowledge to the other men. The new men are requested to ask these coaches for advice, and in turn, the Varsity men will give over some of their training time to the future track stars.

It is estimated that there are three-hundred-fifty men out for track this season. It will be impossible for Coach Schulte to give personal attention to these men each day, yet he must watch the training of the outstanding Varsity candidates. These men will hand down to the new members of the squad the same training. The system has worked very well in past years, not only for the new men but for the Varsity men themselves, and now that it is worked out more completely Coach Schulte has increased hopes of the success of the system.

Three assistant coaches, who are giving their spare time to the squad this spring, are helping to give Nebraska another winning team. "Mud" Gardner, who holds the Varsity record for the half-mile as well as the Valley indoor record, is helping the distance and middle distance runners. "Ced" Hartman, Kansas relay record holder in the shot put, is working with the weight men. "Dick" Newman, who has his name on the list of former Husker stars, is working with the pole vaulters.

The Varsity coaches include: Sprints—Locke, Hein, E. Weir. High hurdles—Ed Weir, Reese. Low hurdles—Ed Weir, Reese, Crites, A. Mandery. 440-yard dash—Crites. 880-yard run—Lewis, Jack Ross. Mile run—Jack Ross, Zimmerman, Cohen, McCartney, Lawson. Two-mile run—Cohen, Zimmerman, Lawson. Pole vault—Gleason, Davis, Rhodes, Wirsig. High jump—Rhodes, Stevens. Broad jump—Rhodes, Stevens. Shot put—Krimmelmyer. Discus—Pospisil. Javelin—Wostoupal, Brainerd. Relays—Locke, Hein, Crites, Lewis, Ed Weir.

OREGON AGRICULTURAL COLLEGE—Sleet, snow, and wintry winds have no terrors for some of the intrepid swimmers who have ventured into the icy waters of Mary's River. Nearly a dozen women have taken the plunge within the last week, and apparently they are none the worse for the experience.

Valley Sports

The next of Coach Schulte's track matinees comes Tuesday at 4 o'clock when members of the first and second year classes clash in the first freshman-sophomore track meet to be held at Nebraska. Both classes are calling on their best men and a fair showing of cinder talent is expected.

The men from which the team to go to the K. C. A. C. meet will be picked will be on exhibition again Thursday on the indoor track. The first of the showings was last Thursday and times were clocked off which speak well for Nebraska's chances on track and field this year.

Baseball men will start warming up soon after exams, says Ray Janda, captain. The men will start their first work in the Armory unless weather allows them to go outside for any length of time. If the weather continues cold and wet the nine will have to be contented with pitching the ball in the gymnasium.

"The Jayhawkers were given the worst beating in six seasons by the Kansas Aggie team," says the University Daily Kansan. Kansas form fell off badly this week and Kansas Aggie stock boosted many notches by their defeat of the Kansas champions.

The Aggies probably worked their defense so that they clamped down on the Kansas long range shooters, says a Nebraska authority. "What won the championship last year was the uncanny ability of the Jayhawkers to hit the basket from any angle, any distance, of the court. When they are held down on that branch of the game they are lost."

Mike Howard, wrestling coach at the University of Iowa, declares that Wayne Munn defeated Strangler Lewis in a "framed" bout at Kansas City last week. Munn, says Howard, is now a member of the "wrestling trust," which includes wrestlers such as Lewis, the Zbysko, Stecher, McCarthy, and others. The "trust" is an organization charged with "framing" all championship bouts and limiting the challengers to those within the ring.

Dr. R. G. Clapp, wrestling coach, expressed the opinion yesterday that the match was on the square. "Although I did not see the bout," he said, "I am sure it was on the square and not framed. All indications point that way."

"If the match was framed beforehand, then it looks like Munn forgot about it and 'spilled the beans' when he treated Lewis with the roughness which forced Lewis to cancel his European trip which had been planned. I knew Munn to be a fair, square wrestler who had the strength and size to do big things."

Accepting the "frame-up" charges as true it seems that there is a pretty little piece of play-acting being put on before the wrestling public. Lewis is and his manager, Billy Sandow, seem to be acting their parts well. Lewis is just out of the hospital and will not wrestle for some time; Sandow refuses to give up the championship belt and demands that the matter be settled by a committee; and Munn is making a desperate effort

to obtain the \$10,000 diamond-studded belt, symbolic of the world's wrestling championship.

"There is one thing that seems to me to dispel all thought of a frame-up," said Dr. Clapp. "Munn had made a previous agreement with Ok-

lahoma City promoters to wrestle there, with the provision that they were to pick his opponent without any obligations. Surely, had he been a member of the 'trust' he would not have been allowed to wrestle any one.

"Another thing—Munn has a lot of stuff that he is not given credit for. So far he has not needed to use it, his enormous strength being all he had to call upon. But Munn is not, I think, lacking in wrestling technique."

A Memory Tonic

It is surprising how the ever-readiness of Eversharp prompts the jotting down of passing thoughts and facts—and how quickly the habit of "writing it down" improves the ability for accurate remembrance.

Six new features make Eversharp a finer writing instrument than before—non-clogging rifled tip, quick reloading, complete interchangeability of parts, are the most important.

Put a new Eversharp in your pocket. And for complete preparedness, match it with a Wahl Pen.

Prices \$1 to \$45, at all dealers.

Made in the U. S. A. by THE WAHL COMPANY, Chicago Canadian Factory, THE WAHL COMPANY, Ltd., Toronto Manufacturers of the Wahl Eversharp and the Wahl All Metal Fountain Pen

The New PERFECTED WAHL EVERSHARP

Is he a hard taskmaster or a loved leader?

IF you are a good soldier, you take orders from the major. But there is a great deal of difference whether you find the training an irksome routine or an enjoyable development.

When you follow the right major in your course, the work can become vitally interesting, and your college career will be more worthwhile.

"But what is my right line of work?" may be a puzzling question. All the thought you can give to finding the answer will be fully repaid. Analyze yourself and you will surely discover your natural aptitude.

And when you've found what line you feel you ought to follow, stick to it. Stand by your major and your major will stand by you.
