

# FOOTBALL MEN IN SCRIMMAGE

### Coach Says Workout Is Best of Years; Presnell and Brown Show up Well.

## DEFENSIVE TACTICS GET MOST ATTENTION

"The best scrimmage so far this spring" was Coach E. E. Bearg's description of the football workout yesterday afternoon. Bearg switched the order yesterday, using his best men on the defensive instead of on the offensive as heretofore. Toward the end of the scrimmage period of over an hour, Bearg had the offensive side use criss-cross plays which worked for touchdowns.

One of the backs who showed up best yesterday was Presnell who charged through the line time and again for gains, and was good at open field running. "Jug" Brown, former Lincoln player, was another back who played well yesterday.

The work yesterday was mainly on the defensive, where Bearg is building up a strong line in preparation of Scholz, varsity man. Kase was center on the defensive, Randall and Bas were tackles. Kuska, Fischer, Kriz, and Grow worked at guard positions. Simmons and Scholz also held down tackle positions. Dover and Lawson were ends.

The offensive team had Zuver at center, Kuska and Reller at guard; Douglas Whitmore and Witte, tackles; Shaner and Peaker, ends. The back field and Peaker, ends. The made up of Wickman, Brown, Oelrich, and Presnell who were switched around during the practice, from half to quarter, and full-back.

There were about thirty-five men out for the practice yesterday, which is a little less than the average turnout. Scholz, varsity man, form last fall, was a new man on the field yesterday. He was used at guard and tackle.

# SOPHOMORES WIN FROM FRESHMEN

### Winners of First Class Tournament Score 27 Points to Losers' 12.

In the hardest fought and best played game of the first team class tournament, the sophomore women won the championship honors from the freshmen by scoring 27 counters to their 12. The game was played on the big floor in the Armory at 5 o'clock Tuesday.

Both teams showed superior technique and controlled playing. The forwards on both teams were unusually fast and their passing was excellent. Every player on the floor showed much improvement and played their best game of the tournament.

The champions can boast of six members of their squad and the freshmen of five of their squad who were selected for positions on the honor squad which is to play in the Armory Saturday at 11 o'clock in an exhibition game. The sophomores chosen for the squad are Leone McFerrin, Elizabeth Roberts, Ruth Wright, Marie Hermanek, Kathro Kidwell, and Ester Robinson. Irma Otten, Helen Lohmeier, Geraldine Scofield, Helen Clarke, and Lucile Bauer are the freshmen who earned the honor.

The lineup for the championship game was as follows:

- Freshman—Pos. —Sophomore
- Otten f Wright
- Lohmeier (C) f Roberts
- Clarke c L. McFerrin
- Soukup sc Hermanek (C)
- Scofield g Kidwell
- Bauer g Robinson

Referee—Mary R. Wheeler.  
Timekeeper—Dorothy Dougan.  
Scorekeepers — Eleanor Platemersch and Louise Branstad.

Substitutions—Freshmen: Otten for Scofield, Isaacson for Otten, Scofield for Otten, Otten for Soukup. Sophomores: Schusel for Robinson.

# SOONER GRAPPLERS ARE HANDICAPPED

### Bond Unable to Make 115-pound Weight; Oklahoma Brings Team of Five.

NORMAN, Okla., March 11—Special to The Daily Nebraskan—When the Sooner Grapplers left here today for the Valley Wrestling meet at Lincoln, they were without Bond, 115 pounds, who was unable to make the required weight.

Oklahoma now has five wrestlers to fight for laurels in the Valley meets. Captain Red Daubert, of the Sooners will meet three men in the meet that he has scored victories over in dual contests. He won a decision over Reidel, Kansas, two years ago and has won falls over White, Oklahoma Aggies, and Schettler, Missouri, this year. Landon, 125 pounds; McElyea, 135 pounds and Cooke, 175 pounds have also won falls this year over their Missouri Tiger opponents, who are entered in the meet.

# Volz Placed on All-Valley Teams Picked by Sooner Coaching Class

"Mutt" Volz was given a place as first string guard and Tipton and Goodson were placed on the third team of the all-Missouri Valley team picked by coaching students at the University of Oklahoma following the close of the 1925 basketball season.

The all-star teams were chosen by the class in coaching under H. V. McDermott. According to the instructor, selections were made with regard to the relative standing of the teams, the personal ability of the player being the only consideration.

The teams selected are as follows:  
First team — Ackerman, Kansas, and McBride, Oklahoma, forwards; Peterson, Kansas, center; Volz, Nebraska, and Cox, Washington, guards.  
Second team—Mincer, Washington, and Bunker, Kansas Aggies, forwards; Wheeler, Oklahoma, center; Belgard, Kansas, and Dunlap, Oklahoma guard.  
Third team—Everett, Drake, and Moran, Grinnell, forwards; Goodson, Nebraska, center; Tipton, Nebraska, and Haller, Drake, guards.

# STATE BOYS TO SEE TRACKSTERS WORK

### May Discover Why Nebraska Has Held Four Consecutive Championships.

High school lads now in Lincoln for the state championship basketball tournament will have a chance tomorrow afternoon to see Nebraska track stars in action. The Cornhusker track team for four years champion of the Missouri Valley conference is out after the fifth consecutive championship this year, and tryouts for the Missouri Valley indoor meet at Kansas City, will be held Friday afternoon, with arrangements made for accommodating an audience.

Valley conference stars, and nationally known track athletes who will compete in the tryouts Friday afternoon, include Roland Locke of North Platte who won first place last year in the Missouri Valley track meet, Ed Weir of Superior, who has come within a fraction of a second of the world's record in the low and high fifty-yard hurdles in the weekly tryouts, and several runners in the middle distances who have been mentioned by metropolitan papers as possible competitors for Paavo Nurmi when he comes this far west some time this spring.

But most of all, the high school lads will have the chance of seeing at close hand the coaching methods of Nebraska's nationally-famed track coach, Henry F. Schulte, who has accomplished in five years at Nebraska what was never before accomplished at Valley institutions, the winning of the conference championship four times in succession. They will see why Coach Schulte's men rarely jump the gun at the starting point, and they will learn why it is that very, very seldom does a Schulte runner quit a race.

The tryouts Friday will start at 3:15 with the mile run in which Ross, Johnson, Cummings, Hays, and McCarty will compete.  
Next will come the fifty-yard dash at 3:30 in which will appear Roland Locke, Choppy Rhodes, Mandery, and Dailey. After that at 3:45 will be held the fifty-yard high hurdles, in which Ed Weir, Reese, Dailey and Beerle will compete.

In the 440-yard dash at 4:00, Dailey, Reese, Scherrick and Beckord will run. Ed Weir will appear again at 4:15 in the fifty-yard low hurdles, along with Dailey, Rhodes, Locke, Reese, and Beerle. The two-mile run will witness Paul Zimmerman, new varsity record holder, and Lawson, runnerup in the last tryouts. The fast trio in the 880-yard run will be Jimmy Lewis, Houdersheldt, and Beckord.

A new high jump record was made yesterday by Choppy Rhodes, who cleared the bamboo rod at a height of 5 feet nine and three-quarter inches. He now stands at the head of the "Big Ten" list. Fleming, former leader, is second with his old mark of five feet, eight and a quarter inches. Joe Weir is third, having cleared the bar at five feet, five and a half inches.

# COEDS LOSE BOTH SHOOTING MATCHES

### Oregon University and Agricultural College Defeat Nebraska Women.

Nebraska coed marksmen lost both their matches last week to the University of Oregon, and Oregon Agricultural College according to reports received yesterday by Sergeant Richardson. The shooting against the University of Oregon was in the prone position only. Nebraska's team score was 945, and Oregon's 955. The shooting with Oregon Agricultural College was in the prone and sitting positions, Nebraska making 1797, and Oregon 1830.

Katherine Jensen is the first coed to complete firing this week. Her score of 320 for the four positions is one of the best made this year. Another good group of targets is by Isabelle Lawless who made ninety-four prone, eighty-nine sitting, and ninety-four kneeling. E. Cox shot two targets in the nineties, prone 96, and sitting 92.

Two other good scores are by Flora Root who shot ninety prone, and eighty-nine sitting. Dorothy Abbott fired ninety-four prone. Calculations of points toward "N" sweaters will be made at the close of the season.

# FRATERNITIES PLAN WRESTLING TOURNEY

### Arrange Meet in Eight Divisions; May Have One Man in Each Division.

An interfraternity wrestling meet will be held on March 25, 26 and 27, according to an announcement by Dr. Clapp of the department of physical education. This contest will be for both team and individual championships, the N Club awarding a trophy to the winning team similar to that given the winners of the interfraternity basketball meet.

There will be eight divisions and points will be scored the same as in the Missouri Valley meet. A fall will merit eight points, a decision, five. Second-place brings three points; third-place by fall, two points; third-place by decision, one point.

A fraternity may enter a man in every weight, but only one may be entered in one division. One man may compete in no more than one class. A two-pound weight allowance, the same as in dual meets, will be given. The preliminaries will last six minutes; the finals, eight minutes. In case of a tie two extra two-minute periods will be allowed. A time advantage of one minute will be required to win one of the regular bouts, and thirty seconds time advantage to win a bout in which the two extra-two minute periods were necessary.

The preliminary bouts will be held on the 25, the semi-finals on the 26, and the finals on the 27. Entries must be in Dr. Clapp's hands by Saturday, March 21. Drawings will be made at five o'clock, Tuesday, March 24 in the Athletic office. All fraternities entered should have a representative present for the drawings.

Rivals the beauty of the Scarlet Tanager

### Its Color Flashes This Friendly Caution: "Don't Leave Your Pen Behind!"

The black-tipped, Chinese lacquer-red beauty that's harder to lose than plain black pens. Point Guaranteed for 25 Years

THOUGH classic Duofold is made in plain black too, we recommend the black-tipped lacquer-red because it's hard to mislay.

Only the Parker has these creations that abolish long-standing pen faults:

- 1—The Ink-Tight Duo-Sleeve Cap
- 2—The Press-Button Filter concealed inside the barrel—out of sight—out of harm's way
- 3—The Lucky Curve Feed providing an instant flow and a steady flow by capillary attraction
- 4—The Duofold Point, so smooth and quill-pointing that it makes your writing a luxury—no Point so soft of writing can distort.

And Duofold's Over-size Barrel holds an extra supply of ink to tide you over longer stretches of writing. Step in to the nearest pen counter and taste its "writing urge."

# BASEBALL MEN GET OUTDOORS

### Coach Kline Expects to Have Contender in Valley Race.

## MANY LETTER MEN BACK THIS YEAR

"We expect to have a good ball club," said Coach Kline yesterday when asked about Nebraska's chances to cop the Missouri Valley flag in the baseball race which will open in about three weeks.

With a list of letter men including Captain Janda, "Mutt" Volz, infielders; Hubka and Lang, catchers; Rhodes and B. Lang moundmen; Eckstrom, Collins and Patton, outfielders, the Nebraska club will make the going tough for opposing Valley teams this spring.

Other promising material out for the varsity includes; Androsen, Holmes, and Gibbs, infielders; Smaha, Thomson, Bronson, and Reavis, outfielders, and Higgins, Sauter, Edwards and Jardine batterymen.

Last season the Scarlet and Cream aggregation finished well up towards the top of the heap and did not have a day's practice outside before they started on their training trip south. This season, with the weather behaving in nice fashion, the men will have an opportunity to get out and get into shape before the first Valley team is faced.

The freshmen will be organized in about a week to battle the varsity in regular games and this was a feature of the training season which was not developed last year.

Ames, the winner of the Valley flag last season, did not play Nebraska, Kansas Aggies or Oklahoma, but this year's schedule finds them on the Nebraska list for at least two games.

"The team will be weakened by the

loss of Bloodgood and Locke," said Kline. "But their places will be taken by men who are also capable of playing a real game of ball."

"Big" Lang, one of last year's pitchers, was among the outstanding twirlers in the Valley. In five games he let the opposition down with eleven hits and won all the games. He pitched one no-hit game and one one-hit battle. Rhodes was also very effective so Kline is not worried over the brand of curve balls that Nebraska's opposition will have to look over. Kline just received a communication from Bloodgood stating that he was lead-off man on the second team at the Kansas City Blue's training camp.

Rock Island park will again be the scene of the base ball games and Kline expects to get the men working out over there as soon as the field gets into shape.

MOTOR OUT COMPANY is still the reliable Rent-a-Ford place. Time charge only on Friday, Saturday and Sunday nights. We deliver. Phone B-6819. Motor Out Company, 1120 P Street.—Adv.

The 20th birthday of the Course in Journalism of the University of Wisconsin will be celebrated this year.

## Massachusetts Institute of Technology School of Chemical Engineering Practice

INDIVIDUAL and practical training at five industrial plants are important features of the Graduate Course in Chemical Engineering Practice. Field work is carried out at Bangor, Me.; Boston, Mass., and Buffalo, N. Y., in plants producing sulphite and soda pulp, paper, caustic soda, chlorine, heavy acids and salts, sugar, coke, gas, steel and other chemical products.

The more important operations of Chemical Engineering, as typified by the above processes, are studied systematically by tests and experiments on actual plant apparatus, thus fixing in the student's mind the principles of Chemical Engineering and correlating these principles with practice.

The work is non-remunerative and independent of plant control, the whole attention of the students being directed to study and experimentation.

Registration is limited, as students study and experiment in small groups and receive individual instruction.

Admission requires adequate preparation in chemistry and engineering. Able students can complete the requirements for the Master of Science degree in one and a half years.

Representatives of thirty colleges and universities now attend the School of Chemical Engineering Practice.

For further details address the  
SCHOOL OF CHEMICAL ENGINEERING PRACTICE  
Massachusetts Institute of Technology, Cambridge, Mass.
