

STANDING IN SCHOLARSHIP MADE PUBLIC

Tau Kappa Epsilon and Alpha Delta Theta Are At Head of Lists.

AWARD CUP ANNUALLY

Goes to Beta Theta Pi; Winners Were Nationalized Only At Close of Last Year.

Tau Kappa Epsilon had the highest average among fraternities for the last college year, according to an announcement from the office of the Executive Dean. The Hainer Cup, annually given to the national Greek-letter social fraternity having the highest scholastic standing, was won by the Beta Theta Pi fraternity.

Alpha Delta Theta ranked highest among the sororities in the rating. Standing is determined by compilations determining the index number, a weighted average obtained by weighting the percentages of the various grades by their proper weights. Award of scholarship plaques presented to fraternities whose percentage of delinquency is equal to or above the average percentage for all fraternities will be made at the Cornhusker banquet, as in previous years.

In competition for the Hainer trophy, Tau Kappa Epsilon was ineligible, being a chapter of a national Greek-letter social fraternity only a few weeks at the close of the year. No fraternities or sororities will be placed on probation whose index is below the average of all men, in accordance with the rule put in effect last year. The responsibility has been placed upon the individual man, according to a ruling by which persons with two-fifths or more of their hours in bad standing will be automatically dropped from the University.

A large number of freshmen women attended the tea, given by the Tassels, women's pep organization, at Ellen Smith Hall, on Saturday afternoon from three to five. This tea, an annual affair, has become the traditional Tassels welcome to new women.

Officers of the organization were in the receiving line. Miss Genevieve Clark presided at the table from 3 to 4 o'clock and Miss Amanda Heppner, dean of women, from 4 to 5 o'clock. The Tassels colors, red and white, were used in the decorations. The Tassels themselves were in their customary red sweaters and white skirts.

The program for the afternoon was as follows:

- Miss Margaret King, piano selections.
- Miss Harriet Cruise, vocal solo.
- Miss Barbara Etherton, solo dance.
- The women who attended the tea were given copies of Nebraska songs and yells and the musical program was concluded with the singing of the Nebraska songs by all.

BISHOP PREACHES AT RE-DEDICATION

University Episcopal Church Re-opened for Services Sunday Morning.

E. V. Shaylor, bishop of Nebraska, will preach the sermon at the re-dedication services for the University Episcopal church at Thirteenth and R streets which will be held Sunday morning at 11 o'clock. Governor and Mrs. Adam McMullen, and Chancellor Avery have been invited to attend. Rev. L. W. McMillan is in charge of the services.

The church was completely remodeled during the summer months so as to greatly increase its seating capacity. Many modern conveniences were also added. The exterior has taken on an improved appearance with the addition of a new roof and the stuccoing of the walls.

The church which was formerly the St. Luke's church was donated to the diocese by the congregation for use as a student church. In its three years existence as a student church it grew so fast that the present improvements became necessary.

University of Kansas.—Every man must be able to swim at least 100 feet before he will be graduated from the University of Kansas. Special classes for those who failed to pass the test last year are being taught this semester.

Necessary For Students to Learn Lincoln Traffic Laws Says Judge

Nebraska students will no longer be able to drive their cars hither and thither in the congested school areas, whether they be hand painted Fords or supercilious Pierce Arrows, according to Municipal Judge E. B. Chappel, who, it is said, released twenty students Saturday morning who were charged with various traffic violations, mostly improper parking.

"The students of the University of Nebraska must become acquainted with the Lincoln traffic laws as soon as possible," he said in an interview. "Our police officers are arresting students every day because of their failure to become acquainted with regulations.

Twelfth street, in the two blocks by the Social Science building and the Temple, has been a fly in the otherwise pure traffic ointment of the city

of Lincoln. The haphazard methods of driving, making it a rare day indeed when several near-accidents do not occur, are to become a thing of the past.

Students cannot park their cars in the congested school areas other than parallel to the curb," he stated, "and all yellow lines are restricted to five minute parking and under no consideration must cars be left within fifteen feet of a fire hydrant."

"Owners of cars parked other than parallel on R street are responsible in case of accidents due to the limited space between a passing street car and their vehicles."

"I was a student once myself," the judge continued, "and I know how easy it is to forget sometimes when in a hurry to class, but we must demand that car drivers, for mutual safety, abide with the traffic regulations."

SHOW INCREASE IN ENROLLMENT

None Of The Colleges Have Declined In Registration, Most Of Them Gain.

200 MORE STUDENTS

The increase in the number of students registered in the University of Nebraska was, on Friday evening, September 25, approximately 200 more than last year at that period, according to facts gained in an interview with Chancellor Samuel Avery. For a number of years there has been a decline in the registration of agricultural colleges generally. This is regarded as due to the agricultural depression in the country. Apparently this tendency has ceased and the registration this year will be about equal to that of last year.

The College of Arts and Sciences has a registration which is slightly less than that of a year ago unless one enumerates in this list the Schools of Fine Art and Journalism. The greatest growth in registration is in the School of Journalism, which has increased about 30 per cent. Fine Arts has increased about 20 per cent. The College of Arts and Sciences is touching more students than ever before, but a larger proportion taking a large amount of work in this college are registered under some other subdivision. It is interesting to note that with the growth of the University, the College of Liberal Arts maintains its number in spite of the tendency to segregate it into vocational subdivisions.

No Increase in Bizads.

The College of Business Administration has about the same registration as last year, which in turn was about the same as in the preceding year, showing that the tendency of students to leave the College of Liberal Arts is continuing.

MANY TICKETS FOR ILLINOIS SPECIAL SOLD

Train Carrying Nebraska Fans to Football Game Will Be Filled.

TRAIN TO LEAVE FRIDAY

Several Organizations Are Seriously Considering Taking the Trip En Masse.

Only a few tickets for the "Illinois Special" remain unsold, according to Burlington authorities who are running the train carrying Nebraska football fans to the first big game at Urbana. The train leaves Lincoln Friday evening, October 22, at 5 o'clock.

Several organizations on the campus are seriously considering going en masse and it will be necessary to buy early in order to be sure of a place, they report.

Bedecked with a huge electric sign on the rear explaining its purpose and carrying a lunch counter, guaranteed to please the most discriminating appetite, or pocketbook, the Burlington people promise to make it an interesting trip.

A stop-over of four hours in Chicago, between 8:30 and 12:30 o'clock Saturday night gives everyone a chance to take in any of the metropolitan which may appeal to them.

One of Important Games.

The Illinois-Nebraska game has always been considered one of the most important of the season and despite the fact that it is the first game of the season a great amount of interest has been manifested. A block of tickets on the fifty yard line have been sent to Latsch Brothers and a few are still to be had there. Reports from the athletic office at Urbana state that the ticket sale there far exceeds any previous sale of a game at the first of the season and that they expect to have one of the largest crowds of the season. As nearly as can be judged, 3000 tickets had been sold by September 20 to outsiders.

In the six struggles that the Illinois and the Cornhuskers have engaged in, Zuppke's men have been able to gather in the long end of the tally but twice and these were the games of 1923-24 and it with the intention of helping the Husker team take advantage of that "charmed third" that the members of the "Illinois Special" are making the trip.

The special, leaving Lincoln at 5 o'clock, will arrive in Chicago at 7:30 the following morning and will reach Urbana at 11:30 a. m. Leaving the Illinois camp at 6 o'clock Saturday the express will arrive in Chicago at 8:30 o'clock for its scheduled lay-over of four hours, leaving at 12:30 o'clock and reaching Lincoln early Sunday afternoon.

The round-trip fare for the excursion from Lincoln will be \$19.46 and from Omaha, \$17.48.

WORK IS STARTED ON UNI DIRECTORY

One Member of Each Organization Maintaining a House Is Requested to Check List.

Work has been started on the student directory for 1925-26, published annually by the University Christian Associations as the official directory, of the University, according to announcement by V. Royce West, '27, Cozad, editor.

Lists of names are being prepared from cards filled out by each student at registration. As soon as they are completed, they will be posted for corrections. Each student is urged to watch for announcement of the posting of the lists in order that he may check it for accuracy.

Organizations maintaining houses are requested to appoint one member to check the spelling of the names, the addresses, telephone numbers, colleges and years, and fraternity affiliation.

A typewritten alphabetical list of the members and pledges of all fraternities and sororities is to be turned in to the editors at the earliest possible date at the office of the University Y. M. C. A.

Students will be listed alphabetically and geographically according to home towns. Marion L. Woodard, '26, Omaha, is business manager, and Genevieve Clark, '25, Stamford, is associate editor.

Fraternities at the University of Missouri pledged 245 men by midnight Thursday night, which marked the end of rush week, according to the Columbia Missouriian. The men were announced by yells given by older men of the fraternities.

There has been a big turnout and if Bennie Owen is able to develop a good punter, the Sooners believe they will be up in the race.

Enrollment at the Kansas State Teachers' College had passed the 1900 mark Saturday, Sept. 11 at the end of a week of registration, and it was estimated at the office of the registrar that total enrollment would be more than 2,000 when complete. This is a higher mark than ever before reached at Emporia.

Campus subscriptions were not up to expectations according to Otto Skold, business manager. The total number of subscriptions is over 2,000, the exact total not being determined. This is about the same as last year.

Persons desiring to subscribe to the paper can do so any time this week in the business office of the Daily Nebraskan in University Hall. The subscription price is the same as last year, \$2.00 for the year, and \$1.25 the semester.

GREEN CAP SALE EXCEEDS SUPPLY

Second Shipment of First-Year Head-Gear Will Arrive by End of This Week.

Green cap sales for the week progressed at a brisk rate, and the entire initial supply with the exception of a few in the small sizes was exhausted by Saturday, Otto Skold in charge of the sales, announced yesterday. A new supply has been ordered and there will be plenty on hand by the end of this week, he says.

Freshmen who have not yet obtained the caps should buy tickets at Farquhar's as soon as possible in order not to miss out. Total number of caps bought to date is eight hundred. The price of the cap is seventy-five cents. Members of Iron Sphinx will be in charge of enforcement of the tradition.

The caps this year are cut on comfortable lines, and are much better appearing than were previous ones. The purpose of them is not in the nature of a hazing measure on new students, but is solely for the purpose of making the new men in the University distinct and promoting friendship among them.

ALUMNUS RESERVES 250 ILLINI TICKETS

Guy E. Reed, '11, Places Order for Nebraska Routers in And Near Chicago.

Guy E. Reed, a member of the class of 1911 at the University of Nebraska, himself a track athlete while attending the Cornhusker institution, who is now connected with the Harris Trust & Savings Bank in Chicago, has reserved 250 tickets in the Nebraska section for the Illinois-Nebraska football game at Urbana, Ill., October 3, he says in a letter to the Alumni association here.

The tickets are for distribution among the Nebraska alumni in and near Chicago. If enough persons indicate their intention of making the trip to Urbana, Mr. Reed will charter a special train for the trip. Train service, however, is good between the two cities, so even though a special is not arranged, alumni will be able to make good connections for the game.

With this announcement of Mr. Reed is fairly safe to predict that close to a thousand rooters will be in the stands cheering for the Huskers in the clash featured by the appearance of two of the last year all-Americans, "Red" Grange, the great Illinois halfback, and Ed Weir, the great Nebraska tackle. Both men were announced by yells given by older men of the fraternities.
