

## GRID MEN NEAR END OF SEASON

Final Workout for Spring to Be Staged on Stadium Field Today.

### SEVERAL BACKFIELD MEN SHOW PROMISE

Despite adverse weather conditions, a large squad of football candidates were working out on the north end of the football field yesterday afternoon. The usual practice, with the ends and backfield men passing the ball, and linemen blocking and charging, was continued during the early part of the period. The last half-hour was spent in scrimmaging and practicing on new plays. The practice held this afternoon will be the final workout for this spring. During the last few weeks Coach Bearg has developed several men who will make strong bids for positions on the first squad when the big season opens next fall. Stephens, "Jug" Brown, Oelrich, Presnell, and Voris have formed a backfield which has consistently plunged through the opposing teams for large gains throughout spring practice. A score of linemen who have been doing good work opening holes for the backfield men and making gains difficult for the other squad, have also been developed during the season.

## KANSAS RELAYS IS FIRST BIG CONTEST

Will Be Opening Outdoor Meet of Size in Missouri Valley This Year.

The University of Kansas Relays, which will be held at Lawrence on April 18, will be the first big outdoor meet held this year in the Valley. The entry list includes more than a thousand athletes among whom are several members of the Olympic team. Seventeen universities, colleges, preparatory schools and high schools, representing eleven states are included in the list of record-holders of the twenty-six events on the Kansas Relays program.

The University of Nebraska holds records in two events. The half-mile relay record of 1:29 minutes is held jointly by Kansas and Nebraska. Ced Hartman holds the record in the 16-pound shot-put with a distance of 42 feet 7 3/4 inches. Kansas University holds the record in the quarter-mile relay and the high-jump, and is joint holder in the mile relay and the 120-yard high hurdles.

The records which will challenge entrants this year are:

- Special Events**
- 100-yard dash—Irwin, K. S. A. C., 1924, 10 seconds.
  - 120-yard high hurdles—Crawford, Iowa, 1923-1924, 15.5 seconds.
  - 220-yard low hurdles—Sanford, Burleson College, 1924, 25.3 seconds.
  - 16-pound shot-put—Hartman, Nebraska, 1924, 42 feet, 7 3/4 inches.
  - Javelin throw—Oberst, Notre Dame, 1924, 197 feet, 6 inches.
  - Discus throw—Platt, Denver University, 1924, 139 feet, 1 1/2 inches.
  - Running high jump—Poor, Kansas, 1924, 6 feet, 4 inches.
  - Running broad jump—Jones, De-paur, 1924, 24 feet, 6 7/8 inches.
  - Pole vault—McKown, K. S. T. C., Emporia, 1924, 13 feet, 1-2 inch.
  - 400-meter hurdles—Ivan Riley, Illinois A. C., 1924, 55.9 seconds.
- University Class Relays**
- Quarter mile—Kansas, 1923, 43 seconds.
  - Half mile—Kansas, 1923; Nebraska, 1924, 1 minute, 29.5 seconds.
  - Mile—Iowa, 1923, 3 minutes, 22.6 seconds.
  - Two-mile—Northwestern, 1924, 8 minutes, 4.9 seconds.
  - Four-mile—Oregon Agricultural College, 1924, 18 minutes, 39 seconds.
  - Medley (1 7/8 miles)—Texas, 1924, 7 minutes, 38.2 seconds.
- The universities entered in the Relays are: Illinois, Iowa, Wisconsin, Northwestern, Texas, Oregon Aggies, Notre Dame, Texas A. and M., and all Missouri Valley members.

The Husker track and field men stopped off at Denver yesterday on their way to the coast for the meet with Stanford. After a workout at Denver between trains, the squad started off for Ogdan at 1:30 on the Union Pacific. From Ogdan the team will change to the Southern Pacific, arriving tomorrow morning at San Francisco where an early workout will be taken on the University of California field.

The dual meet arranged between Nebraska and Grinnell will bring together two of the best hurdlers in the west. Taylor on the Grinnell team was first in the Missouri Valley meet at Lincoln last year, and was on the American Olympic team at Paris. In the Valley meet of last year Taylor beat Weir. The tables were turned at the indoor meet some time ago at Kansas City, where Weir was first in both the hurdles, and Taylor was third. The meeting of the two in several meets will probably take on some of the rivalry that prevailed last year between Locke and Red Irwin of the Kansas Aggies.

A Nebraska lad, Floyd Green of Omaha Central, is a runningmate of Taylor in the hurdles at Grinnell. He beat Taylor at the Valley indoor meet, finishing second to Ed Weir. Taylor was injured in the race though, and after recovery will probably take his place as the foremost Grinnell hurdler.

The Grinnell team is weak in the field events. Rinefort and Meeter, two shot-putters, are the outstanding field men on the Pioneer squad. Meeter placed third in the Valley indoor meet, ahead of Krimmelmeyer of Nebraska.

Gould, the Grinnell miler, was better than any Nebraska runner in this event at the Valley indoor meet. He placed fourth in a race in which the winner established a new Valley record. Kimpfort of Kansas Aggies was the winner of this race, followed by Pratt and Grady of Kansas.

The main Pioneer strength will be in the hurdles where they have Green and Taylor, in the distance runs where they have Gould and several other first-class distance runners, and in the shot put.

The Grinnell track team has been handicapped during the indoor season by lack of facilities for indoor training. The indoor practice is limited to the gymnasium which does not furnish accommodation for full workouts. However, track is one of the long suits of the Iowa school, and the Grinnell squad will be one to be feared after a few weeks of outdoor training.

dormitory, to Washington University several years ago.

A new chapel with a seating capacity of 2,000 will be built soon at the University of Chicago. The edifice was made possible when John D. Rockefeller gave the university \$10,000,000 with the stipulation that \$1,500,000 be used to put up a chapel. The building program for 1925 provides for an expenditure of \$17,500,000.

At last the University of Missouri has a record which no school in its conference can beat. A Rhode Island hen owned by the university college of agriculture has established a new record by laying 271 eggs in a year.

A school for leaders has been organized at the University of Iowa under the department of speech and physical training and will include voice training and gymnastics.

The 20th birthday of the Course in Journalism of the University of Wisconsin will be celebrated this year.

You Will Like the VAN CRAFT for Two Reasons

3.55

One, comfort. The sportsman, the well-dressed man, does not enjoy ordinary collar-attached shirts, because, while comfortable, they are messy in appearance. Van Craft—with the Van Heusen Collar attached—has all the freedom of the ordinary negligee shirt, plus the Van Heusen—more comfortable than a soft collar, better-looking than a stiff collar.

Two, smartness. Superb fabric and tailoring added to the Van Heusen Collar make, at last, the ideal negligee shirt. No bands or seams in the collar to irritate the neck. No fear of wilting even in hottest weather.

Call at your haberdasher's today and ask to see Van Craft

### LIST OF PHI BETA KAPPAS ANNOUNCED

(Continued from Page One.)

Nina Maddox York, Scottsbluff, Fine Arts.

Twenty of the new P. B. K.'s are Lincoln students and three are from Omaha. Thirty-seven are registered in the Arts and Sciences College, two in the Fine Arts College, two in the Graduate college, twelve in the Teachers College and one in the College of Business Administration.

Twelve of the elected are members of fraternities and two are members of fraternities. Alpha Phi leads the list with three members, Gamma Phi Beta has two and the following each have one: Phi Mu, Alpha Chi Omega, Alpha Xi Delta, Alpha Delta, Phi Alpha Delta, Alpha Delta Theta, Phi Omega Pi, Kappa Kappa Gamma, Delta Delta Delta.

Professor Boris Morkovin of Prague University was the speaker at the convocation. His subject was "The Life and Creative Genius of the Slavonic People." He told of the native customs of the country, the dress of the people and the scenery of the country. Colored slides were used to illustrate the lecture.

Professor Morkovin was introduced by Prof. Orin Stepanek of the English Department. Professor A. R. Congdon of the Mathematics Department read the names of the new P. B. K.'s.
