

THE DAILY NEBRASKAN

VOL. XXIV—NO. 98.

THE UNIVERSITY OF NEBRASKA, LINCOLN, NEBRASKA, THURSDAY, MARCH 5, 1925.

PRICE 5 CENTS

WILL SELECT CAST LATER

**Kosmet Klub To Hold Further
Tryouts Before Picking
Cast for "Tut-Tut."**

STUDENTS NEEDED TO HELP WITH PRODUCTION

Further tryouts will be held by Kosmet Klub for its 1925 production, "Tut-Tut," before the final selection of the cast. The Klub has not decided on the leading roles and all students who tried out last week should be ready to appear before Kosmet members some time this week upon call for another trial. Announcement of the cast will probably be made next week, according to Robert F. Craig, president.

These tryouts before selection of the cast will be for the purpose of determining how applicants would fit in the particular roles which have been tentatively selected for them. The recent tryouts developed such a large amount of excellent talent that further competition is necessary before final choices can be made.

Business and activity assistants are also needed for the production of the play. All men students who want to assist in any way should sign up in the student activities office in the Armory this week. Positions include work in advertising, publicity, stage makeup, and electrician duties. Several people have already applied for positions and more are needed.

Practices will be started soon after the selection of the cast. Cyril L. Coombs, Herbert Yenne, and Professor A. G. Hinman will have charge of the practices, assisted by members of Kosmet Klub. The play will be presented at the Orpheum April 24 and at the Brandeis in Omaha on April 25.

NATIONAL SOCIETY TO HEAR DE BAUFRE

**Professor Here Will Speak at
Meeting of Mechanical En-
gineers in Milwaukee.**

A paper written by Professor W. L. DeBaufre, chairman of the department of mechanical engineering entitled "Analysis of Power Plant Performance Based on the Second Law of Thermodynamics" will be presented at a meeting of the American Society of Mechanical Engineers at Milwaukee, Wisconsin, May 18 to 21. It will be published in "Mechanical Engineering," periodical of the society, and distributed before the meeting to serve as a basis for discussion.

To quote the opening statements of the paper:

"It is customary to analyze power plant performance by preparing a heat balance upon the basis of the first law of thermodynamics, to show the distribution of heat in the combustion of fuel. The object of operating a power plant, however, is not to distribute it but to convert the heat into mechanical work. An analysis upon the second law is therefore much more enlightening than the first law balance—such an analysis shows the lost opportunity for converting heat into mechanical work due to imperfections in each stage of the process."

In explanation of the article, Professor DeBaufre says, "Such an analysis, however, has never been made before, apparently, because the second law has not been understood. This paper states the second law in such simple terms as to make it readily understood and gives a mathematical relation which may be easily applied."

"In the course of the paper, the performance of a modern locomotive is analyzed by both the first and second laws of thermodynamics. The loss is shown under analysis by the second law to indicate the points at which power plants must be improved in the future to increase their efficiency."

OFFICER VISITS R. O. T. C.

**Commandant From Kansas State
Agricultural College Here**

Col. Fred W. Bugbee, head of the Reserve Officers Training Corps at Kansas State Agricultural College, visited the Nebraska R. O. T. C. unit Wednesday morning.

He watched some of the class work of the seniors and juniors in the advanced course. He praised the arrangements and the facilities of the Nebraska unit. Colonel Bugbee was at Fort Snelling last summer at the R. O. T. C. camp.

Have You Seen the Green Owls Perched on the Library Roof?

Did you ever see the green owls on the south end of the Library? And did you ever notice the studious looking gentlemen on Pharmacy Hall?

It was a quiet, languorous afternoon suggestive of spring. A law student sat through a sleepy lecture. Dreamily he rolled his head around and his vision met two great green owls.

He wondered if it were a freshman trick but an investigation showed that the birds had been there ever since the building had.

The owls were placed on top of the cornice, facing south, when the building was built. Their purpose, of course, is to suggest wisdom and perseverance, but someone suggested that, as there are one pair, they mean to point out the faculty with which dates can be got at the Library.

And so the law student has found a lot of things he had never seen before. Gazing skyward then he discovered two plaster plaques of wise-looking men on the south side of Pharmacy Hall. He wondered.

The men are Wilhelm Scheele, a famous Swedish chemist, and Leopold Gemelin, another foreign pharmacist. The plaques came from Germany early in the days of the University. They were received by the chemistry department and placed on the building.

It is remarkable that the two men represented were both famous phar-

macists, as well as chemists. The present Pharmacy Hall was originally intended for the chemistry department, and it is mere coincidence that the men were pharmacists.

BUSINESS MEN AID WITH NEW COURSE

**Three Lincoln Men Will Lec-
ture to Class in Real Es-
tate Practice.**

The cooperation of three prominent business men of Lincoln has been secured by Prof. A. G. Hinman of the College of Business Administration in connection with his course in real estate practice. This course is being taken by about fifty students.

R. A. Bickford, local real estate dealer, will talk on "Property Management;" John W. Alexander will lecture on "Building Construction;" and Willard Folsom will discuss "Building and Loan Associations." These three men will also give several lectures as a part of the regular course.

The course in real estate practice is being given for the first time this semester. It is the first time that a course of this nature has been offered at the University of Nebraska and it is one of the few courses of a similar nature offered in the United States.

Nebraska Alumnus Is Railroad President

The presidency of the Connecticut Electric Railway Company has been conferred on Lucius A. Storrs, Nebraska alumnus. This concern operates in three eastern states and the position of Mr. Storrs has been compared to that of Landis in the world of baseball. Mr. Storrs graduated from the University of Nebraska in 1896 and is a member of Sigma Chi fraternity.

STUDENTS LISTEN TO INAUGURATION

**World Forum Abandoned So
Students May Hear Cere-
monies by Radio.**

A large number of University students and faculty members availed themselves of the opportunity to hear the inauguration ceremonies at Washington over the radio at Ellen Smith Hall at 11 o'clock Wednesday.

The regular World Forum luncheon was not held. Attendance at Ellen Smith Hall was free and no luncheon was served. The World Forum luncheon will be held as usual next week at noon Wednesday at the Grand Hotel. The program will be announced later.

The radio set was furnished by Chancellor Avery. It was set up in the music room of Ellen Smith Hall. The loud speaker amplified the words so they were audible to all present.

HUSKER RIFLEMEN IMPROVE RECORDS

**Kansas State Agricultural Col-
lege Defeats Nebraska
by Close Score.**

The season record for four position shooting was broken twice this week by Nebraska riflemen. W. T. Lammi raised the old record of 373 one point Tuesday. R. M. Currier finished shooting yesterday and raised the record another point to 375. Mark Fair shot his second perfect score in the prone position to-talling 350 for the four positions.

The first report from firing last week was received yesterday from Kansas State Agricultural College. The Kansans won 3651 to 3604.

Sixteen men are competing for places on the team this week and the targets so far completed in all four positions are an improvement over last week. Lammi kept up his record, finishing firing first and setting up a high mark.

Captain Eggers said yesterday that Hearst trophy shooting may begin next week. The firing must be completed by April 15. Outdoor shooting will begin in the near future.

BOSTON UNIVERSITY—Dean E. W. Lord, of the College of Business Administration, says that the average college bred man earns \$72,000 more by the time he has reached the age of sixty than has the man with a high school education.

Y. W. ELECTION TO CONTINUE

**Members of University Y. W.
C. A. May Vote for Officers
at Library Today.**

ABOUT 150 STUDENTS VOTED ON WEDNESDAY

Candidates in the Y. W. C. A. election are:
President—Doris Trott, '26; Elsie Gramlich, '26.
Vice-president—Mary Ellen Edgerton, '26; Marguerite Forsell, '26.
Secretary—Genevieve Clark, '26; Louise Austin, '26.
Treasurer—Mary Doremus, '26; Erschal Freeman, '26.

Approximately 150 ballots were cast for next year's Y. W. C. A. officers at the polls in the hall of the Library yesterday. The election will close at 5 o'clock today. The polls open at 8:45 o'clock. All members of the University Y. W. C. A. are eligible to vote.

"I consider this a fairly good showing," commented Miss Erma Appleby, campus Y. W. C. A. secretary, in estimating the number of votes cast. "It is about equal to that of last year. I do hope the girls will turn out and vote today, and that they will remember that the polls close at 5 o'clock."

The candidates without exception have been actively interested in University Y. W. C. A. work during the past year. Doris Trott has been Y. W. C. A. vice-president. Elsie Gramlich has been finance committee chairman. Marguerite Forsell has been chairman of the social committee and Mary Ellen Edgerton has headed the Vesper committee. Genevieve Clark has been a member of the office staff, Louise Austin of the poster staff, and Erschal Freeman of the finance staff. Mary Doremus has been director of the Vesper choir.

New Alumni Officer For Second District

Mrs. Howard McMonies, (Jane May Blanchard, '06), took up her duties yesterday as director of the University of Nebraska Alumni Association for the second district.

Mrs. McMonies succeeds Jane B. Linquist, whose term would have expired June 30, 1926. She was a member of Black Masque and Alpha Phi.

GRIDSTERS IN LONG SESSION

**Bearg Puts Football Aspirants
Through Lengthy Prac-
tice in Stadium.**

NEW COACH EMPHASIZES FORWARD PASSING GAME

A long session of passing, scrimmage, blocking, and tackling was on the program yesterday for Nebraska spring football aspirants who are getting into the swing of things under Coach E. E. Bearg, Nebraska's new football mentor. The weather was just right for outdoor workouts and Coach Bearg gave his men a hard afternoon of work.

Passing took up most of the time yesterday. Choppy Rhodes was out with the team, taking a leave of absence from the track squad. Stevens and Bronson were two other backs that worked with the ball in the aerial game. On the receiving end Coach Bearg was teaching ends, Dover, Gillen, Bryne, and Conklin. Conklin is a new man on the squad who made a good impression on the coach by his ability to catch passes.

There were more than enough men out for practice to have four full teams for the scrimmage. Hutchinson was back at center on one of the elevens. Rock is a new man on one team who has the appearance of developing into a good tackle. Scholz, was another new man out for a tackle position.

Billy Bronson held the signal barking position on one of the elevens. Dover and Poaker were ends, Schramm and Stephen halves, Raich and Randall tackles and Zuber and Bass guards. On another team Lawson, Omaha Central star, played at half.

New recruits over the week-end raised the number out for spring football to seventy-eight. About fifty of these are reporting each night for the practice and Coach Bearg is well pleased with the turnout in this respect. There is still room for a few more candidates.

Grace Coppock

Grace Coppock, in whose memory the Grace Coppock Memorial fund has been dedicated, was graduated from the Nebraska University in 1905, was very active in Y. W. C. A. work and was a Black Masque. The University Y. W. C. A. supported Grace Coppock for fourteen years as a secretary in China. At the time

of her death she had a staff of nine-six foreign secretaries and thirty-six Chinese secretaries.

The money that is raised this year in the Grace Coppock Memorial Fund Drive will go to the support of Miss Vera Barger, who is also a graduate of this University and is carrying on the work of Grace Coppock in China.

Huskers Take Fast Game From Cyclones

(Special to The Daily Nebraskan)
AMES, Ia., March 4.—Nebraska's basketball team defeated Iowa State College here tonight, 28 to 13. The game was exceptionally fast and very rough. Many fouls were called on both teams.

The Huskers have played five games in the last five days and have won them all, scoring 96 points to 54 for the five opponents.

WEIR EQUALS WORLD RECORD IN HURDLES

**Husker Star Sets New Low
Mark in Tryouts in Sta-
dium Yesterday.**

Ed Weir, Nebraska's star hurdler, in time trials Wednesday afternoon broke his own indoor record in the 50-yard low hurdles and set or at least equalled the world record in the event. Though the record is in no way official, it is accurate and worthy of comparison.

Ed Weir has been running the hurdle races in much better time than last year and shows a marked improvement in his form over last season. His showing made yesterday along with past records this season points to him as the possible winner in the indoor meet at Convention hall when the Valley teams line up for their annual meet.

UNIVERSITY OF OXFORD— Students are fined five dollars as a penalty for attending dances.

Former Amherst President Urges New Form of College Organization

A new kind of college is needed in America says Dr. Alexander Meiklejohn, former president of Amherst College, who delivered the Phi Beta Kappa address here last spring, in a current issue of the Century magazine.

Not more than two hundred and fifty or three hundred students and twenty-five or thirty members of the faculty would make up this new school because, according to Dr. Meiklejohn, "The besetting difficulty of the colleges just now is confusion. They are acquiring many millions of dollars and are doing many hundreds of things. But in the midst of it all there is a conviction of relative futility, of scattering of effort. From this futility one body can save us, and that is the faculty. It seems to us that the first essential is that an attempt be made to form and place a faculty so that it will become a coherent, self-determining body, definitely committed to a well formulated purpose, and directing all its efforts individual and corporate, to the realization of that purpose. It is for the sake of this coherence, this unity, that we chiefly need smallness."

The present system of education should be remodeled so as to get the senior to try to understand what he has studied as against the other pro-

ANNOUNCE NEW COMMITTEES

**Freshman President, Newell
Joyner, Completes Second
Semester Organization.**

MEMBERSHIP OF EIGHT COMMITTEES PUBLISHED

Newell Joyner, newly elected president of the freshman class, announced committees for the second semester, yesterday afternoon. The other class officers were elected at a meeting held last week. The committees are:

Debate: Harold Hinton, chairman; David Sher, George Johnston.

Athletics: George Shaner, chairman; Lloyd Probst, Ray Randals.

Finance: Henry Haeberle, chairman; Ray Rawson.

Alumni: Nell Daly, chairman; Bryan Fenton, Gertrude Brownell, Miriam Draper.

Ivy Day: Ruth Clandinin, chairman; Alice Purcell, Robert Staley, Jeanne Johnston, Margaret Staten, Howard Cogizer, Margaret Walker.

Social: Ollie Etting, chairman; Catherine Becker, Alfred Gorman, Esther Lakeman, Geraldine Fleming, Glenn Davis, Albert Fields, Marcia Marlince.

Women's Athletics: Aileen Isaacson, chairman; Lucile Bowers, Mildred Kellenbarger.

Publications: Frank Mooney, chairman; Dorothy Mott, Janet Matthews.

COLLECT \$425 ON FIRST DAY

**Grace Coppock Memorial
Drive Will Continue on Cam-
pus All This Week.**

Y. W. C. A. RAISES FUNDS FOR WORK IN ORIENT

Approximately four hundred and twenty-five dollars was checked in by the captains of the Grace Coppock Memorial Drive at the luncheon held Wednesday noon at Ellen Smith Hall. This luncheon was one of a group of luncheons which will be given at Ellen Smith Hall, the three days of the Grace Coppock Drive.

Mrs. L. W. Chase, '06, will be the speaker at the luncheon Thursday noon. She will tell what she remembers about Grace Coppock, speaking on the topic, "Grace Coppock as I Knew Her." Kathryn Warner will lead the devotional meeting. Marguerite Forsell, who is in charge of the luncheons, has asked that all captains report to her by 7:30 o'clock of the preceding day, the members of their teams who intend to attend the luncheon.

The team captained by Freda Lemke is leading the campaign with fifty-three dollars checked in. Dorothy Carr's committee is second with forty-one dollars. The Mystic Fish team leads the Freshman Commission team by five dollars. The goal for the drive is seventeen hundred dollars.

"Considering the fact that the girls have only had a half day to work in," said Miss Appleby, "the report of the campaign is very favorable. The girls are entering into the spirit of the work very well, and every thing foreshadows a successful campaign."

The luncheon Wednesday was attended by about one hundred and fifty workers. The devotional services were led by Helen Guthrie. Mrs. E. L. Hinman gave a brief talk on the life of Grace Coppock. Friday the devotionals will be led by Mary Creekpaum and Kingsley K. Chen, a Chinese student in this University, will give a talk on China.

Miss Vera Barger, the secretary in China who is being supported by the money raised by the Grace Coppock Drive, according to a report received by Miss Appleby from the National Headquarters of the Y. W. C. A. in New York City, has left China and is on her way to the United States. She will come by the way of London and will reach Lincoln sometime in April.

LETTERS AWARDED AT W. A. A. BANQUET

**Six University Women Receive
Coveted "N's" for Ath-
letic Excellence.**

A banquet for the awarding of "N" sweaters was held by the Women's Athletic Association at Ellen Smith Hall Wednesday evening. Those winning the letters which are presented by the Association to every woman earning twelve hundred W. A. A. points were:

Eleanor Flatemersch, president of the organization; Mable Dickinson, vice president; Louise Fisher, recording secretary; Mildred Armstrong, track leader; Kathryn Krieg, and Anna Jensen. More than fifty members of the organization and guests were present.

Laura Whelpley was toastmistress. Toast were given by Leora Chapman, Irene Mangold, Mary R. Wheeler, and Mable Lee. The entertainment consisted of a vocal solo by Meda Fisher, accompanied on the piano by Marie Byars and of a saxophone duet by Elga and Leone McPerrin, accompanied on the piano by Ruth Miesenberg.

The alumnae guests were Mrs. Sara Towne Deweese, Mrs. E. C. Ames, and Miss Mary Chapin. Miss Pound, Miss Lee, Miss Clark, Miss Wheeler, Mrs. Stott, and Mrs. Westover were the faculty guests.

Dr. James Will Speak At Next Convocation

Dr. Herman G. James of the University of Texas will address a University convocation in the Temple, March 13, at 11 o'clock. "The Federal System of Brazil" will be Dr. James' topic.

Art Club Will Hold Dinner This Evening

The monthly dinner and meeting of the Art Club will be held this evening in the Art Gallery. Francis B. Martin, '26, Omaha, will give an illustrated lecture on "English Cathedral Towns."
