

MANY STADIUM PLEDGES ARE NOT PAID UP

Headquarters in Temple Keep Busy in Effort to Collect Delinquent Accounts

SEND OUT STATEMENTS

Collection Campaign Will Continue Until Latter Part of November—Pay by Cash or Check

Seven hundred Nebraska students still owe their last payment on the Stadium pledges which were due last Saturday, October 24. This payment will complete the pledges made in the fall of 1923.

The Stadium headquarters in the Temple are going to collect these delinquent pledges during the rest of October and November. Statements have been sent out for this purpose. Money may be paid either by sending a check to the Stadium headquarters, or by paying cash at the office.

All pledges made in the spring of 1923 have been collected, and part of the latter payments have been also made. Many of the students signing the contracts have left school, leaving a small number to be collected from those enrolled in the University.

In order to clear this matter up by the last of November it will be necessary for every student who still owes a pledge to make arrangements for paying as soon as possible.

PREPARE FOR SOONER GAME

Huskies Practice on Show Covered Field—Reserves Get Stiff Drill

MORE PASSING STRESSED

Practice on snow-covered ground yesterday gave the Husker football team another new experience with the weather. If an earthquake or a hailstorm should come along the Huskers would be accustomed to just about all kinds of weather.

Coach E. E. Beary continued his stiff drill for the second string, while the regulars went through the regular routine. Yesterday the seconds took a great deal of time in perfecting a passing attack.

It is probable that a number of second string men will get into the game with Oklahoma Saturday. Although the Sooner game is not looked upon as a snap several of the reserves have developed until they seemed capable of filling a place on the regular team.

The Oklahoma team will leave Norman today and will arrive in Lincoln some time Friday morning. Down in Oklahoma they are preparing for a stiff contest, and nothing is conceded.

KANSAS GETS IN SHAPE FOR DRAKE

Advance Dope Favors Iowa Team To Win in Annual Battle With Jayhawkers

LAWRENCE, Kan., Oct. 28.—Preparations for the last half of its schedule, marks the practice of the football squad of the University of Kansas for the coming contest with the Drake team of Des Moines, here, Saturday, October 31. The Jayhawkers hope to be able to begin a winning streak which will cause the season's record to appear favorable.

Dope, if based upon the history of football between the two schools, would tend to favor the Kansas team, for of the twelve contests which have been played, the Crimson and Blue has won eight, tied one, and lost three. The Jayhawkers have scored a total of 157 points, to their opponent's 84.

However, if one is to dope the present contest either on the season's performance or on the record for the last five years, Drake's prospects are brighter. Drake has won two of her three victories and gained the only tie during the last five years.

This season's record, too, favors Drake. Kansas and Drake have now played the same number of games. The Bulldog has won three and lost one; the Jayhawkers have won one and lost three. Drake has scored thirty-two points to her opponent's thirteen; the Crimson and Blue twenty to her opponent's fifty-one.

Alumnus Has Seen Every Nebraska Football Game For Twenty Years

Doctor Everett

He hasn't missed a Nebraska football game for twenty years.

That's the record of Oliver W. Everett, Nebraska alumnus and the team physician, which stands as one of the most remarkable examples of interest in the football team of Nebraska.

As an alumnus—he was in the class of '04. Dr. Everett has been active since he left the University. As a doctor he is the official team physician and practices at the Lincoln Sanitarium. And as a football fan, "Doc" stands alone as the great example of the well-known dyed-in-the-wool follower of the gridiron sport.

Dr. Everett's close connection with the team of Nebraska has led him to follow them on every trip, as well as to view each home game.

When the Huskers journeyed to the east and came back with scalps of Pitts and Rutgers, Dr. Everett was along with the team; when a Nebraska eleven lost to Washington on the coast, Dr. Everett was with it.

The alumnus has seen Nebraska win over formidable teams, and during twenty years of constant watching, has seen a good deal of football—football of every brand.

Complete Plans For Freshmen Stag Party

Plans for the freshman "Stag" party which will be held Friday night at 8:30 o'clock in the Temple Theater were completed at a meeting of the Freshman Council last week. This is the first of a series of social functions which the Council is arranging for the year.

The Council requests that every freshman man who can possibly do so attend because a big time is planned.

NAME PLEDGES TO PERSHING RIFLES

Thirty-six Men in Basic R. O. T. C. Course Are Chosen After Two Try-outs

Thirty-six men, all in the basic course of the University R. O. T. C. unit, were voted into Pershing Rifles last night. The men will remain pledges until the formal initiation which will be held sometime soon. The men were elected from two try-outs, held a week apart. The new pledges:

Charles Dox, George Hrdlicka, Bob Eddy, Dana Eastman, Allan Reiff, William Thomas, Al Williams, John Scharp, John McKnight, E. F. Hauser, Ivan Harrison, James Cox, Glen Davis, Paul Bolen, George Gesman, Bob House, Don Samuelson, Addison Davis, J. B. Campbell, Paul Mitchell, John Trout, Don Avels-worth, George Gillespie, Neiland Van Arsdale, Russel Doty, L. N. Turner, Don Feaster, Ramsey Chapman, Don Kelly, Flo Trivelly, LeRoy Zust, Don Harding, Camille Horacek, Vern Lainge, Harold Oehlerking, and John Hedges.

Captain Stauffer asked that the pledges report at a meeting to be held next Wednesday night at 7 o'clock in Law 202.

PLACE LUNCHEON TICKETS ON SALE

Plans Are Completed and Sororities Will Close Tables to Allow Members to Attend

Tickets for the Girl's Cornhusker luncheon next Saturday are on sale until tomorrow noon, and can be secured from any member of the Tassel's, at the booths in Social Science or the Library for seventy-five cents.

Most of the plans are completed by now and all are working toward making this the most successful luncheon Nebraska has ever seen. Marguerite Forsell requested that the sororities co-operate with the A. W. S. board and close their tables Saturday noon so all the girls will be at the luncheon. It is one of the few times when all the women students are given a chance to get together and have a good time among themselves.

The luncheon will start promptly at 11:30 in order that everyone can get from the Scottish Rite Temple to the stadium in time to see the kick-off at the football game.

Examine Schools in York Superintendent of Public Instruction, John M. Matzen, and Prof. A. A. Reed, University Examiner, spent Tuesday in York making arrangements for the accrediting of public schools to the University of Nebraska, and working on other educational matters.

Weather Forecast Thursday: Increasing cloudiness; not so cold; probably snow.

HUSKERS HEAD VALLEY TEAMS

Annual Compilation of All Major Sports Shows Nebraska First

COVERS ENTIRE SEASON

LAWRENCE, Kan., Oct. 28.—On the basis of success in five major college sports, the University of Nebraska was the most successful of the Missouri Valley Conference schools in the school year 1924-25. Missouri was second and Oklahoma third. In five minor sports, Kansas lead, followed by Oklahoma and Iowa State (Ames).

Comparisons of season's records were made this year for the second time by Dr. C. F. Allen, director of athletics at the University of Kansas. Scores are reached by assigning to each school points in accordance with the place it held in the ranking of schools for each sport and adding the figures for each school. Only those sports were used in which there was some means of arriving at a Valley championship, either through competition on a Valley schedule or thru a Valley schedule. Where teams do not compete for a school, that school was given a position below those who do compete.

Pentathlon scoring for the major sports:

	Foot-ball	Basket-ball	Base-ball	Out-door track	In-door track	Total
Neb.	2 1/2	2	2	1	2	9 1/2
Mis.	2 1/2	4	3	1	1	11 1/2
Okl.	6	5	1	5 1/2	3	20 1/2
Kan.	6	7	7	4	7	27 1/2
K. S. A. C.	3 1/2	3	4	7	7	25 1/2
Grinnell	4	7 1/2	8 1/2	5 1/2	4	29 1/2
Wash.	9	5 1/2	5	7	8	34 1/2
Ia. State	5	9	6	9	6	35 1/2
Drake	3 1/2	7 1/2	8 1/2	8	9	36 1/2

NOTE—Drake and Grinnell did not have baseball teams. A similar table for wrestling, aquatics, cross country, golf and tennis gives the following totals: Kansas 16 1/2; Oklahoma 20; Iowa State 21; Washington 23; Missouri 24; Drake 27 1/2; Kansas A. C. 28; Nebraska 31 1/2; Grinnell, 27 1/2.

Combining the scores for the major and minor sports gives the following results: Kansas, 38 1/2; Missouri, 39; Oklahoma 40 1/2; Nebraska 41 1/2; K. S. A. C. 53 1/2; Washington, 55 1/2; Iowa State, 56; Drake, 62 1/2; Grinnell 67 1/2.

SELL AG COLLEGE CATTLE IN OMAHA

Stock Had Been on Experimental Short-feeding Trial and Returned Fair Profit

The Animal Husbandry Department marketed three carloads of experimental cattle in Omaha yesterday and received a fair profit from them, according to Prof. H. J. Gramlich, who was in Omaha to see the cattle sell.

These cattle were fed in a short-feeding trial, the first experiment of this kind to be conducted at the Nebraska Experiment Station. All lots were fed practical rations used by Nebraska feeders. There were three lots of heavy steers and one lot of twelve light heifers.

One lot was fed shelled corn and alfalfa, sold for \$10.50 per hundred—returning a profit of \$11.15 a head. A second lot, fed the same ration with the addition of linseed meal sold for \$10.60 per hundred pounds and returned a profit of \$6.19 per head. The third lot of steers, fed ground ear corn and alfalfa hay, sold for \$10.85 per hundred pounds and realized a profit of \$15.18 per head. The heifers were fed ground ear corn and alfalfa hay. They sold for \$7.50 per hundred and returned a profit of \$3.67 per head.

The results of this experiment were quite satisfactory, Professor Gramlich stated at the Fall Feeder's meeting held last Friday. The cattle are being marketed now to make more room for other experiments to be conducted this winter.

STUDENTS HEAR DISCUSSION ON EUROPEAN ART

Professor Grumann Tells World Forum Group of Foreign Trip

PRAISES PORTRAIT WORK

Explains That Nation Will Get The Type of Art for Which It Is Willing to Pay

More than two hundred students attended the World Forum luncheon at the Grand hotel Wednesday noon. Professor Paul H. Grumann of the School of Fine Arts speaking on "Impressions of European Art" told of art as he saw it in Europe and of the many art museums scattered in the northern European capitals.

"A nation will get that type of art for which it is willing to pay," declared Professor Grumann in speaking of the fact that the English are the greatest portrait painters in the world, and of the National Portrait Gallery which he characterized as both extremely interesting and extremely uninteresting. The English are less interested in land-

Professor Grumann

scape painting than Americans but the speaker explained this with the fact that "we have our wonderful outdoors."

British Lead in Portraits Because they have painted some remarkable personalities, Professor Grumann said, the English are one step ahead of America in this respect.

English landscape work is exemplified in the splendid gardens that begin with the Buckingham Palace which can be seen from the monument of Lord Nelson. This monument is the most important spot in the world, asserted the speaker. It is the place at which the six important streets of London focus together, and on which one can see the Bank of England, the Westminster Abbey, and Buckingham Palace.

Professor Grumann described Paris as "a totally different world." Without the talent for landscape work that the English possess, their parks are too conventional, but it is the boulevard system that gives the capital its character, together with its triumphal arches that lend it a distinctly military atmosphere.

The Louvre, built at the time of Louis XIV, the speaker said, has too much decoration for the American. It is typical of the gorgeous taste which is the dominant tone in all French architecture. The Luxembourg museum has the best collection of modern art in Paris.

American Art Has Arrived "American art has arrived. It compares favorably with that of any other country" asserted Professor Grumann as he explained that the American room in the annex of this museum which is devoted to paintings of various countries, was the best.

The speaker told of the collection at Munich and of the Glass Palace where 2500 paintings are exhibited annually.

Xi Delta Will Run Bruce's Shop Friday

Xi Delta, sophomore women's honorary organization, will be in charge of the serving at Bruce's, corner of Fourteenth and O, all day Friday. Special musical entertainment will be featured during meal hours and in the evening. Alice Leslie is general chairman. Henrietta Dierks is in charge during the morning, Vera Coups in the afternoon and Caroline Buck in the evening. Chairmen of the other committees are; Kate Goldstein, advertising; Edith Sadler, music; and Henrietta Dierks, invitations.

University Students Shiver In Record Breaking Cold of October

A cold wave, starting in the west and striking Lincoln Tuesday, continued throughout Wednesday. The thermometer registered 10 degrees above zero between six and seven o'clock Wednesday morning. This is the coldest weather that Nebraska has ever experienced in October. 23 degrees above zero was the highest temperature registered during Wednesday, but the report for today indicates warmer weather.

October, 1924, had no freezing temperatures. On the 28 of October the lowest temperature was 43 degrees above zero, the highest was 71 degrees above. In previous years 15 degrees above was the coldest record for October. This happened on three different occasions, on Oct-

ober, 21, 1885, October 29, 1887, and October 29, 1913. The cold wave extended over the Missouri Valley and the great plains region, and will probably extend eastward but the cold will not be so pronounced. Thomas A. Blair, meteorologist of the government weather bureau at the University of Nebraska stated that the freezing temperatures were recorded as far south as central Texas. The weather bureau at Omaha reported the coldest at 8 degrees above zero. Valentine had the coldest weather in Nebraska, 4 degrees below zero was reported from that station.

The weather report for tonight and tomorrow is not so cold.

FRESHMEN WILL HOLD BARBECUE

Annual Event Is to be Held Wednesday Evening on The Drill Field

COACH BEARG TO SPEAK

The annual Freshman Barbecue, sponsored by the Iron Sphinx, sophomore men's honorary society will be held on the drill field at 6:30 p. m., Wednesday, November 4. A big bonfire will be built and bleachers erected.

Coach E. E. Beary, Captain Ed Weir, Coach H. F. Schulte, Dean C. C. Engberg, Dr. C. E. Condra and Robert Lang, president of the Innocents, will be the speakers on the program. Ray Randels, president of the Iron Sphinx, will act as toastmaster. McGrew Harris is the chairman of the Iron Sphinx committee in charge of the barbecue.

The Freshman Barbecue is held for the purpose of arousing the freshman spirit and promoting action of the first year men, in preparation for the Olympic contest with the sophomores to be held November 23. The cheers at the barbecue will be led by freshman cheerleaders.

The Freshman Barbecue has always been attended by a representative number of first year classes. Two hundred freshmen attended last year.

Tickets are fifty cents and are now being sold on the campus by all members of the Iron Sphinx.

Oxford Team Has Unsuccessful Tour

The Oxford debating team, in its current tour of eastern colleges in the United States, has lost five of eight debates. The Oxonians received their last defeat from Wellesley by a score of 603 to 401 on the question "Resolved, that the growth and activities of the socialistic movement are detrimental to social progress." Wellesley had the negative.

This question was the same as at the Harvard-Oxford debate last week at which the Englishmen, upholding the affirmative, were beaten 837 to 691. The Oxonians have also lost to Colgate, Hamilton and Bates. They have defeated Cornell, Williams and Dartmouth.

Oxford will oppose Yale at New Haven Friday night. The only other New England debate remaining on the invaders' schedule will be against Smith at Northampton, November 11.

University Women Sign Up For Work In Americanization Classes

Twenty-two University women has signed up for cadet work in the Americanization classes and there are vacancies for about seventy-five other workers. Cadets are needed to work on either Monday, Tuesday or Wednesday evenings from 7 to 9 o'clock in the various classes held under the auspices of the public school supervisors at school buildings over the city. W. W. Curfman is in general charge of the night school classes of which the Americanization classes are a special division.

For the past six years the University Y. W. C. A. has supplied cadets for the classes. Each cadet has a group of four or five foreigners with whom she works under the direction of a supervisor from the public school of the city. The classes include work in English, speaking and writing. Rose Faytinker is chairman of the University volunteer workers. The classes began on Monday but it is not too late for a girl to sign up for the work. Anyone interested should see Miss Erma Appleby at Ellen Smith Hall.

Any upper class women are eligible to work. No former teaching experience is required. The women who have signed up for Bancroft school at Fourteenth and Vine include: Martha Campbell and Virginia Larson, Monday evening; Vera

Applicants For Work Should Leave Address

When students signed the application cards for employment the first of this semester at the University Y. M. C. A. office in the Temple, many failed to give their addresses, telephone numbers, and hours free to work. All those still wishing work should give this information to William Trumbull, employment secretary, in the University Y. M. C. A. office.

A number of positions are available at the present time, but the office has no way of tracing the students who signed cards wishing employment.

SECOND NUMERAL MEET IS TODAY

On Account of Cold Weather Most Of Events Will be Run Off On Indoor Track

The extreme cold weather of the past few days has forced the second numeral track meet on to the indoor track under the east stands of the stadium. The meet today will be held in the same order and at the same time as the meet last week except for a few changes in the distances of some of the events, Coach Schulte stated. The first race will start at 4 o'clock and follows the schedule published Tuesday.

On account of the indoor accommodations the 100-yard dash will be cut to a 50-yard dash, and the high and low hurdle races reduced to fifty or sixty yards each. The 220-yard dash will be eliminated. The discus throw and javelin throw will both be held out of doors.

The indoor running track is six and a fraction laps to the mile. With cold weather out of doors the temperature is heated to about fifty degrees. Coach Schulte put the track men at work yesterday with rakes, shovels and hoes, getting the track in shape for the meet.

More men are expected out for the meet today and time should be better than last week considering the fact that the track and the temperature are always ideal for the runners. The same numeral ratings will be used for scoring points as were used last week and the indoor ratings will hold good for the indoor events in the sprints and hurdles.

Men who cannot come out at the time their events are called may run later in the afternoon, except in the field events. The meet will be handled by the Varsity men under the supervision of Schulte.

PLAYERS WILL TALK AT RALLY FRIDAY NIGHT

Four or Five Members of Cornhusker Eleven to Address Students

BAND WILL BE PRESENT

Coach Beary Emphasizes Value of Attending Pep Meeting as Aid to Team

A short rally will be held Friday evening at 7 o'clock in the Armory in preparation for the Nebraska-Oklahoma contest on Saturday. It will start promptly to enable the students to leave by 7:30. A capacity crowd is expected.

Four or five of the Cornhusker eleven, including Captain Ed Weir, will be on hand to say a few words. Leo Scherer, one of Nebraska's greatest ends, now on the coaching staff, will help stir up enthusiasm. A complete list of events will be announced Friday.

"It is the duty of every Cornhusker to be at the rally Friday night" was the comment of Robert Lang, the president of the Innocents in charge of the rally. "These football men are going to be there to speak and it is not right to ask them to talk before a small audience."

Coach Beary has asked Nebraska students to turn out for these rallies. "Let us all attend and give Nebraska football the support it deserves."

Some of the members of the Oklahoma team and coaching staff will be introduced to the crowd and will speak. The University band and the Varsity cheerleaders will have charge of the songs and yells.

It was Oklahoma that unexpectedly beat Nebraska out of the Missouri Valley championship last fall, and everything must be done to turn the tables this year. The Sooners have had a successful season so far.

Tags will appear on cars Friday morning bearing a large "O" with "hello" written in the center. The bonfire planned for this rally has been discarded because of the weather conditions.

NOTRE DAME HAS POWERFUL TEAM

Nebraska's Turkey Day Opponent Shows Strength by Defeating Minnesota Eleven

LINCOLN, Neb., Oct. 28.—(Special.)—Notre Dame, the Thanksgiving Day opponents of the Nebraska Cornhuskers, displayed the strength which marked them as one of the leading teams of the season during the early games this fall when they trimmed the Minnesota eleven last Saturday, 19 to 7.

Minnesota, this year, has one of the strongest teams in the Big Ten conference, and Notre Dame's victory over the Gophers marks the Rockne men as a dangerous opponent of the Cornhuskers when Notre Dame comes to Lincoln for the final game of the season.

Illinois, the team which Nebraska defeated in the first game of the season causing one of the biggest surprises of the year in football circles, went down to their third defeat of the year when Michigan won a 3 to 0 victory. Illinois had lost to Nebraska and Iowa previously, and had defeated Butler by a narrow margin. All of which goes to show that an exceptionally good backfield man such as Grange is helpless unless he has a line before him and a backfield which can give him interference.

The University of Washington of Seattle romped on Whitman, 62 to 0, sustaining the Huskies reputation as being one of the fastest scoring aggregations in the country. The Huskies, in five games have scored 290 points, lacking but ten points of being a point a minute for each football battle. Nebraska held the Huskies to a 6 to 6 tie and takes rank as the only team which has crossed the Husky goal line.

TO GIVE FRENCH PROGRAM

Novel Entertainment Will be Put on Saturday Evening at 7:30

A French program will be given Saturday evening at 7:30 in Faculty Hall.

"L'Anglais tel qu'on le parle" by Tristan Bernard will be offered by the following cast: Betty Laura Berek La Caisiere Mariana Cumings Eugene, Interpreter George Towne Julien Cicandel Don C. Mattison Un Inspecteur George Souney Un Garcon Straight A. Townsend Hogsou A. H. Jensen

All interested in French are cordially invited.
