Return for Game Between
Kansas and Nebraska

PLANS ALREADY MADE

Sorority and Fraternity Parties are
Part of Program — Also
Decorate Houses

With the Nebraska-Kansas game the main event of the day, hundreds of alumni are returning to Lincoln for the annual homecoming today. Plans are made everywhere for their entertainment during their short stay, and every effort is being made to make them feel at home and to renew old acquaintances.

The morning has been left for the grads to look up their old friends and see places of former interest. At noon, the fraternity and sorority houses are entertaining very informally for the alumni, and at 2 o'clock the football game will begin.

The game itself would attract a crowd, but with the old graduates here, there will be a very large attendance. The Corn Cobs, men's pep organization, will put on stunts between halves.

A homecoming party, sponsored by the all-University Party committee is scheduled for 8:15 in the Armory. The decorations are designed to pay respects to the old graduates, and the University Men's Glee Club will provide special entertainment.

The fraternities and sororities are following their usual custom and decorating their houses in honor of Homecoming, and the returning Alumni. They will be judged Saturday night, instead of Friday night as was previously announced. The house which wins the contest will receive a silver loving cup, donated by Fenton B. Fleming. The house winning the cup three years in succession is allowed to keep it. Gamma Phi Beta and Sigma Phi Epsilon were last year winners.

During the week tags have been distributed to attach to automobiles. On one side is "Homecoming, Welcome, Kansas, Welcome," and on the other side "Homecoming, Welcome, Grads, Glad You're Back Again." In addition to this advertising, the Associated Women's Students have sold several thousand Homecoming stickers to remind graduates all over the state.

The Daily Nebraskan is issuing a special Homecoming edition that will be distributed Saturday as one of the events of the day. The fraternity and sorority houses will receive their papers as usual, regular subscribers may get theirs at the regular place, and alumni may get copies at the Stadium or by coming to the Daily Nebraskan business office.

A great many of the fraternities are giving special dances in honor of their alumni. Those entertaining are:

Mu Sigma, Pi Kappa Alpha, Alpha Delta Theta, Phi Sigma Kappa, Sigma Chi, Theta Phi Alpha, Delta Zeta, Lambda Chi Alpha, Alpha Sigma Phi, Beta Theta Pi, Delta Delta Delta, Phi Alpha Delta, Phi Kappa Psi, Alpha Omicron Pi, Phi Tau Epsilon, Omega Beta Pi, Alpha Gamma Rho, Delta Tau Delta.

WILL ENTERTAIN
JUNIOR WOMENSilver Serpents Are in Charge of
Breakfast and Rally to be
Held November 7

All junior women will be entertained at a breakfast and rally on the campus November 7, at 9 o'clock. This is the first of a series of affairs planned in order to create a deeper spirit of friendship among junior women. Silver Serpents, junior woman's honorary society, is sponsoring the gathering.

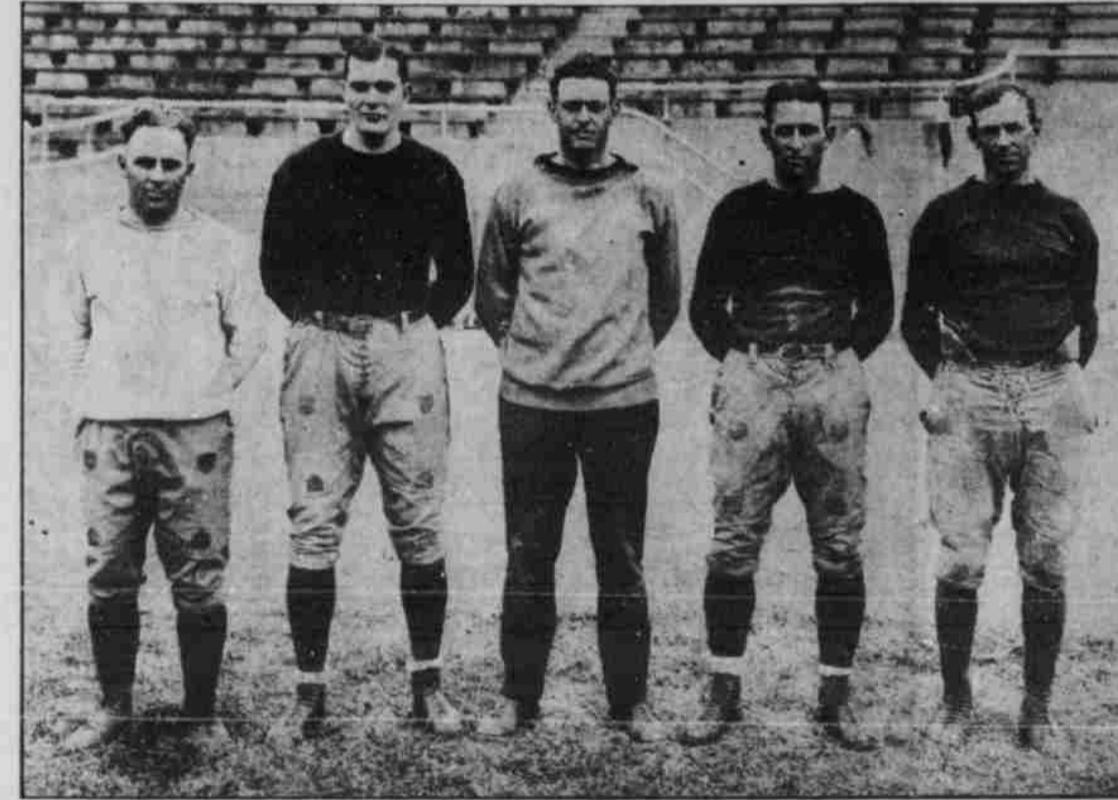

Entertainment will consist of music, speaking and other features. More definite announcement will be made later.

The place has not been definitely selected yet, but will probably be on the drill field.

No such gathering of all junior women has heretofore been sponsored upon the campus. It is expected that at least 400 women will be present.

The committees in charge of the breakfast are as follows: Invitations and publicity, Eloise MacAhan, chairman, and Blanche Stevens; foods, Hazel Hagerman, chairman, and Mildred Sweet; entertainment, Dorothy Dawson, chairman, and Margaret Dunlap and Katherine McWhinney.

Bearg, Leo Scherer, and Owen Frank. With the exception of Coach Bearg all of these men are former Nebraska football stars.

A formal installation banquet will be held at the Lincoln hotel at 6:30 o'clock tonight. Dean Rufus A. Lyman of the Pharmacy College will be the evening's toastmaster.

Initiation ceremonies were in the charge of the Alpha Rho chapter of Delta Sigma Phi from the University of Colorado, at Boulder, and the Alpha Epsilon chapter from the Kansas State Agricultural College at Manhattan.

Billy Randells, brother of Ray and "Proc" played fullback for the Aggies in 1907 and 1908, when M. F. Ahearn, present director of athletics was football coach.

Next came "Stiff" Randells, an outstanding end in the Valley in 1916, 1917 and 1918. Aggie freshmen still reverence him as one of the best all the time in the Manhattan school.

Before "Stiff" finished his Aggie career "Proc" had made the Wildcat squad, playing as a member of the S. A. T. C. team of 1918, which did not count in the Valley competition.

"Proc" was with the Wildcats in 1919 and 1920, dropping out at the end of that year to teach school.

This fall he returned to finish up his remaining hours for a degree.

Ray, fourth of the football playing brothers, came to Kansas State one year and tried out as fullback.

Going to Nebraska, he was moved up

into the line, and played in the Illinois and Missouri games as a substitute Husker tackle.

Alumni Are Invited To
Cornhusker Luncheon

The committee in charge of the Girl's Cornhusker luncheon cordially invites all alumnae who can be present to attend the luncheon next Saturday. It is necessary to know beforehand how many places to prepare for, so all who are planning on being here must arrange for their tickets before Thursday, October 29.

Send your name and money to Viola Forsell, at the Chi Omega house and the reservation will be taken care of. Tickets are seventy-five cents apiece. Any alumnae who live near Lincoln are urged to attend and keep in touch with the University and its activities.

Fraternity and sorority house decorations will be judged this evening at 7 o'clock. Electric lighting effects should be turned on about 6:30 as was announced for yesterday. Postponement of the judging was made necessary because the weather Friday was such as to make it almost impossible for the organizations to obtain the desired effects in their decorations. All groups are thus given a more equal and a better chance with the extra day.

Those who had begun decorating found the work extremely difficult because of the rain. The extra time should result in better decorations by the Greek letter groups, and make the competition even more keen than it had promised to be. The judges will reach their decision late tonight and it will appear in Sunday's Daily Nebraskan.

It is my belief that with the funds at our disposal, after caring for the imperative needs at Omaha, the Agricultural College, and Curtis, no more useful building than Morrill Hall could be erected to help in some measure the general congestion on the city campus," announced Chancellor Avery in the September issue of The Nebraska Alumnus.

"Morrill Hall will fill a long-felt need in the School of Fine Arts," remarked Professor P. H. Mann, Director of the School of Fine Arts and Professor of Dramatic Literature, "for several years Professor Barbour and I have been extremely anxious to have the Music and fine arts together. In the past several visitors inspecting the geological museum and the art collections have expressed the desire of having the two collections placed closer together so that both might be visited at the same time."

This will be the first time that the School of Fine Arts has been housed in one building.

At present it is scattered over the campus in the upper part of the Library, rooms in the basement of University Hall, and the Temple. Under the new

plans, however, lack of space in Morrill Hall will force the Dramatic department to remain in the Temple.

The removal of all other classes in

Fine Arts from the Temple will provide for the growth of the Dramatic department.

PUBLISH RESULTS SUNDAY

General plans for Morrill Hall, new University building to be erected on the corner of 14th and U streets, have been approved by the Board of Regents, and architects are now at work on the detailed plans for construction. It is planned to have the new building ready for occupancy by next fall.

Morrill Hall, named in honor of Mr. Charles Henry Morrill, is the first building to be erected on the city campus of the appropriation made by the last legislature. It will be used to house the geological museum and to be the new home of the School of Fine Arts.

"It is my belief that with the funds at our disposal, after caring for the imperative needs at Omaha, the Agricultural College, and Curtis, no more useful building than Morrill Hall could be erected to help in some measure the general congestion on the city campus," announced Chancellor Avery in the September issue of The Nebraska Alumnus.
