

SOONERS WIN GAME 4 TO 3

Oklahoma Comes From Behind To Win in Eighth Inning of Diamond Contest with Huskers Friday.

SECOND GAME GIVEN UP

Rhodes Holds Sooners Hitless Until Seventh Inning; Lang and Andreson Count on Squeeze Plays.

The Oklahoma Sooners came from behind in the eighth inning Friday to win the first of a two-game series from Nebraska, 4 to 3 at the Ag College campus. Nebraska was leading 3 to 1 when the Sooners started the batting spree that netted the winning runs. The second game, scheduled for Saturday, was called off because of cold weather and wet grounds.

Choppy Rhodes worked on the mound for the Huskers and struck out seven men holding the Sooners hitless until the seventh inning.

Perfect squeeze plays by E. Lang and Andreson counted for the Huskers' runs, after Thompson had driven the ball to center field for a double.

A heavy field failed to hamper the Huskers who fielded brilliantly, twice stopping threatened rallies by fast double plays.

The cold weather did not discourage the fans, and a good crowd was present to witness the game.

The score:

Oklahoma	ab	r	h	o	a	e
Archer, ss	2	1	0	0	2	0
Lindsey, 3b	3	0	0	1	1	1
Snodgrass, 3b	1	1	0	0	0	0
Mays, c	4	0	0	3	0	0
West, 2b	2	1	1	3	2	0
Honea, rf	3	1	1	3	0	0
Giffen, cf	4	0	2	4	0	0
Jones, 1b	4	0	1	10	0	0
Wallace, lf	2	0	0	3	0	0
Montgomery, lf	1	0	0	0	0	0
Aldrich, p	4	0	0	0	7	0
Totals	30	4	5	27	12	1

Nebraska	ab	r	h	o	a	e
Janda, 2b	2	1	0	1	0	0
Collins, lf	4	1	1	1	1	0
Smaha, cf	4	0	1	1	0	0
Andresen, ss	3	0	0	1	0	0
Rhodes, p	4	0	0	0	0	0
Patton, rf	3	0	0	0	1	0
Thompson, 3b	2	1	1	0	0	0
*Edwards	1	0	0	0	0	0
Eckstrom, 1b	3	0	0	16	0	0
E. Lang, c	2	0	0	7	0	0
**Harney	1	0	0	0	0	0
Totals	29	3	3	27	2	0

*Batted for Patton in ninth.
**Batted for Thompson in ninth.

Oklahoma	100	000	930-4
Nebraska	000	210	606-3

Two base hits: West, Thompson. Stolen base: Honea. Sacrifices: Eckstrom, Andreson, E. Lang 2. Wild pitch, Rhodes. Struck out: By Rhodes 6, Archer 2. Hit by pitcher: Patton by Archer. Double plays: Thompson to E. Lang to Eckstrom; Thompson to Janda to Eckstrom. Umpire: Dye. Time: 1:35.

NEBRASKA WINS TRIANGULAR MEET

(Continued from Page One.)

was upset the dope when he finished second ahead of Kimport, Aggie man who was slated to finish along with his mate, Balzer. Grady clung to Kimport through out the race, and when Kimport slowed up near the finish he flashed by and took the place. The time was 4 minutes, 31 seconds.

Weir Wins Again

Ed Weir knocked off a pair of first places in both hurdle events. He won the 120-yard highs in 17.1 seconds which was unusually slow, due to the soggy track. Roberts and Graham of Kansas finished behind him.

Weir's time in the low hurdles was 26 seconds. Dailey of the Huskers finished close behind him, beating out Graham of the Jayhawker squad. Dailey ran the great race in this event, coming from behind to win over Graham on the last barriers.

In the 440-yard dash Nebraska took first three places for a clean sweep. Crites won it in 51.4 seconds, with Scherich following second. Beckord took third with a great sprint in the last twenty yards.

Balzer Pulls Muscle

Pratt of K. U. won the 2-mile event when Balzer, Kansas Aggie man who is holder of the Missouri Valley record, pulled a muscle. Balzer had the trouble at the start of the second lap, and limped the rest of the way. Grady of Kansas passed him easily and Balzer almost walked across the finish.

Lewis of Kansas took first in the 880-yard run winning over Houdersheldt of Nebraska in 1 minute, 59.9 seconds. Ross finished third.

The Huskers won the mile relay without being endangered being clocked in 3 minutes, 28 seconds. Frank Dailey gave his mates a ten-yard lead which was never lost. Beckord, second runner, held the lead and Scherich and Crites had no trouble in staying out in front. The Kansas team finished second with the Aggie trailing.

Molson Takes Shot Put
Nebraska took only two firsts in the field events, winning in the shot-

put and the pole vault. Molzen put the shot 42 feet 1 inch and Frank Wirsig vaulted 12 feet to win over Phillips of Kansas. All the points in the high jump went to Kansas, with Graham, Poor, and Ferguson tying at 5 feet, 8 inches.

The Jayhawkers also took first and second in the broad jump and second in the discus. The Kansas Aggies won first and second in the javelin contest and first in the discus. The summary of events:

Track Events

100-yard dash—Won by Locke (N); second, Hein (N); third, Fisher (KU). Time 10.2 seconds.

Mile run—Won by Balzer (KA); second, Grady (KU); third, Kimport (KA). Time 4.31.

220-yard dash—Won by Locke (N); second, Hein (N); third, Fisher (KU). Time 22.1 seconds.

120-yard H. H.—Won by Weir (N); second, Roberts (K); third, Graham (KU). Time 17.1 seconds.

440-yard dash—Won by Crites (N); second, Scherich (N); third, Beckord (N). Time 51.4 seconds.

2-mile run—Won by Pratt, (KU); second, Grady (KU); third, Balzer (KA). Time 10:35.

220-yard L. H.—Won by Weir (N); second, Dailey (N); third, Graham (KU). Time 26 seconds.

880-yard run—Won by Lewis (K-U); second, Houdersheldt (N); third, Ross (N). Time 1:59.9.

Mile relay—Won by Nebraska (Dailey, Beckord, Scherich, Crites); second, Kansas; third, Kansas Aggies. Time 3:28.

Field Events

High Jump—Ferguson (KU), Graham (KU), and Poor (KU), tied for first, second, and third. Height, 5 feet, 8 inches.

Broad jump—Won by Goodell (K-U); second, Graham (KU); third, Rhodes (N). Distance, 22 feet, 3-4 inches.

Pole vault—Won by Wirsig (N); second, Phillips (KU); third, Carter (KA), Rhodes (N), and Gleason (N) tied. Height, 12 feet.

Discus throw—Won by Gartner (KA); second, Connelly (KU); third, Hama (N). Distance, 134 feet, 10 inches.

Shot put—Won by Molzen, (N); second, Krimmelmeyer (N); third, Brunkau (KA). Distance, 42 feet 1 inch.

Javelin throw—Won by Brunkau (KA); second, Roberts (KA); third, Almy (N). Distance, 143 feet 6 inches.

The Women's Athletic Association track meet will be held at the Stadium, Saturday morning, May 23, beginning at 9 o'clock. Each girl will be allowed to enter in five events and in not less than three. There are to be three members from each class in each event.

There will be track practices at seven o'clock on Tuesday and Thursday morning and an extra practice on Friday morning at seven. Every girl expecting to participate in the meet is urged to attend these practices as entries in events are to be determined at that time.

The point system to be used is the one suggested by the Women's Division of the National Amateur Athletic Federation.

WOMEN PLAN TRACK MEET ON SATURDAY

Athletic Association's Inter-class Meet To Be Held in Stadium.

The Women's Athletic Association track meet will be held at the Stadium, Saturday morning, May 23, beginning at 9 o'clock. GOLF MATCH ENDS IN TIE

Huskers in Bitterly Contested Match with Drake University Team.

WILL MEET KANSAS HERE ON SATURDAY

The Varsity golf team tied with the Drake University squad in a bitterly contested match played Friday at the Hyperion County Club, Des Moines, Ia. The players continued the game through trying weather conditions, rain and hail falling during the matches.

The match was a 36-hole tilt, the Nassau system of scoring being used. One point for each nine holes was given and an extra point for each eighteen. Thus each man had a possible score of six points for the meet. Eighteen holes of singles were played in the morning and eighteen holes of row ball-foursomes in the afternoon.

Palmer in Hard Match

The feature match of the morning was between Blanchard of Drake and Palmer of Nebraska, each shooting a 78, the low score of the morning. Vette of Nebraska defeated Pierce with a 3 to 0 score. Reed of Nebraska broke even with Kaufman of Drake, each winning one point. Brown of Nebraska lost two points to Malone and won one, bringing the total score of the morning to 5 to 3 in Nebraska's favor.

Vette and Palmer defeated Pierce and Blanchard by a 4 to 0 score in the foursomes in the afternoon. Brown and Reed lost a hard match to Kaufman and Malone by a 6 to 0 score, the Nebraska men losing each of the nine holes one down. This made the final score a tie, each team scoring nine points.

The match looked like a victory for Nebraska until the last few minutes when Malone made a spectacular shot on the last hole, saving the two extra points on the foursome and tying the match.

The next match of the season will be held with Kansas at the Lincoln Country Club next Saturday. The team may be sent to Oklahoma to enter the Valley meet the following week.

VOLLEYBALL MEET OPENS WEDNESDAY

Three Games Scheduled in Women's Class Tournament —To Pick Teams Soon.

The women's volleyball tournament will open Wednesday, May 10, with the freshman-sophomore game. The squads are posted and class teams will be chosen from those having attended the required five practices. Class practices are to be arranged with Miss Clark.

The schedule for the games is as follows:

Freshman vs. Sophomore, Wednesday noon.

Freshman vs. Junior-Senior, Friday noon.

Sophomore vs. Junior-Senior, Monday noon.

The squads as posted are as follows:

Freshman—Irma Otten, Victoria Kuncel, Helen Lohmeier, Helen Clarke, Helen Schlytern, Marie Kuncher, Genevieve Clark, Mildred Kellenbarger, Ruth Barker, Wilma Bell, Blossom Benz, Helen Moorehead, Helen Nesladek, Hazel Olds, Winona Ayres.

Sophomore — Leone McFerrin, Clara Schiebel, Ruth Wright, Madge Zorbaugh, Mildred Frederickson, Annis Frederickson, Ruth Kess, Marie Hermanek, Maude Stewart, Ester Robinson, Dorothy Abbott.

Junior-Senior — Eula Shively, Irene Mangold, Vivian Dorothy Taylor, Louise Branstad, Meda Fisher, Louise Fisher, Luella Reckmeyer, Mildred Wohlford, Margaret Hymer, Ershal Freeman.

UNIVERSITY OWNS DRUG PLANT GARDEN

(Continued from Page One.)

covery of means by which the industry can be carried on in this country. It is the first course of its kind to be offered in a university and was established at Nebraska in 1914. It consists in the study of the raising, curing and preserving of crude drugs. The students gather the plants from the garden. The plants are dried and cured in the attic of Pharmacy Hall and there is a mill

in the basement that grinds the plants to a powder.

Many Varieties

There are a few gardens in which practically every plant producing a well-known drug, is represented. As many as thirteen varieties of a single plant, digitalis, have been grown, and when it is recalled that there are ninety-five different kinds of plants in the garden, the magnitude of the undertaking is apparent. All parts of the world are searched for seeds and plants from which drug gardens can be started. A small, obscure nursery in India was sought out in an effort to obtain tropical plants.

The University of Nebraska is endeavoring to develop plants that are efficient and adapted to the temperate climate of the state. There are sixty-seven different drug plants native to Nebraska. All of them are used for drugs and, at present, fifteen are in great demand.

Drug Content Differs

The average person would think that all plants of one variety would have the same drug content. The University of Nebraska is seeking to increase the amount of actual drug to each pound of the crude product. This factor may lie in the kind of soil, the time of harvesting, the kind of seed, ways of curing, and several other factors. There are certain plants such as the belladonna and stramonium that require lime in the soil, because they produce medicinal alkaloids. The plants that can be raised successfully in the Middle-West by a common gardener are the mints, spearmint and peppermint, digitalis, hehena, purgative rhubarb, hydrastis, lavender, and Indian hemp. Some of these plants are quite poisonous and domestic animals should not be allowed to eat them.

A few of the plants raised in the pharmaceutical garden are digitalis, podophyllum, hydratis, tany, borage, lavender, peppermint, spearmint, thymine, sweet flag, opium poppy, stramonium, cannabis, cinchona, castor oil plants, purgative rhubarb, and belladonna.

Started in 1908

The garden was started by Dr. R. A. Lyman, Dean of the College of Pharmacy, in 1908. He had a difficult time getting the ground. There was no space available for a garden of merely utilitarian sort and it was decided to make it decorative as well. Aside from being a novel project, the garden has been made still more out of the ordinary by its arrange-

ment as a part of the University campus.

Miss Eleie Day, an instructor in the College of Pharmacy, was put in charge of the garden by Dr. Lyman in 1913. During her five years as supervisor of the garden she brought it to a high state of efficiency.

Dr. Albert Snyder was in charge of the garden from the fall of 1918 to the spring of 1922. During the war period very little was done with the garden. It was difficult to get seed from other countries. The S. A. T. C., whose barracks were in the Nebraska Hall and Memorial Hall, used the drug garden as a place to dry their blankets. As a result some of the most valuable plants were ruined and have never been replaced.

H. R. Lewton, instructor in the College of Pharmacy, took charge of the garden in the fall of 1922 and is in charge at the present time. Mr. Lewton states that they are having many difficulties with the garden now. The children get into the garden, trampling the plants and picking the flowers, and also, throwing sticks at the fish in the pool. There are people who find that the aluminum markers make excellent scoops and take them home. Some people trespass to pick the fresh mint and pansies. Others even go as far as to pick the purgative rhubarb to take home to make pies without knowing the nature of the plant.

In the October 1917 issue of Popular Mechanics there was an interesting article on the University of Nebraska's Pharmaceutical Garden written by R. P. Crawford. The subject of the article is "University Cultivates Drug Herbs."
