

MUD FOLLOWS CORNHUSKERS

Varsity Still Having To Work Out On Slippery Field—Stiff Practice Held.

MEN IN GOOD CONDITION

If old man weather continues to deal out rain and mud, the Husker football team will be an expert at the slippery game. The griders emulated their Saturday performance in practice yesterday, playing with a soaked ball and muddy hands. The workout was stiff, with drill on plays the fundamental thing. Coach E. E. Bearg got down to brass tacks and pitted the Varsity against the Freshmen who used Missouri plays.

Reports from Missouri indicate that Nebraska will again be out-weighted. Veterans on the Tiger team are much more plentiful than on the Nebraska squad, and the line will produce a formidable wall. But no one realizes that better than Coach Bearg and his team.

The result of the Illinois game is still echoing over the country. The usual analysis which comes after every game in which the dope is upset has brought out a number of opinions.

Grantland Rice, dean of American sports writers, expressed the opinion that Nebraska has a team which will go a long way before it is beaten. Rhodes and Weir, especially, he says, looked to be the features of the afternoon in consistent smoothness. Parts of his story in the New York Herald-Tribune follow:

"It was the all-around work of the Cornhusker team which sent Illinois to defeat. Grange never had a chance. The greatest of all backs must first get started to make any headway. And Grange could never reach the open.

"Nebraska deserved the victory with a beautifully balanced team that was strong in every department of the game. Nebraska had a decided advantage in kicking and in the handling of the muddy ball."

Coach Bearg now has his team running smoothly, with most of the positions practically decided, for a while, at least. Avard Mandary was back in suit again yesterday, posted at the halfback position. The rest of the backfield was the same as that which met Illinois—Rhodes, Brown, Dailey.

The men are all in good condition. Yesterday's Varsity line included Sprague, Ed Weir, Raish, Hutchinson, Scholz, Stiner and Joe Weir.

ANOTHER WASHINGTON FOOTBALLER OF NOTE

MIKE HANLEY

A brother of Dick Hanley, coach at Haskell Institute, Mike Hanley, will be watched with interest when he appears in Lincoln as a halfback of the University of Washington (Seattle) football team, October 17, the opening home game of the Nebraska gridiron season. Mike is 23 years old and weighs 170 pounds.

On the theory that an athletic contest is not a social event, and that a fighting spirit can be best effected when men and women are free to give all their attention to the teams, University of Missouri men have been asked to refrain from taking a "date" to a football game.

Outings

You can put on a corn roast barbecue, wicker party, etc., anytime, anywhere with Saunders System cars. A car for five costs less than all five. Glad to serve your brunch, Supper, Sedan or Touring.

THIS HUSKIE WILL BATTLE CORNHUSKERS

BUEL McRAE

A guard with better than 180 pounds of beef to back him, and one year of experience under his belt, McRae will give the Nebraska Cornhuskers something to worry about when the Universities of Washington (Seattle) and Nebraska clash in the opening game of the Nebraska gridiron season at Lincoln, October 17. McRae is 23 years old and claims Sedro-Woolley, Wash., as his home.

WOMEN START TO PRACTICE HOCKEY

Nearly 100 Have Signed Up For This Sport—Need More Seniors Out To Organize Class Team.

Hockey started Monday, October 5, with twenty-two women out for the first field practice. About one hundred women have signed up for the sport, but there is an urgent need for more seniors to come out. We must have more seniors out in order to have a senior hockey team.

The field is in splendid condition and we expect to have a different form of hockey than we were able to have last year. It is not too late to get in the ten try-out practices for the season. Sign up on the W. A. A. bulletin board in the west end of the Armory soon.

Each woman who is a member of W. A. A. must make complete try-out practices for at least one sport each semester, in order to maintain her membership. If this is not possible she must notify the secretary, of the same, in writing.

The nights for hockey practices are:

- Monday, 4 to 5 sophomores.
- Tuesday, 4 to 5 general.
- Wednesday, 4 to 5 juniors and seniors.
- Thursday, 4 to 5 freshmen.
- Friday, 4 to 5 general.

Doran Referees Football Games.
Mr. Doran, assistant professor in history of education refereed the game between Cotner and Nebraska Central College of Central City, at Cotner Friday, October 2. The game Saturday, October 3, between Lincoln high school and Creighton preparatory was also refereed by Mr. Doran.

HARRIERS TO BE IN SHAPE

Distance Men Round Into Condition To Give Missouri Team Stiff Race.

SCHULTE COACHES SQUAD

The Husker harriers will finish their strenuous workouts before the race with Missouri Saturday by a three mile jaunt over the hills of Belmont today. With the exception of a few minor cases of "shin splints" the Scarlet and Cream runners will be in good shape for this early season meet. According to present plans the team will leave with the football squad for Missouri territory Thursday.

Schulte has not given out the official lineup yet, but according to the way the men finished last Thursday, Captain Lewis, Lawson, Hays, Searle, Reller, and Zimmerman will be the choice unless scholastic difficulties should hold any one of them back. In that case, Roberts or McCartney, the alternates will be taken.

Missouri will present a good team this season with three regulars back on which to build a goodly squad. Besides this, the predominating Tiger fight and determination generally carries the men through to greater efforts on the home course.

Of the Husker squad, Lawson has been showing the way to the other men and as yet he has not pulled himself hard in time trials. Hays, the small 2-miler of the Husker squad last spring is running in good form in spite of a weak ankle. Captain Lewis has been having trouble getting into condition. Lewis underwent an operation this summer and was unable to start the season with a rush.

Zimmerman is showing better form than last year, while Searles and Reller the two new members of the squad, show excellent ability for so early in the season. Of the alternates Roberts is the best runner and shows some of the qualities he exhibited last spring in the half. McCartney, the other alternate has been hindered by an operation for tonsillitis late in the summer.

Coach Schulte, who is devoting his entire time to track and cross

MANY WANT TO SEE NOTRE DAME

Practically All Good Seats for Nebraska-Irish Game Have Already Been Sold Out.

BOXING IS ABOLISHED AT KANSAS UNIVERSITY

Boxing has been abolished as a collegiate sport at the University of Kansas this fall, and no professional instructor will be employed to teach the sport, according to announcement made by Dr. F. C. Allen, director of athletics. Doctor Allen gave as his reason for the step the fact that boxing, and all sports of a character tending to the professional, had been frowned upon by Missouri Valley conference heads at their meeting last spring. K. U. will continue to support a wrestling team, it was said.

MANY WANT TO SEE NOTRE DAME

Practically All Good Seats for Nebraska-Irish Game Have Already Been Sold Out.

The erection of temporary stands at the ends of the field or the turning away of throngs of fans are the alternatives which will soon face the University in its arrangements for the Nebraska-Notre Dame game.

Although only the first game has been played and the Notre Dame game is still practically two months away, most of the tickets in the stadium for the Notre Dame game have been sold. In the Student's activities office where the seat sale for all games is being carried on, they report that the best seats left for the Notre Dame game are on the five yard line. All seats between the five yard lines in both sections of the stadium have already been reserved with possibly the exception of an occasional scattered seat. The seat sale for the game with

the University of Washington is picking up. Indications are that the crowd will be up to standard at this game despite the tremendous early season seat sale for the Notre Dame game. The students' activities office report that seats for all the games are selling readily.

A. A. STAGG OLDEST COACH IN FOOTBALL

CHICAGO, Oct. 6.—Coach Alonzo Stagg of the University of Chicago is the oldest football coach in the United States in the point of service. He is entering his thirty-sixth year of coaching this fall. Stagg began to coach football at Chicago in the fall of 1921. All of his years of coaching have been spent at Chicago.—Syracuse Daily Orange.

Keeps Your Hair Neat— Rich-looking and Orderly

If your hair lacks natural gloss and lustre, or is difficult to keep in place, it is very easy to give it that rich, glossy, refined and orderly appearance, so essential to well-groomed men.

Just rub a little Glostora through your hair once or twice a week, or after shampooing, and your hair will then be, each day, just as you comb it.

Glostora softens the hair and makes it pliable. Then, even stubborn hair will stay in place of its own accord. It gives your hair that natural, rich, well-groomed effect, instead of leaving it stiff and artificial looking as waxy pastes and creams do. Glostora also keeps the scalp soft, and the hair healthy by restoring the natural oils from which the hair derives its health, life, gloss and lustre.

Try it! See how easy it is to keep your hair combed any style

you like, whether brushed lightly or combed down flat.

If you want your hair to lie down particularly smooth and tight, after applying Glostora, simply moisten your hair with water before brushing it.

A large bottle of Glostora costs but a trifle at any drug store.
