HARRIERS WIN BY ONE POINT

Husker Team Takes Victory in Race with Sooners on Home Course

MUD CAUSES SLOW TIME

Winning by a one point margin, the Huskers increased their string of victories to three and the Oklahoma harriers received their first defeat of the season Saturday on the home course. The two Oklahoma stars, Captain Rutherford and Niblick, winning first and second easily as they have for the past two races, were unable to offset the poor showing of their other runners. While the Husker team composed of six good men finished in a bunch as usual, and won. The course was very muddy and the time, 27 minutes 41 seconds, was slower than it would have been otherwise. The score stood 27-28 when the final count was taken.

Immediately after leaving the stadium, the two Sooner harriers took the lead and were never headed. Lawson and Zimmerman followed close on their heels for the first two miles but were outdistanced on the home stretch. Lawson who has been running first for the Huskers in past races had his off day, yesterday. He may not be in condition for the meet with Drake next week. Captain Lewis has not as yet hit his stride, but ran a game race.

Departmental Talks Will be Broadcast

Departmental addresses to be broadcast this week from the University radio studio operated in connection with station KFAB (340.7) follow: Monday, 3 p. m.—"John Galsworthy" (sixth lecture of series on contemporary novelists), Rose B. Wilcox, department of English; on Tuesday, 3 p. m.—"The Place of Political Parties in Government," Prof. L. E. Aylesworth, department of political science; Wednesday, 3 p. m.—"The Hardened Social Worker and the Worthy Poor" Anna M. Cameron, extension instructor in sociology; Friday, 3 p. m.—"Aida," (seventh lecture of series on grand opera), by Prof. Paul H. Grumann, director of School of Fine Arts; Friday, 8:05 p. m.—"Credit and Banking" (seventh lecture of series on economics), Dean J. E. LeRossignol, College of Business Administration.

To Open New Studio On Campus Monday

A third sound-proof radio studio for use in broadcasting University programs will be opened Monday, November 1, in Agricultural hall on the College of Agriculture campus. It will be connected by remote control with the main studio in the Administration building on the city campus which is used in broadcasting over the Nebraska Buick station KFAB (340.8). A sound-proof studio in the press box of the stadium is also connected with the main studio and is used in broadcasting reports of University football games.

Townsend's Studio is offering a number of new and attractive effects in photography that will appeal to Cornhuskers for holiday use. Sit today.

HARRIERS WIN BY ONE POINT

Husker Team Takes Victory in Race with Sooners on Home Course

MUD CAUSES SLOW TIME

Winning by a one point margin, the Huskers increased their string of victories to three and the Oklahoma harriers received their first defeat of the season Saturday on the home course. The two Oklahoma stars, Captain Rutherford and Niblick, winning first and second easily as they have for the past two races, were unable to offset the poor showing of their other runners. While the Husker team composed of six good men finished in a bunch as usual, and won. The course was very muddy and the time, 27 minutes 41 seconds, was slower than it would have been otherwise. The score stood 27-28 when the final count was taken.

Immediately after leaving the stadium, the two Sooner harriers took the lead and were never headed. Lawson and Zimmerman followed close on their heels for the first two miles but were outdistanced on the home stretch. Lawson who has been running first for the Huskers in past races had his off day, yesterday. He may not be in condition for the meet with Drake next week. Captain Lewis has not as yet hit his stride, but ran a game race.

Following the Oklahoma leaders 200-yards was Zimmerman, the first Husker harrier, and fifty yards behind him came Hays and Reller, who placed fourth and fifth easily. Heald, the Sooner man came up from the rear with a determined sprint but had to be content with sixth place. Searle and Captain Lewis were the next two men across followed by Stephens and Cornelison of Oklahoma. Reller, a new man this year has been coming up better in every race, being the third Husker to finish Saturday. Though Nebraska only won by a one point margin, the score would have been better if Lawson had been in condition.

The results of the race Saturday show clearly that the Missouri Valley meet will be between Nebraska, Kansas Aggies and Ames. Oklahoma with only two individual stars cannot hope to win. There will be plenty of competition for these two harriers in Kimpert, Kansas Aggie star, and Conger, the Iowa State speed merchant. Nebraska with a well balanced team has a fighting chance against these other schools. Next Saturday the Scarlet and Cream runners have a scheduled race with Drake at Des Moines. Ames has requested that the meet be made a triangular affair but no decision has yet been reached. The race will end between halves of the Husker Bulldog game in the Drake stadium.

Will Exhibit Art Work Of Syracuse Students

An exhibit of art work from Syracuse University will be hung in the University art gallery during November. It is composed of work done by students in the School of Fine Art of Syracuse University, and includes samples of all different types of art, including charcoal, oil, still-life, and life, work in design, china, and studies in composition and anatomy. This will be the first of a series of art exhibits to be held at the University this winter.

CHEMISTRY SOCIETY WILL AWARD PRIZES

(Continued from Page One.)

ed, teachers may be able to arrange visits of inspection and much valuable data may be secured from such sources. Essays must be the original work of the contestants, otherwise no restrictions will be placed upon participants. Essays may be written either at home, in spare time, or as part of the school work.

Subjects for Discussion
The topics from which contestants in both the high and secondary school contest and the university and college contest must select for their essays are:

1. The Relation of Chemistry to Health and Disease.
2. The Relation of Chemistry to the Enrichment of Life.
3. The Relation of Chemistry to Agriculture or Forestry.
4. The Relation of Chemistry to National Defense.
5. The Relation of Chemistry to the Home.
6. The Relation of Chemistry to the Development of an Industry or a Resource of the United States.

New York Expert is Visitor at Museum

Dr. W. D. Mather, curator of vertebrate palaeontology in the American Museum of Natural History, of New York City, spent Monday on the University campus visiting with Prof. E. H. Barbour, of the department of geology and examining the specimens in the collections of Charles H. Morrill and Hector Maiben in the University Museum. He expressed enthusiastic approval of the work that has been done for science by these men.

Will Broadcast Talks By Agriculturalists

Agricultural addresses to be broadcast this week from the University studio over station KFAB (340.8) follow: Monday, 10:30 a. m.—"Kitchen Mottos That Help," Miss Muriel Smith, state extension agent in home management; Tuesday 10:30 a. m.—"Turkey Raising in Nebraska" by Prof. F. E. Mussehl, department of poultry husbandry; Wednesday, 10:30 a. m.—"The Right Lamps Bring Cheer into the Dining Room," Miss Edna Benson, department of home economics; Friday, 10:30 a. m.—"The Picture on the Wall," Miss Edna Benson, department of home Economics; Monday, 8:05 p. m.—"Taxation of Nebraska Farmers," by Prof. J. O. Rankin, department of rural economics; "Protecting Fruit Trees from Rodents," F. M. Cee, department of horticulture; Wednesday, 8:05 p. m.—"The Present Cinch Bug Situation and What Can Be Done About It," Prof. M. H. Swenk, department of entomology; "Baby Beef Production," Prof. H. J. Gramlich, department of animal husbandry.

The Woman's Athletic association of the University of Wisconsin held a fashion show recently to raise funds for the constructing its lakeside cottage.

Show Apple Industry In Motion Pictures

Moving pictures illustrating the apple industry in Nebraska have been taken by the Conservation and Soil Survey division of the University. Views of the orchards in southeastern Nebraska and of various stages in the canning process are included. The film will soon be available for exhibition upon request to the Conservation and Soil Survey division.

Requests Received For Condra Booklet

Requests for copies of the booklet entitled "Nebraska Beautiful" which was published last winter by Dr. G. E. Condra, director of the Conservation and Soil Survey division, have been received from city and college libraries in nearly every state and several foreign countries. Requests were received on a single day from libraries in Florida, Virginia, California, and Washington.
