CAGEMEN PLAY AGGIES TONIGHT

Expect Game with Kansas Aggies on Armory Court Will Be Hard One.

HUSKER SQUAD IS PUT THROUGH HARD WORK

The Husker basketball team will meet the Kansas Aggie squad for their second tilt of the season tonight on the Armory floor.

The Aggies are the only team that has defeated the K. U. squad this season and the victory over the Grinnell cagers this week gives the Farmer stock a big boost.

Coach Kline has been putting the cagers through some stiff scrimmages this week and the squad is in good condition for the game tonight.

Table listing basketball players and their statistics.

MUSICAL PROGRAM IS BROADCASTED

Several Classical Numbers Are Heard by Listeners to University Station.

A musical program was broadcast over University Station WFAV yesterday evening. After the weekly talk on business English by assistant professor M. H. Weseen, the following numbers were played:

March Militaire—Schubert; Delta Omicron Trio—Mary Ellen Edgerston, violinist, Mary Creekpaum, cellist, Harriet Cruise, pianist.

MAY PURCHASE ANNUAL

Will Reserve Yearbooks Until February 25.

More than 20 million meteorites are drawn into the earth's atmosphere every twenty-four hours.

All-University Party Saturday Postponed

The annual all-University Valentine party which was to have been held Saturday night in the Armory has been postponed until next week, according to an announcement made Thursday by Lattimer Hubka, chairman of the all-University party committee.

LEGISLATORS SEE SLIDES OF STATE

Picturesque Views of Niobrara and Pine Ridge Regions Shown Wednesday.

"That's Nebraska!" was the repeated comment of Dr. G. E. Condra and members of the Legislature as slides and reels of picturesque scenery of the Niobrara and Pine Ridge regions were shown under the auspices of the Conservation and Survey Division of the University of Nebraska in Representative Hall at the State Capitol Wednesday evening.

Representative N. M. Nelson presided. Among the speakers who took part in the explanations were Representatives O. O. Johnson, C. S. Reese, J. W. Good, E. P. Wilson, and Robert I. Elliott, principal of the Chadron State Normal College.

The first slides showed the beautiful Niobrara Valley. The swift river with its wooded banks and chalk bluffs and its possibilities for trout fishing, was described.

Wild Life Shown. Wild life in the Niobrara country was demonstrated by views of beaver dams and muskrat caches. Grapes, plums, and wild flowers grow abundantly.

Tunnel Rock is an imposing chalk formation in the southwest corner of Keyapaha County. From a study of the rocks in this territory and in determining the safety of constructing a road it is evident that landslides and earthquakes once occurred there.

Waterfall Shows. The rapids in the Snake River and a 20-foot waterfall were included in the slides. A mill-pond in the Minnehudusa River near Valentine presents boating in the summer and skating in the winter.

The Pidge district was characterized by Representative Johnson as the "garden spot beyond the sandhills," as the wooded cliffs, park land, pine ridges, and farmlands near Crawford were shown as photographed from an airplane.

Senator Good commented on a slide of the Chadron State Normal School, mentioning possible developments in beautifying the campus. Landscapes in Chadron Park and along the stream which furnish it with its water supply was shown.

GERBER TO GIVE LECTURES TODAY

"The Romance of Clay" and "The Matter of Health" Will Be Subjects.

"The Romance of Clay" and "The Matter of Health" will be the subjects of lectures by F. F. Gerber of the Clay Products Association, Chicago, at a College of Engineering convocation in the Temple at 10 o'clock today.

Two thousand feet of film are contained in the first picture and 1,000 in the second. The illustrated lectures were given before the Pitman Association at the Lindell Hotel yesterday afternoon.

TRACK LEADERS HOLD POSITIONS

Relative Places of Three High Teams in Interfraternity Meet Unchanged.

PLAN FIRST ANNUAL RELAYS NEXT WEEK

Pi Kappa Alpha remains the leader in the interfraternity track meet, with two more days to go. It jumped from 8,578 points Wednesday to 11,923 yesterday.

The first annual University of Nebraska interfraternity relays will be run off next week on the indoor track in the stadium. All fraternities desiring to enter the special meet must register at the athletic office before Monday at noon.

The schedule for this meet will be as follows: Monday, two-lap relay; Tuesday, twelve-lap relay; Wednesday, four-lap relay; Thursday, eight-lap relay; and Friday, Medley Relay.

The time of the final events Saturday afternoon, the high hurdles and the broad jump, has been changed from the usual schedule to 2:15, 3:15 and 4:15 o'clock.

Davenport of Delta Tau Delta, was high-point man in the events yesterday. He made 990 out of a possible 1000 points in the 660-yard dash, when he clipped off the race in 1:30:2-10 time.

The 440-yard dash and the broad jump are on the program for today. They will be run off at the usual time.

Table showing standings of various fraternities and their points.

DAWSON SPEAKS AT AG COLLEGE MEET

Outlines Plans to Give Agricultural Students More Opportunities in Athletics.

Fred T. Dawson, director of athletics, spoke on "Nebraska's Physical Development" at a convocation of the College of Agriculture, Thursday morning.

Mr. Dawson said, "That the 'Ag' College has the required material to help furnish more men for varsity teams, is evidenced by the number of Agricultural students on the varsity teams that have worked under very adverse conditions to receive this honor."

The laboratories and classes at the College of Agriculture campus do not allow the student enough time to get out for athletics on the city campus. Increased training facilities at the Ag campus will enable the freshmen and sophomores to fit themselves for varsity competition.
