

CORNHUSKERS LOSE IN FIFTEENTH INNING

LOSE TO AMES BY 5 TO 3 SCORE

Aggies Push Across Winning Runs When Nebraska Infield Defense Breaks in Fifteenth Inning.

RHODES IN PERFECT FORM

Cornhusker Mound Ace Strikes Out Twenty Men and Allows But Four Hits—Pitches Entire Game.

Nebraska lost the first game of the home season to the Ames Aggies Monday afternoon by a score of 5 to 3 in fifteen innings. The Aggies pushed across the winning runs when the infield defense of the Huskers cracked in the first half of the fifteenth.

The Huskers were first to score when they counted in the first and again in the second. An Aggie rally in the fifth netted three runs, but Nebraska came back to knot the score in the same inning when Rhodes doubled scoring Anderson.

Choppy Rhodes, on the mound for Nebraska was in perfect form, striking out twenty men and allowing but four hits.

Errors by both teams at crucial moments accounted for much of the scoring.

To open the fifteenth, T. Jacobson fouled to Lang. Boller hit sharply to short and was safe when Andersen threw wide to Eckstrom at first. Berray was out at first. Hill, the head of the Ames batting order hit to Andersen who again threw wide to first. Boller scoring. Hill stole second. Towne hit to short and Andersen's throw was bad, Hill scoring and Towne was safe. Fisher was then thrown out at first.

Huskies Unable to Count

The Huskers were unable to count in their half. Patton was an easy out. Harney walked. Lang flew out and Janda fanned for the last out.

Nebraska scored first in the opening round when Janda bunted safe on the first pitched ball, went to second on an error with Thompson safe at first. Andersen was up and all three men were safe on another error. Rhodes fanned a long sacrifice fly to center scoring Janda. Eckstrom singled and Patton grounded out for the third out.

The Huskers scored again in the second on Janda's clean single and a pair of errors.

The two teams meet tomorrow at Rock Island Park for the second game of the series. Tomorrow's game is scheduled to start at 2:45.

Unless Kansas can be scheduled for a pair of games, the next games for the Huskers will come the end of this week. The Haskell Indians may be booked for Friday and Saturday if the K. U. games cannot be arranged.

Coach Kline is anxious to schedule a game for next week as it is an open date on the Nebraska schedule.

The Indians will not play if Kansas is booked. The next scheduled games are with Oklahoma here May 15 and 16.

TENNIS TOURNEY IS PROGRESSING

Only One First Round Game Left to Play—Start on Second Bracket.

Only one first round game is left in the tennis tournament for places on the 1925 Varsity squad and one game in the second bracket had been played yesterday afternoon.

Miles Lee won from Chester Scharmann in a first round game and Herb Rathack defeated Kenneth Hattori. The score of the latter game was 6-4, 1-6, and 7-5.

In the only second round game played John Straka defeated F. W. Sunderland, 3-6, 8-6, and 6-2.

No matches with Valley schools have been slated as yet. Interest in the net sport seems to be falling off in the Missouri Valley, and the University of Missouri recently cancelled a northern trip which was to include Nebraska. Whether or not the Huskers will enter the Missouri Valley tournament has not been decided.

Two instructors in the University of Wisconsin have been referred to the faculty by the Senior Council because they did not leave the room during examination. The honor system states that all faculty members shall leave the room during examinations.

Eighteen of the thirty-two student organizations at K. S. A. C. have subscribed one hundred per cent and it is expected that the other fourteen will swing into line soon.

Aggies Use Cannon In Baseball Game

Accusations of unfair methods might be filed against the Kansas Aggie ball team which lost two games to the Huskers at Manhattan last Friday and Saturday.

The Aggies started out the Saturday game with a man on first. The next man up laid down a bunt towards third base, and then came the unfair part. Beryl Lang, on the mound for the Huskers, started to field the ball.

He picked up the sphere and it looked like an easy out at first. He drew back his arm to hurl the pill—

Just then a huge cannon was fired in a lot next to the ball diamond. Several fielders are reported to have fallen down at the sound, and the rest were scared enough to momentarily forget the baseball game.

At any rate, Lang was just throwing the ball when the deafening roar sounded over the lot. He threw the ball high in the air and five feet above the first baseman's head; the runners went to second and third and scored later.

The cannon firing was a part of the Corps Area inspection of the Kansas Aggies R. O. T. C.

Golf Match Is Slated Against Drake Varsity

Scheduling of a Varsity golf match with Drake University was announced yesterday at the athletic office. The meet will be held May 15 at Des Moines.

The meet is the second one to be scheduled so far, the other being with Kansas. Last year Drake played at Lincoln, and the return match will be played in Des Moines for that reason.

Permission to use the Lincoln Country Club course for golf practices was secured by Herbert Gish, acting athletic director, Saturday. The Varsity candidates will play over the best course in Lincoln, and may secure a permit by applying to the athletic office.

The Scotch pastimers will meet Kansas either May 22 or 23.

CAGEMEN DRILL ON SHORT PASS

Coach Bearg Announces Intention to Hit Every Department of Game.

Intensive drill on the fundamentals of the short pass was the program for Coach E. E. Bearg's proteges in spring basketball practice last night. Spring basketball is under full steam for the first time at Nebraska, and Coach Bearg intends to leave no stone unturned in the month's work at the cage sport.

Fifteen candidates reported last night and received steady drill all the evening on the short pass. Coach Bearg intends to hit every department of the game before he closes down his cage plant for this year, and will get preliminary practice in every branch.

Practice will be held again today from 4 until 6 o'clock.

SECOND ROUND ALMOST OVER

Kappa Sigma Meets Sigma Phi Epsilon in Last Second Bracket Ball Game.

GREEK BASEBALL TEAMS TO ENTER THIRD ROUND

Third Round Pairings
Sigma Alpha Epsilon—Leta Sigma Delta.

Pi Kappa Alpha—Pi Kappa Phi. Sigma Nu—Phi Delta Theta. Alpha Theta Chi—winner of Kappa Sigma vs. Sigma Phi Epsilon.

With only one game left to play in the second round of the interfraternity baseball tournament the Greek apple-chasers will move into the third round of play this week.

Two games Sunday finished the second round of play except the Kappa Sigma—Sigma Phi Epsilon contest, which will be played today or tomorrow. In the Sunday games Pi Kappa Alpha won from Delta Upsilon and Alpha Theta Chi trounced Delta Tau Delta.

The third round games played this week and next will decide the teams to go into the semi-finals. The final game for the championship trophy will be played as a feature of Roundup Week, according to a recent announcement by the athletic office.

Pi Kappa Alpha took a neat ball game from the D. U. team at Rock Island park Sunday, 2 to 0. Lee on the mound for the winners and Jorgenson hurling for the D. U.'s worked smoothly throughout the game. Lee struck out twelve men and allowed no hits.

A momentary loosening of the D. U. support let in a pair of runs in the second inning which were the only tallies of the tilt. The Pi K. A.'s got only two safe bingles and the game was mostly free from errors.

Halley Kerr pitched Alpha Theta Chi to another shut out over Delta Tau Delta and pushed the local fraternity into the third round. Kerr was working smoothly and fanned twelve men. He blanked his opponents in the first round game also. The winner's scores came in the first and fifth innings. They counted thrice in each one. Blue Howell pitched for the Deltas and was comparatively smooth throughout the

The freshman squad will have their chance at Varsity and Missouri Valley freshmen records when they compete in the annual Missouri Valley freshman telegraphic meet next Saturday. The yearling squad has a good chance to take first honors this year. Roberts, Searles, and Davenport have been making good time in the track events and should place in the meet. Nebraska won first in this event in '22 and '23.

Taylor, Olympic champion and versatile athlete, was the star of Saturday's meet, taking first in the broad and high jumps, and the 120-yard and 220-yard low hurdles. Nebraska fans were disappointed when he did not enter the 440-yard nor take part in the mile relay. Taylor is one of the fastest men in the country in the 440-yard event, leading the field at the Olympics until the last five yards.

Nebraska lost a few points in the dual meet with Grinnell last Saturday when Locke tripped over a hurdle in the 220 lows. Locke was running a close second to Taylor all the way until the next to the last hurdle, when he tripped and was flattened on the track. Luckily he escaped with only a few bruises.

The mile relay lived up to its expectations as a thriller for the crowd. The race was close during the entire four quarters, and the climax came in the final stretch when Critch overtook and passed Jones, anchor man for Grinnell, in the last few yards of the relay.

Fifty-four high school teams have entered the annual state meet which will be held here next Saturday. The various high schools have been warming up at the college meets held the last few weeks, and records will be in danger when they gather on the fast Nebraska track.

Track fans will have a good opportunity to see the results of a year's University training added to that of the high school when the freshmen and high school athletes will be striving for records.

To suppose that a baseball nine will all cover just one position is as far from the truth as to think that everyone in the electrical industry is an engineer.

This field will always need trained engineers. But with its great manufacturing, construction and commercial activities, the industry must have non-technical men too.

Since the industry is manned by many types, the result of your work will depend a good deal on the success with which you team up. The qualities that win are not only efficiency attained by the light of a study lamp, but that all-pull-together spirit of the athletic field.

This point of view may be useful to the man who has wondered whether campus activities, with all their striving and stern testing, their setbacks and their triumphs, have any counterpart in after life.
