Freshmen at McGill University, Montreal, Canada, must walk on the roads of the campus. On no occasion may they use the sidewalk.

The University of Minnesota has a faculty of 1250 members. This is the largest faculty in any American college.

A stream of oil has been discovered beneath the campus of the University of Texas. The money derived from this source will form a permanent endowment for the institution.—Gold and Black.

A fraternity on the campus of the Oregon Agricultural College has installed a home laundry outfit for the use of the members. It is expected that a great savings will be realized from the investment.—Kansan.

There is nothing the home folks will appreciate more than a really good photograph of yourself. A glimpse into Townsend's display windows on South Eleventh street will demonstrate the superiority of their portraiture. Here "you will always find familiar faces."

"That's a clean, neat, intelligent piece of work"

THE professor continues, "Perhaps other papers were equally intelligent, but their merit was obscured by illegible penmanship. If everybody would learn to use a portable typewriter, it would save your time and mine and relieve me from the drudgery of reading longhand."

Neat, legible, typewritten manuscript keeps the "profs" in perfect "reading humor." And perfect "reading humor" tends to mean better marks. Then too, a writing machine for your personal use is helpful in compiling your notes, and in writing those letters home.

The New Remington Portable is preferred by students because it is the lightest, smallest, and most compact of all standard keyboard portables.

We will gladly show you this machine and explain our easy payment plan.

Price, complete with case, \$60

Keeps Your Hair Neat—Rich-looking and Orderly

If your hair lacks natural gloss and lustre, or is difficult to keep in place, it is very easy to give it that rich, glossy, refined and orderly appearance, so essential to well-groomed men.

Just rub a little Glostora through your hair once or twice a week, or after shampooing, and your hair will then stay, each day, just as you comb it.

Glostora softens the hair and makes it pliable. Then, even stubborn hair will stay in place of its own accord.

It gives your hair that natural, rich, well-groomed effect, instead of leaving it stiff and artificial looking as waxy pastes and creams do. Glostora also keeps the scalp soft, and the hair healthy by restoring the natural oils from which the hair derives its health, life, gloss and lustre.

Try it! See how easy it is to keep your hair combed any style you like, whether brushed lightly or combed down flat.

If you want your hair to lie down particularly smooth and tight, after applying Glostora, simply moisten your hair with water before brushing it.

A large bottle of Glostora costs but a trifle at any drug store.

Glostora
