

MELODRAMA IS TO BE STAGED

"The Devil's Disciple," by Bernard Shaw, to Be Players' Production.

PLAY WILL BE GIVEN AT END OF THIS WEEK

"The Devil's Disciple," a melodrama in three acts by Bernard Shaw, the last play of the season to be given by the University Players, will be presented Thursday, Friday, Saturday evenings and Saturday afternoon. Leading parts are carried by Dolores Bosse and Herbert Yenne. Mr. Yenne will play the part of Richard Dudgeon, who is the "Devil's Disciple." This is Mr. Yenne's first important role since his appearance in "Madam X." He has played two seasons in professional stock and with the Forest, Mountain and Desert Players in California. His work in California was highly praised by the Los Angeles Times and following the season he was offered a contract by the University of California but he refused to leave Nebraska.

Miss Bosse to Appear
Miss Bosse is carrying an exceedingly heavy role. She will play the part of Judith Anderson. She is a senior in the dramatics department and has played in a number of the University Players productions. The play deals with a man, Richard Dudgeon, who has been brought up in a Puritan community. He rebels at the restrictions placed upon him and runs away from home. At the death of his father he is left sole heir to the property and returns home to take his place in the community.

Shortly after he arrives, he is mistaken for a minister and is taken away to be hung. Richard Dudgeon then shows his heroic qualities by accepting the masquerade. With a hangman's rope about his neck, the Devil's Disciple jests with death while the fatal minutes speed by.

Has Historical Basis
The play would be of unusual interest to history students because the costumes and stage-settings are true to the period of the play. The plot and incidents of the play are all based on historical facts according to the author, Bernard Shaw.

The scenery for the play is being done by students in the stage design class under the direction of Dwight Kirsh.
The cast of the play in order of their appearance is as follows:
Mrs. Dudgeon—Marion Sargent.
Eddie—Pauline Gellatly.
Christy—Ray Ramsey.
Reverend Anderson—Dolores Bosse.
Uncle Titus Dudgeon—Henry Ley.
Uncle William Dudgeon—Edward Taylor.
Mrs. William Dudgeon—Florence Floeden.
Richard Dudgeon—Herbert Yenne.
Lawyer Hawkins—Dwight Merriam.
Major Swindon—Harold Sumption.
Sergeant—Clyde Cone.
Chaplain—Henry Ley.
Hangman—Harold Stribbling.

Y. W. C. A. STAFF IS GIVEN DINNER

Retiring Members Take Part in Informal Discussion of "Worship."

The last dinner of the Y. W. C. A. retiring staff was held in Ellen Smith Hall Tuesday evening after vespers. Doris Trott led an informal discussion on "Worship." The finance committee and the committee on posters had charge of the dinner.

Glady Lux is chairman of the poster committee, and the rest of her committee includes Myreta Hill, Louise Austin, Mary McCarty, and Florence Frhm. The finance committee is headed by Elsie Gramlich. Those on her committee are Ershell Preece, Kathryn Krieg, Elsa Kerkow, Lois Jackson, Lillian Johnson, and Virginia Taylor.

Wants Applications For Nebraskan Staff

Applications for appointment to the following positions on the editorial staff of The Daily Nebraskan for the second half of the semester will be received until noon, Wednesday, March 25: editor, managing editor, news editor, assistant news editor.
Application blanks may be got at the office of the chairman and of Secretary J. K. Selleck.
M. M. FOGG,
Chairman, Student Publication Board.

LAST ALL-UNIVERSITY PARTY

Will Come Next Saturday in Armory; Kandy Kids to Play

The last All-University party of the year will be held Saturday evening in the Armory at 8:15, according to plans made at a meeting of the committee Tuesday in Ellen Smith Hall.

Decorations in harmony with the spring season will be used, and the committee has arranged for special entertainment during the intermission. Music will be furnished by the Kandy Kids, eight-piece orchestra. Refreshments consisting of punch and wafers will be served. Admission is thirty-five cents.

BLOCK AND BRIDLE CHOOSES KENDALL

Makes Him President; Tolman Will Manage Baby International Stock Show.

Russell Kendall, Urbana, Ill., was elected president of the Block and Bridle Club at a meeting held in the new club rooms of the organization, in the judging pavilion, Monday evening. Daniel Seibold, Papillon, was elected vice-president; Wendell Woodward, Overton, secretary; Ed Crowley, Cambridge, treasurer; and Melvin Lewis, Lincoln, sergeant-at-arms. The Block and Bridle Club is made up of men majoring in the animal husbandry department. This organization will sponsor a judging contest for freshmen in the College of Agriculture, to be held in the near future.

Walter Tolman, Lincoln, was elected manager of the Baby International Livestock show. This show is a miniature of the International Livestock Exposition and is an annual event. Next year's Baby International will probably be held sometime near the end of October.

BASEBALL MEN GO THROUGH PRACTICE

Wet Grounds Prevent Work on Diamond; Bating and Pitching Are Stressed.

Coach W. G. Kline yesterday put his baseball squad through the paces at Rock Island Park. The varsity ball-chasers will be at that location for the rest of the practice season. Wet grounds slowed up the work-out on the regular diamond, being compelled to take the outfield. The practice was confined to hitting and fielding, with short workouts for the pitchers. The temporary field was unsuited for anything else. Coach Kline used four or five pitchers to practice with the batters who knocked the ball all around the field. Gallmeyer, Edwards, Lang, and Stribbling were the hurlers who were given a chance to limber up on the mound.

Almost thirty men are out, and they were all given a chance at hitting and fielding. "Kewpie" Lang was catching for all the pitchers. He was the only Varsity catcher who showed up yesterday.

Real work should get under way soon. With their joints oiled up and their heels lightened, the squad will probably get down to the daily grind within a week.

Freshman practice will start in two or three weeks. A thinning out of the regular squad will come some time before that, according to Coach Kline, and the freshmen will not be called until after that.

Student Business Man Tells How He Remembers Names and Faces

Columbia University Laundry Manager Has Marvelous Memory for Persons.

"If you want to remember a person or thing, simply associate something with the individual or the name. Make that name stand out from others, and think of it in connection with some special thing or object, and you will find it easy to remember persons and names," said David B. Sklaire, for four years student manager of the laundry at Columbia University. Sklaire, a student in the School of Commerce, is the possessor of an astonishing memory that defies the competition of a Chinese laundry ticket. He is also better acquainted than any other person on the campus, simply because of his uncanny facility of remembering the names and

World Forum to Hold No Discussion Today

The weekly World Forum luncheon at the Grand Hotel will not be held today, according to an announcement by Arthur Jorgenson, Y. M. C. A. secretary. It was impossible this week to obtain a speaker.

NEBRASKA SCENERY WILL BE DESCRIBED

Condra to Lecture on South-eastern Part of State in Representative Hall.

Scenery and topography of southeastern Nebraska will be described in representative hall of the State capitol at 7:30 o'clock this evening by Dr. G. E. Condra, director of the conservation and survey division of the University of Nebraska. Representatives and senators from that section of the state will comment upon the slides and reels which illustrate the lecture. Arbor Lodge and the Big Blue parks will be depicted in detail. Dr. Condra lectures in representative hall every Wednesday evening, taking up a particular section of the state in each talk. The public is invited to attend the lectures and take the seats in the balcony. The lower floor is reserved for representatives and senators.

TEAM COMPLETES SHOOTING SEASON

Makes Record of Fifteen Victories, Thirteen Defeats; Two Reports Not in.

The Nebraska rifle team completed its intercollegiate rifle shooting season with fifteen victories and thirteen defeats. The results of the matches against St. John's College and Agricultural College of Utah held last week have not yet been determined.

In comparing this season with that of last year, in which only four matches were lost out of fifty contests, it must be taken into consideration that there has been a change in the method of scoring. Last year the scores were determined by progressive shooting. This year the shooting was recorded only on registered targets.

The highest score of the season was recorded last week when the rifle squad of New York University, using the averages of the ten highest men shooting in the prone, sitting, kneeling and standing positions, sent in a total of 3868.

The highest individual score of the season was turned in by E. Nathenson, a member of the New York University rifle team, who shot the nearly-perfect score of 396. He registered perfect scores in the prone and kneeling positions, 99 in the sitting position, and 97 in the standing position. Another exceptional score was hung up when the ten highest men on the North Dakota Agricultural College averaged 92.1 in the standing position.

Embryo reporters on the Daily Nebraskan of the University of Texas, have the much needed reportorial instinct, the Texan says. Every member of the beginning class was sent to cover Governor Ferguson's inauguration, and when the doors of the capitol were closed, every member was inside and on the job.

A daily newspaper will be published by the students in the course in journalism of the University of Wisconsin during the three-day University Exposition April 16 to 18.

PICK CHAIRMEN FOR ENGINEERS

American Society of Civil Engineers Will Help in Annual Celebration.

DALTON WILL DIRECT ASSOCIATION'S WORK

Chairmen have been appointed by Willard J. Turnbull, civil engineering, 25, for the American Society of Civil Engineers' contribution to the annual Engineers' Week celebration, May 4-9.

C. R. Dalton has been selected as general chairman of the civil engineers' in preparation for Engineers' Week. Professor Clark E. Mickey will supervise the work of the committee which determines the civil engineering student who is to receive the scholarship offered by Professor Mickey.

The remaining appointment to be made is that of the chairman of the committee on prizes for the best models. Following are the chairmen selected:

- Civil engineers' float—Leslie R. Peter.
- Civil engineering and applied mechanics drawings—C. E. Closson.
- Window displays—Douglas Lewis.
- Signs and posters—O. H. Marling.
- Applied mechanics laboratory—A. W. Johnson.
- Cement laboratory—Alfred Butler.
- Surveying instruments display—George F. Brannigan.
- Freshman models—Ilo A. Trively.
- Scholarship—Gus Quattrochi, chairman; William Carver, Donald Thompson.
- Concessions—Edward Richardson.

SPRING CALLS; SQUAD SHRINKS

Only Seventeen Gridsters Report for Practice; Bearg Stresses Passing.

BUT SIX MEN ON DEFENSIVE TEAM

The call of spring, wafted on the balmy breezes from the south, has evidently affected some score of spring football candidates who stopped reporting for practice with the advent of warmer weather. At the practice session yesterday there were only seventeen men out, hardly enough to form one full team on the offensive and a skeleton team to oppose it. Coach Bearg is wondering where the shady lane is in which his spring football candidates are pruned during the scrimmage period when they should be learning football.

The practice yesterday consisted of an hour or so of passing, followed by the customary scrimmage period of about an hour. Stevens, "Jug" Brown, and Pressnell did most of the passing in this preliminary period.

The backfield in the scrimmage was made up of Pressnell, and "Jug" Brown at half, Peaker at full, and Stevens, quarter. In the line were Gross at center, Reller and Witte at guards, Raisel and Casey at tackles, and Gillen and Joe Weir at ends.

There were only six men on the defensive line. Stiner and Rander performed the best on this side of the scrimmage line, smearing many offensive plays as they reached the line.

Some practice in recovering fumbles behind the line of scrimmage was included in the scrimmage work. The offensive team had the advantage most of the time on account of its greater strength, the defensive line being composed of only six men.

The field was rather soft yesterday, and did not permit of many open plays. If the weather continues fair, the ground ought to be in shape for practice today and the remainder of the week.

UNIVERSITY OF CALIFORNIA

"Buy a pair of garters, my boy, buy a pair of garters," is the bit of fatherly advice being given by members of the Infirmary staff to male students asking the why and wherefore of colds that seemingly can not be cured.
Since the garter became a social outcast and fashion decreed that socks should be worn draped carelessly around the tops of tan oxfords, the Infirmary records show an enormous increase in the number of colds treated.
The staff agrees that the practice of allowing the chill morning air to circulate freely around exposed ankles is one of the principal causes. They are therefore including in all prescriptions an item that can better be secured at a haberdashery than a drug store.

Oklahoma Authorities Allow Women Dates Until 1:30 St. Patrick's Day

Administration Makes Exception to Rules for Annual Engineers' Festival.

Women at the University of Oklahoma recently reached their houses as late as 1:30 in the morning under male escort and didn't have to stand anxiously by while friend escort threw gravel at the open window of an obliging roommate to get her to sneak down the back way and unhook the back door.

For the first time in the history of the institution the University authorities agreed to extend the date period until 1:30 in order that women might witness the opening of the St. Patrick's day when students in college of Engineering welcomed the coming day with a fireworks display.

Dates for the display began at 11:30 Monday night and ended at 1:30 Tuesday, although women were required to be in their houses from 10:30 till 11:30.

Hundreds of couples took advantage of this extension of time and attended the celebration. The display by the engineers marked the beginning of the annual week of celebration on the part of the engineers for their patron saint.

The first act in the celebration was the firing of "Old Trusty," the mysterious cannon owned by students in the College of Engineering, that makes itself heard only once a year—on this occasion. Miss Maude Gardner, engineers' queen, touched off the cannon.

Besides the firing of the cannon, the display consisted of the setting off of a big supply of pyrotechnics, including the largest skyrockets available.

RECEIVE SUGAR SPECIMENS

High School Exhibits Show Process of Manufacture

Twenty sets of specimens showing the processes in beet-sugar manufacture will be available for Nebraska high schools. They come from the Great Western Beet Sugar Co. of Scotts Bluffs, and may be obtained through the Conservation and Survey division of the University of Nebraska. Classes in agricultural industry should find the specimens of particular interest.

FRANKFORTER WILL GIVE OPEN LECTURE

"Manufacture and Use of Explosives," Is Topic of Talk in Chemistry Hall.

C. J. Frankforter, assistant professor of chemistry, will be the speaker at an open lecture to be held Thursday evening at 8 o'clock in the lecture room of Chemistry Hall. His topic will be "The Manufacture and Use of Explosives."

Members of Phi Lambda Upsilon, honorary chemistry fraternity, will also be chosen at the meeting. The fraternity is made up of men who have high scholastic averages in chemistry. Members are elected by the active chapter with the advice of the faculty. At the present time there are eight members.

The lecture for the evening will not be of a technical nature because it is open to the public. The more common explosives will be taken up, their commercial and military uses being explained. Sixty samples of explosives will be shown during the lecture and two reels of motion pictures, furnished by the Bureau of Mines and the Hercules Powder Company, will illustrate the speech.

A new use for flesh-colored hose was recently discovered when a professor got suspicious at West Virginia Wesleyan and carried on an investigation which brought out the startling fact that women were inscribing notes on their ankles which became easily visible when flesh-colored hose was drawn tight.

The psychology department of Temple University has abolished all examinations in the belief that they are inaccurate, antiquated, and influenced by personalities.

Dancing Is Most Popular Recreation At Oklahoma, Investigation Shows

Information compiled by a professor of sociology at the University of Oklahoma regarding the favorite recreations of students showed that dancing was the most popular campus sport at that institution. Approximately 75 per cent of both sexes answered his question by naming the tertiachorean art as their favorite amusement. More women than men placed dancing as their first choice, however.

Three sports tied in popularity with the women for second place—hiking, swimming and bridge. It was thought that these diversions had largely developed since the students had enrolled in the University. Thirteen more pastimes were listed in the statistics, which are, listing them in order of their popularity: Tennis, skating, shows, reading, golf, motorizing, traveling, hunting, fishing, basketball, football and baseball.

It is noticeable that the preference of the students was given largely to outdoor sports rather than the more quiet pastimes such as card-playing and reading. This may be explained by the fact that the students spend so much of their time

MAT MEET TO START TODAY

Preliminaries of Interfraternity Wrestling Tourney Run from 4 to 6.

ADMISSION WILL BE FREE THIS AFTERNOON

The preliminaries of the first interfraternity wrestling meet will be held this afternoon between 4 and 6 o'clock in the west end of the Armory. Semi-finals and finals will be held Thursday and Friday afternoon at 4 o'clock. Admission to all preliminaries will be free. A fee of ten cents will be charged for semi-finals. Two rings will be used in the preliminaries, so the meet will be finished in good time.

Fourteen fraternities were entered at the time of the drawings last night. Contestants are advised to weigh in at 11 o'clock the morning before the meet. All those who drew a bye, with the exception of those in the 108-pound class, will wrestle tonight. All others will have two bouts today. This was made possible by shortening the time to six-minute bouts.

The drawings were made at 5 o'clock at the office of Dr. Clapp, and results were as follows:

- 108-Pound Class**
Newman, Zeta Beta Tau; Bye.
Smith, Acacia; Bye.
- 115-Pound Class**
Noble, Delta Chi; Webb, Alpha Gamma Rho.
Rawlins, Kappa Sigma; Cooper, Alpha Theta Chi.
Williams, Alpha Delta; Warren, Sigma Nu.
Treadwell, Pi Kappa Alpha; Bye.
- 125-Pound Class**
Bengston, Sigma Alpha Epsilon; Bye.
Pickard, Delta Chi; Bye.
Gettman, Pi Kappa Alpha; Bye.
Wilkinson, Phi Tau Epsilon; Sloniger, Kappa Sigma.
Dickey, Delta Sigma; Buck, Alpha Gamma Rho.
- 135-Pound Class**
Schlents, Alpha Delta; Bye.
Morrisey, Sigma Nu, Bye.
Theodore, Zeta Beta Tau, Bye.
- 145-Pound Class**
Robertson, Sigma Alpha Epsilon; Taylor, Alpha Delta.
Dexter, Phi Tau Epsilon; Eckstrom, Alpha Theta Chi.
Buck, Alpha Gamma Rho; Schroyer, Sigma Nu.
Stephenson, Acacia; Gugenheim, Zeta Beta Tau.
Nedrow, Phi Kappa Alpha; Murphy, Kappa Sigma.
Winch, Delta Sigma; Bye.
Campbell, Delta Chi.
- 155-Pound Class**
Lang, Phi Tau Epsilon; Bye.
Olanskey, Zeta Beta Tau; Kendall, Alpha Gamma Rho.
Moulton, Alpha Theta Chi; Yearley, Alpha Delta.
Gardner, Sigma Nu; Otten, Sigma Alpha Epsilon.
Maun, Kappa Sigma; Johnson, Delta Chi.
Posvar, Silver Lynx; Armstrong, Lambda Chi Alpha.
Hirschman, Delta Sigma; Bolen, Acacia.
Choate, Pi Kappa Alpha; Bye.
- 165-Pound Class**
Gericlick, Zeta Beta Tau; Bye.
Gillilan, Delta Chi; Hobson, Phi Tau Epsilon.
Robertson, Kappa Sigma; Wilson, Sigma Nu.
Kohler, Alpha Theta Chi; Eddy, Acacia.
Ryne, Delta Sigma; Lewis, Alpha Gamma Rho.
Lee, Phi Kappa Alpha; Wells, Lambda Chi Alpha.
Schram, Sigma Alpha Epsilon; bye.
Hinton, Alpha Delta; bye.
- 175-Pound Class**
Drummond, Delta Chi; bye.
Peaker, Kappa Sigma; bye.
Franklin, Zeta Beta Tau; Chaloupka, Alpha Theta Chi.
Waldo, Alpha Gamma Rho; DeWitz, Sigma Alpha Epsilon.
Gilliland, Sigma Nu; Carlson, Alpha Delta.
Toft, Acacia; bye.
Negus, Pi Kappa Alpha; bye.
Mark, Phi Tau Epsilon; bye.
- Heavyweight Class**
Durisch, Delta Chi; bye.
Eckberg, Alpha Delta; bye.
Randall, Pi Kappa Alpha; bye.
Chaiken, Zeta Beta Tau; Casey, Lambda Chi Alpha.
Aksamit, Alpha Theta Chi; Fisher, Sigma Nu.
Hahlbeck, Acacia; bye.
Mandery, Kappa Sigma; bye.
Thompson, Sigma Alpha Epsilon; bye.
- Swarthy Mexican vaqueros recently invaded the campus at the University of California wearing broad brimmed sombreros and brilliant Spanish sashes. Instead of knives, the invaders carried the Mexican Athlete number of the Pelican, California's Argonaut.
