

## HUSKER SQUADS AT WORK AGAIN

Candidates for Positions on Spring Football Team Posted in Locker Rooms.

### MUDDY FIELD HINDERS OPEN FIELD FORMATION

After a three-day lay-off caused by the bad weather of last week which made practice impossible, Coach Bearg's spring football candidates engaged yesterday in a slow session of scrimmage on a muddy field that made impossible any great use of open field plays. The regular order of two teams, one offensive in red jerseys, and the other defensive in white jerseys, ruled in the practice.

The line yesterday was heavy enough but did not charge as well as it might. As far as weight is concerned, Bearg now has a squad that can match with any, but his chief object is the development of a charging line on the defensive and offensive, and a backfield on the offensive.

In the scrimmage yesterday, Bearg used on the defensive team Clarke at center, Bass and Simmons, tackles, Rock and Fischer, guards, Gillen, Howell, and Joe Weir, ends. On the offensive backfield were Shostak, Schram, Whitman, and Boyer.

Practice this week will be at 3 in the afternoon and as usual it will be behind barred gates as Bearg is taking no chances of Nebraska preparations becoming known in enemy camps. There will be an open practice session with possibly a practice game next Saturday afternoon.

A list of candidates for positions on the spring football team, has been posted in the locker rooms, and includes over sixty names, some of which are repeated as several men are out for more than one position. The list of candidates:

Centers: Hutchinson, Lincoln; Gross, Lincoln; Grow, Loup City; Zuber.

Guards: Batson, Lincoln; Witt, Lincoln; Randels, Anthony, Kansas; Simmons, York; Fischer, DeWitt; Dunker, Rockville; Bass, Lincoln; Swanson; Raisch, Grand Island; Reller, Princeton; Clarke Casey, Clark; Kriz, Brainard; J. Kuska, Geneva; H. Huska, Geneva; Worrest, Lincoln; Waldo, DeWitt; Rock, Mason City; Glossbrenner, Ft. Robinson.

Tackles: Joe Weir, Superior; Stiner, Hastings; Randels, Anthony, Kansas; Bass, Lincoln; Scholz, Osceola; Simmons, York; Clarke Casey, York. Ends: Lawson, Omaha; Byrnes, Lincoln; Shaner, Maxwell; Sprague, York; Gillen, York; Peaker, Kearney; Joe Weir, Superior; McIntyre, Lin-

Dean Higgins, former half-miler and cross-country man, who is now at Tecumseh, visited the indoor track Saturday, and took a few turns around the track. Higgins still shows the old form that brought him victories for the Scarlet and Cream.

Trials for several of the events will again be staged Tuesday before the team which will compete at Kansas City, March 21, is picked. This meet has a limitation of sixteen men for each school. The plan instead of fostering athletics for all, gives only the stars in each event the privilege of competing.

Of course, the size of the indoor track restricts a large field of en-

## ENTER WRESTLERS AT WESTERN MEET

Nebraska Able to Send Only Two Men to Tourney at Minneapolis.

Nebraska will probably enter only one or two men in the Western Intercollegiate wrestling individual championships which will be held Friday and Saturday at the University of Minnesota in Minneapolis.

Injuries which have bothered the Husker squad are still hanging on, and unless some of the best men heal up there will be only one or two entries from Nebraska. There is a possibility that one or two fencers will be taken along also, according to Dr. R. G. Clapp, director of physical education.

When Highley dislocated his finger in the meet last Saturday it was the fifth injury or ineligibility which has happened to first-raters on the Husker squad. With all of the best men out Nebraska appears to have small chance at the Western meet.

Blore and Captain Skinner also have dark prospects of entering at Minneapolis. Blore is still suffering from a leg injury and will probably not get into togs by Saturday. Dale Skinner is improving at a snail's pace and is probably out for the season.

Lundy and Brannigan will probably be the men who are entered in the Western meet.

coln; Conklin, St. Paul; Dover, Madison.

Quarterback: Stephens, Hastings; Wickman, Morrill; Brown, Lincoln; Bronson, Lincoln; Shostak, Lincoln. Wingback: Presnell, DeWitt; Schram, Norfolk; Voris, Lincoln; Boyer, Pawnee City.

Tailback: Schram, Norfolk; Stephens, Hastings; Wickman, Morrill; Oelrich, Columbus; Brown, Lincoln.

Fullback: Oelrich, Columbus; Voris, Lincoln; Presnell, DeWitt; Armour, Hubbard.

tries, and the time allowed for the meet would not accommodate more men. Nebraska by placing in some of the middle distance, and distance events has a chance to win the contest. This chance, rests on event terms with that of Missouri and Kansas.

## FRATERNITIES HOLD WRESTLING TOURNEY

First Annual Meet Scheduled for March 25, 26, and 27 at Armory.

The first annual interfraternity wrestling meet will be held in the Armory March 25, 26 and 27, and present indications point to a large entry list, according to announcement made yesterday by Dr. R. G. Clapp, director of physical education.

Preliminary bouts in the meet will be run off on Wednesday, March 25 at 7:30 p. m., semi-finals on Thursday at the same time, and finals on Friday at 4 o'clock.

Every fraternity is urged by Dr. Clapp to enter a full team if possible. "I believe that we should get a lot of wrestling ability in this meet and I expect it to be a big carnival," says Dr. Clapp.

Classes in the meet will be as follows: 108, 115, 125, 135, 158, 175-pound, and heavyweight. Two pounds overweight will be allowed in each class and the contestants will be required to weigh in each day they compete.

The rules in general are the same as those governing the Missouri Valley intercollegiate meets. Any hold that endangers life or limb is barred, as well as the regular list of barred holds.

## Engineering Alumni Make Campus Calls

Several alumni have paid visits recently to Dean O. J. Ferguson of the College of Engineering. Howard B. Roberts, C. E., '22, has just completed his work as assistant county engineer at Owatonna, Steel County, Minnesota. Earnest H. Hickman, chemical engineering, '24, is employed by the valuation department of the Empire Gas and Fuel company, Bartlesville, Oklahoma. Harry M. Hays, E. E., '24, is in the employ of the Westinghouse E. and M. company, East Pittsburgh, Pennsylvania.

## RIFLERS FIRE BEST SCORE OF SEASON

Lamlli and Currier Reach New Records; Kentucky Forfeits Match.

The University of Nebraska rifle team firing for the week ending Saturday March 14 made the highest record this year, and included two new season records by W. T. Lamlli, and R. M. Currier, both of whom shot targets of 379, four points better than the previous record held by Currier. The team total was 3612, twenty points more than the week before, and eight points higher than the previous high score.

W. T. Lamlli started the good shooting when he fired the new record of 379. R. M. Currier had a chance to beat Lamlli's score but failed to shoot high enough in the sitting position. Lamlli's standing score was one point higher than Currier's, and that placed him in official standing.

The University of Kentucky forfeited the match which was included in the firing for the week. Conditions arose at that school which made firing impossible.

Another good score for the week was by D. P. Roberts, captain of the team. His mark of 374 came within one point of the old team record. Dale Skinner was fourth with a score of 365. There were four scores in the fifties, and two in the forties.

Individual scores were:

W. T. Lamlli	379
R. M. Currier	379
D. P. Roberts (C)	374
Dale Skinner	365
Harold Shafer	358
E. L. Plotts	358
P. E. Treadwell	354
B. F. Kossek	351
W. D. Dover	348
G. A. Dunkle	346
Team Score	3612
Average	361.2

# Service and Satisfaction

THE Daily Nebraskan is always striving to give service and satisfaction, to both the reader and the advertiser. The Murray Mat Service has been purchased by this publication in order to fulfill a long felt need of the advertisers that is to furnish them with mats and cuts which will typify that which the college student expects to see in a college publication. This service will also benefit the readers, in that it will illustrate in a much better way the merchandise which the reader is desirous of buying.

For the advertisers we have also created a copywriting department which will write copy to fit the needs of the advertisers and will also suggest type, borders and layouts. This is a service which very few college publications furnish.
